This addendum is to address late question submissions for 2023-056.

Q) To ensure easy comparison, can the County provide the format for the budget?

A) For the purposes of bidding plant quantities should be estimated at 1-ft spacing for 1-gallon sizes and below for zone 1 and 2 areas. There are no zone 3 plantings (therefore no 5-gallon plants).

Q) Due to the Holidays, would the County consider a two-week extension to January 17th?

A) Yes, the above referenced RFP shall now close on January 17, 2023.
