REQUEST FOR QUALIFICATIONS

NOTICE TO CONSULTANTS FOR PROFESSIONAL SERVICES IN UPDATING THE PARKS/RECREATION DEPARTMENT OPEN SPACE PLAN (PROS)

1.0 OBJECTIVE

The Kitsap County Department of Parks and Recreation is soliciting Statements of Qualifications (SOQ) from qualified consultants to aid Staff in conducting a required update to the County's Parks, Recreation and Open Space Plan (PROS). The previous update was completed in 2018 and the update is due and must be approved by the Recreation and Conservation Office (RCO) in March of 2024. A draft scope of work for this project has been included as an Exhibit (A), as part of this RFQ.

Responsive bidders on this project will be licensed onsite environmental assessment professionals, specially focused on environmental assessments on current and future properties owned/acquired by the Kitsap County Parks and Recreation Department.

The Kitsap County Department of Parks and Recreation anticipates selecting a consultant that has demonstrated experience and expertise in the areas identified above.

Qualified consultants must be able to demonstrate capacity to aid with these types of projects and needs as they develop and are brought forward.

2.0 BACKGROUND AND AGENCY NEEDS

Kitsap County Parks and Recreation recently hired a full-time Planner and Capital Improvement Planner in order to plan for the future, better organize and manage Parks and Recreation related projects. Kitsap County has seen a significant bump in the amount (Over 10,000 acres) of lands acquired by the County in the past 10-15 years through the hard work and determination of community interests, Staff and others in acquiring these lands. This update to Kitsap County's PROS Plan will help guide the Department, as the recent pandemic has had a significant impact on the Department and there is a tremendous backlog of both projects and planning services as it pertains to the Kitsap County Parks System.

3.0 SCOPE OF WORK

The Kitsap County Parks and Recreation Department will receive, evaluate, and select the most qualified responsive bidder from the pool of candidates that submit complete Statements of Qualifications (SOQ). The selected consultant will then work with Kitsap County Staff in order to finalize the scope of work and develop a budget for each provided service. When service needs arise during the term of the contract, the County's designated project manager shall work with the consultant in developing specific tasks for the desired services, with timelines and submittal dates established, along with estimated costs for each of these services. A simple email exchange with the consultant's representative and Kitsap County's assigned project manager shall suffice as a notice to proceed

with the outlined work and estimated costs for the completion of each task assigned to the selected consultant. Kitsap County's standard Professional Services Agreement (Exhibit C), including additional provisions based on state and federal funding requirements, will serve as the master contract for all professional services.

The Kitsap County Parks and Recreation Department will enter into an agreement with the consultant that best demonstrates the experience and ability to perform services that include but are not limited to:

Tentative Scope of Work

Element 1: Goals and Objectives - The plan must support the applicant's habitat conservation or park mission, including the current project, with broad statements of intent, or goals. Goals are aspirational and describe desired outcomes. An example is to "make athletic fields more accessible" or to "provide Chinook Salmon habitat." (Kitsap County Parks Staff will provide, with feedback from the selected consultant.)

Element 2: Inventory - The plan must include an inventory or planning area description, which is a description of the service area facilities, lands, programs, and their conditions. It also may include local, state, federal, and private facilities, and extend beyond the applicant's service area. (Kitsap County Parks Staff will provide at the start of the PROS update process.)

Element 3: Public Involvement - Public involvement or engagement is the most important and often most time-consuming element of the planning process. It includes identifying who will be affected by the decision, how and when to engage them, and how to incorporate public input in the final product. Public involvement shall include the required/suggested elements as provided for in the guidance offered/required by the Recreation and Conservation Office. (Consultant to develop public engagement strategy and implement the public involvement plan in collaboration with Kitsap County Parks Staff.)

Element 4: Demand and Need Analysis - The demand and need analysis takes the inventory work and public involvement and balances it with public demand and the organization's capacity. The analysis may indicate that the current inventory is sufficient if improvements are made or that a significant expansion of sites and facilities is warranted. If the demands cannot be met with current resources, the plan should include a way to increase resources. Discuss both the community's and organization's priorities. Explain how the decision to acquire land, develop, preserve, enhance, restore, or manage was made. For example, what options were considered, which were rejected, and what are their advantages and disadvantages. Ultimately, the questions to be answered are "specifically, what does the community want" and "how do we know this to be true." Below are the relevant areas that Kitsap County believes the consultant should focus on in developing the Demand and Needs Analysis in developing element #5 below (Consultant to develop the Demand and Needs Analysis, based on public engagement feedback and as an independent evaluation of Kitsap County's Park inventory/needs.):

1. Park classification update.
2. Trail classification adoption (reference Port Gamble Forest Heritage Park framework).
3. Land use classification adoption (reference Port Gamble Forest Heritage Park framework).

4. Identify parks/land suitable for divestiture.
5. Identify underserved geographic areas in County for future growth.
6. Identify lacking facilities/amenities to meet needs of community, examples include:
 - a. ADA/All-abilities playgrounds, trails, buildings
 - b. Inclusion/equitable access to parks and facilities
 - c. Low income/underserved populations
 - d. Athletic fields, event venues
 - e. Etc.
7. Developing a Level of Service for both capital investments and maintenance of current and future resources.
8. Maintenance staffing and resources needs and cost, based on agreed upon level of service (to be flushed out and developed during the PROS Plan update process). Utilize both State and Federal maintenance standards as reference points in developing maintenance service levels for Kitsap County Parks.

Element 5: Capital Improvement/Funding Program - Include a capital improvement program (capital facility plan) of at least 6 years that lists land acquisition, development, renovation, and restoration projects. The capital improvement program should include the list of projects in ranked order of preference, the year of anticipated implementation, and the plan for financing the projects. (Kitsap Staff will aide with development of this element, with help by the County's chosen consultant, based on their expertise on the project types selected and how it aligns with both public input and the results of the Demand/Needs Analysis. The consultant shall also aide Kitsap County Parks Staff with funding mechanisms, options for funding based on designated County funds and other known financial resources.)

The areas below have relevance to Kitsap County and shall be evaluated as part of the PROS Plan development:

1. Capital improvement needs and cost.
2. Identify funding opportunities.
3. (POTENTIAL ADD-ON, IF WARRANTED) Investigate how to implement a Metro Parks District (MPD), if warranted. Areas of investigation include:
 - a. MPD boundary options
 - b. MPD's overlapping multiple jurisdictions
 - c. Governance options

Element 6: Adoption - Include a resolution, ordinance, or other adoption instrument showing formal approval of the plan and planning process by the governing entity. The level of governing entity approval must be equivalent to the plan's scope. Thus, a city or countywide plan must be approved at the council or commission level. (Kitsap Staff will draft and lead the process for both the Parks Advisory Board (Recommendation), adoption by the Kitsap County Board of Commissioners (Ordinance) and non-project SEPA determination.)

- 4.2. Termination for Default. The County may immediately terminate the Contract, in whole or part, due to the failure of the Contractor to comply with any Contract term or condition, or to make satisfactory progress in performing the Contract, subject to the provisions of 11.1, or if the County determines the Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity. The Contractor shall immediately notify the County if the Contractor becomes suspended or debarred.

All goods, materials, documents, data, and reports prepared by the Contractor under the Contract shall become the property of, and delivered to, the County on demand. A final payment will be made to the Contractor only for Services performed and accepted by the County through the effective date of termination. No costs incurred after the effective date of the termination will be paid.

SECTION 5. INDEMNIFICATION

- 5.1. To the fullest extent permitted by law, the Contractor shall indemnify, defend, and hold harmless Kitsap County and its elected and appointed officials, officers, employees, and agents (collectively "Indemnitees") from and against all Claims resulting from or arising out of the performance of the Contract, whether such Claims arise from the acts, errors, or omissions of the Contractor, its Personnel, third parties, or Kitsap County, or anyone directly or indirectly employed by any of them or anyone for whose acts, errors, or omissions any of them may be liable. It is the specific intent of the parties that the Indemnitees shall, in all instances, except Claims arising from the sole negligence or willful misconduct of the Indemnitees, be indemnified by the Contractor from and against any and all Claims.
- 5.2. With regard to any Claim against any Indemnitee by any of the Contractor's Personnel, or anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, the Contractor's indemnification obligation shall not be limited in any way by a limitation on the amount or type of damages, compensation, or benefits payable by or for the Contractor or Contractor's Personnel under workers compensation acts, disability benefit acts, or other employee benefit acts. Solely for the purposes of this indemnification provision, the Contractor expressly waives its immunity under Title 51 RCW (Industrial Insurance) and acknowledges this waiver was mutually negotiated by the parties.
- 5.3. Architectural, Landscape Architectural, Engineering, or Land Geotechnical Services. Should a court of competent jurisdiction determine the Contract is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Contractor and the County, its officers, officials, employees, and agents, the Contractor's liability hereunder, including the duty and cost to defend, will be only to the extent of the Contractor's negligence.
- 5.4. Claim. "Claim" means all losses, claims, suits, actions, liabilities, damages, demands, judgments, settlements, expenses, fines, or other liabilities of any kind or nature whatsoever, including without limitation, all costs including costs of Claim processing, investigation, reasonable attorneys' fees, and damages, for any personal or bodily injury, sickness, disease, disability, or death, or loss or damage to tangible or intangible business or property, including the loss of use. Claim includes any infringement of copyright, patent, trademark, or other proprietary rights of any third parties arising out of Contract performance or use by the County of materials furnished or work performed under the Contract.

5.5. Obligations/Notice of Claim. The County will provide the Contractor notice of the assertion of liability by a third party that may give rise to a Claim by County against the Contractor based on the indemnity contained herein. The Contractor shall respond to the County's tender of defense of a claim in writing within fourteen (14) calendar days from the notice date and will advise the County if the Contractor accepts or denies tender of the claim. The County may in its discretion withhold all or part of any payment due the Contractor under the Contract until the Contractor responds to such notice. The Contractor shall keep the County timely and fully informed through all stages of the defense and promptly respond to and comply with County's requests for information. The County at all times reserves the right but has no obligation to participate in the defense and settlement of any Claim. Such participation shall not constitute a waiver of the Contractor's indemnity and defense obligations under the Contract. The Contractor shall not settle or compromise any Claim in any manner that imposes any obligations upon the County without the prior written consent of the County. The Contractor shall promptly advise the County of any occurrence or information known to the Contractor that could reasonably result in a Claim against the County. The violation of any provisions of this Section, including improper refusal to accept tender, is a material breach.

SECTION 6. INSURANCE

6.1. Minimum Insurance Required. The Contractor and its subcontractors, if any, shall procure and maintain, until all of the Contract obligations have been fully discharged, including any warranty period, all insurance required in this Section with an insurance company duly licensed in Washington State with an A.M. Best Company ratings of not less than A-VIII and a category rating of not less than "8", with policies and forms satisfactory to the County. Use of alternative insurers requires prior written approval from the County. Coverage limits shall be at minimum the limits identified in this Section, or the limits available under the policies maintained by the Contractor without regard to the Contract, whichever is greater.

6.2. Professional Liability. Not less than \$1,000,000 per claim and \$2,000,000 annual aggregate. Coverage will apply to liability for professional error, act or omission arising out of or in connection with the Contractor's Services under the Contract. The coverage shall not exclude bodily injury, property damage or hazards related to the work rendered as part of the Contract or within the scope of the Contractor's services under the Contract, including testing, monitoring, measuring operations or laboratory analysis where such Services are rendered under the Contract.

6.3. Commercial General Liability ("CGL"). Not less than \$1,000,000 per occurrence and \$2,000,000 annual aggregate. Coverage shall include personal injury, bodily injury, and property damage for premise-operations liability, products/completed operations, personal/advertising injury, contractual liability, independent contractor liability, and stop gap/employer's liability. Coverage shall not exclude or contain sub-limits less than the minimum limits required herein, without the prior written approval of the County. The certificate of insurance for the CGL policy shall expressly cover the indemnification obligations required by the Contract.

6.4. Automobile Liability.

- Contractor shall maintain personal automobile insurance on all vehicles used for Contract purposes as required by law.

- Not less than \$100,000 per occurrence and \$300,000 annual aggregate. If a personal automobile liability policy is used to meet this requirement, it must include a business rider and cover each vehicle to be used in the performance of the Contract. If Contractor will use non-owned vehicles in performance of the Contract, the coverage shall include owned, hired, and non-owned automobiles.
 - Not less than \$1,000,000 per occurrence and \$2,000,000 annual aggregate. Coverage shall include liability for any and all owned, hired, and non-owned vehicles. Coverage may be satisfied with an endorsement to the CGL policy.
- 6.5. Umbrella or Excess Liability. The Contractor may satisfy the minimum liability limits required for the CGL and Automobile Liability under an Umbrella or Excess Liability policy. There is no minimum per occurrence limit of liability under the Umbrella or Excess Liability; however, the annual aggregate limit shall not be less than the highest “Each Occurrence” limit for either CGL or Automobile Liability. The Contractor agrees to an endorsement naming the County as an additional insured as provided in this Section, unless the Umbrella or Excess Liability provides coverage on a “Follow-Form” basis.
- 6.6. Workers’ Compensation and Employer Liability. If applicable, the Contractor shall maintain workers’ compensation insurance as required under the Title 51 RCW (Industrial Insurance), for all Contractor’s Personnel eligible for such coverage. If the Contract is for over \$50,000, then the Contractor shall also maintain employer liability coverage with a limit of not less than \$1,000,000.
- 6.7. Primary, Non-Contributory Insurance/Subcontractors. The Contractor’s and its subcontractors’ insurance policies and additional named insured endorsements will provide primary insurance coverage and be non-contributory. Any insurance or self-insurance programs maintained or participated in by the County will be excess and not contributory to such insurance policies. All Contractor’s and its subcontractors’ liability insurance policies must be endorsed to show as primary coverage. The Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All subcontractors shall comply with all insurance and indemnification requirements herein.
- 6.8. Review of Policy Provisions. Upon request, the Contractor shall provide a full and complete copy of all requested insurance policies to the County. The County reserves the right without limitation, but has no obligation to revise any insurance requirement, or to reject any insurance policies that fail to meet the requirements of the Contract. The County also has the right, but no obligation to review and reject any proposed insurer providing coverage based upon the insurer’s financial condition or licensing status in Washington. The County has the right to request and review the self-insurance retention limits and deductibles, and the Contractor’s most recent annual financial reports and audited financial statements, as conditions of approval. Failure to demand evidence of full compliance with the insurance requirements or failure to identify any insurance deficiency shall not relieve the Contractor from, nor be construed or deemed a waiver, of its obligation to maintain all the required insurance at all times as required herein.

- 6.9. Waiver of Subrogation. In consideration of the Contract award, the Contractor agrees to waive all rights of subrogation against the County, its elected and appointed officials, officers, employees, and agents. This waiver does not apply to any policy that includes a condition that expressly prohibits waiver of subrogation by the insured or that voids coverage should the Contractor enter into a waiver of subrogation on a pre-loss basis.
- 6.10. Additional Insured, Endorsement and Certificate of Insurance. All required insurance coverage, other than the workers' compensation and professional liability, shall name the County, its elected and appointed officials, officers, employees, and agents, as additional insureds and be properly endorsed for the full available limits of coverage maintained by Contractor and its subcontractors. Endorsement is not required if the Contractor is a self-insured government entity or insured through a government risk pool authorized by Washington State.
- The Certificate of Insurance and endorsement shall identify the Contract number and shall require not less than thirty (30) days' prior notice of termination, cancellation, nonrenewal or reduction in coverage. At the time of execution, the Contractor shall provide the Certificate of Insurance, endorsement, and all insurance notices to: Risk Management Division, Kitsap County Department of Administrative Services, 614 Division Street, MS-7, Port Orchard, Washington 98366.
- 6.11. General. The coverage limits identified herein are minimum requirements only and will not in any manner limit or qualify the liabilities or obligations of the Contractor under the Contract. All insurance policy deductibles and self-insured retentions for policies maintained under the Contract shall be paid by the Contractor. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the County, its elected and appointed officials, officers, employees, or agents. The Contractor's insurance shall apply separately to each insured against whom a claim is made, or suit is brought, subject to the limits of the insurer's liability.
- 6.12. Claims-Made. If the Contractor's liability coverage is written as a claims-made policy, the Contractor shall purchase an extended-reporting period or "tail" coverage for a minimum of three (3) years following completion of the performance or attempted performance of the provisions of this Contract.

"Subcontract" means any contract, express or implied, between the Contractor and another party or between a subcontractor and another party delegating or assigning, in whole or in part, the making or furnishing of any material or service for the performance of the Contract. All subcontracts shall incorporate by reference the terms and conditions of this Contract. The Contractor is solely responsible for the performance and payment of its subcontractors.
- 8.5. Independent Contractor. Each party under the Contract shall be for all purposes an independent contractor. Nothing contained herein will be deemed to create an association, a partnership, a joint venture, or a relationship of principal and agent, or employer and employee between the parties. The Contractor shall have complete responsibility and control over its Personnel. Neither the Contractor nor its Personnel shall be, or be deemed to be, or act or purport to act, as an employee, agent, or representative of the County. The Contractor and its Personnel shall have no County employee-type benefits of any kind whatsoever, including without limitation, insurance, pension plan, vacation pay or sick pay, or other right or privilege afforded to County employees. The Contractor and its Personnel shall be responsible for payment of all insurance, taxes, and benefits.

SECTION 9. OWNERSHIP, CONFIDENTIAL INFORMATION AND BREACH

Any and all data, reports, analyses, documents, photographs, pamphlets, plans, specifications, surveys, films, or any other materials created, prepared, produced, constructed, assembled, made performed, or otherwise produced by the Contractor or its Personnel for delivery to the County under this Contract shall be the sole and absolute property of the County. All such property shall constitute “work made for hire” as defined by the U.S. Copyright Act of 1976, 17 U.S.C § 101, and the ownership of the copyright and any other intellectual property rights in such property shall vest in the County at the time of its creation. Ownership of the intellectual property includes the right to copyright, patent, and register, and the ability to transfer these rights. Material the Contractor uses to perform this Contract that is not created, prepared, constructed, assembled, made, performed, or otherwise produced for or paid for by the County is owned by the Contractor and is not “work made for hire” within the terms of the Contract.
- 9.2. Confidential Information/Breach. The Contractor shall ensure that all personal identifying information, financial information, and other information submitted or made available to the Contractor by, or on behalf of, the County, or acquired or developed by the Contractor in the performance of the Contract (unless publicly available) is kept confidential, secured, and protected to prevent unauthorized access. SECTION 10. REPRESENTATIONS AND RECORDS

- 10.1. No Fee. - 10.5. Public Records. The Contractor agrees that the Contract and all records associated with the Contract shall be available to the County for inspection and copying by the public pursuant to the Public Records Act, Chapter 42.56 RCW ("Act"). If the County determines that records in the custody of the Contractor are needed to respond to a request under the Act, the Contractor shall make all such records promptly available to the County at no cost to the County. With the exception of the Contract, if the Contractor considers any portion of any record, electronic or hard copy, to be protected from disclosure under the Act, the Contractor shall clearly identify all specific information it claims to be confidential or proprietary. If the County receives a request under the Act to inspect or copy proprietary information that has been identified by the Contractor as protected from disclosure and the County determines that release of the information is required by the Act or otherwise appropriate, the County's sole obligation will be to make a reasonable effort to notify the Contractor of the request and the date that such protected information will be released unless the Contractor obtains a court order to enjoin disclosure pursuant to RCW 42.56.540. If the Contractor fails to timely obtain a court order enjoining disclosure, the County will release the requested information on the date specified. The County has no obligation on behalf of the Contractor to claim any exemption from disclosure under the Act. The County will not be liable to the Contractor for releasing records pursuant to the Act.
- 10.6. Advertising, Logo. The Contractor shall not use, advertise, or promote for commercial benefit information concerning the Contract or use any trade name, trademark, or logo of the County, without the County's prior written consent.

- 10.7. Audit and Record Retention. Upon request, the Contractor shall promptly make available to the County a legible copy of all books, documents, and records at no cost to the County.

SECTION 11. RIGHTS AND REMEDIES

- 11.1. Failure to Perform. If County determines the Contractor has failed to perform any material obligation of the Contract, and such failure has not been cured within ten (10) days' following notice from the County, the County may without penalty, in its discretion, withhold all monies due the Contractor until such failure is cured to the reasonable satisfaction of the County.
- 11.2. Right of Assurance. If the County in good faith has reason to believe the Contractor does not intend, or is unable to perform, or continue performing under the Contract, the County may demand in writing that the Contractor give a written assurance of intent to perform. Should the Contractor fail to provide adequate assurance to the reasonable satisfaction of the County, by the date specified the demand, the County may terminate all or part of the Contract and pursue all other rights and remedies available at law and in equity.
- 11.3. Responsibility for Errors. All Services shall be completed to the reasonable satisfaction of the County and as required herein. In the event of an error or omission under the Contract, the Contractor shall, at no cost to the County, provide all necessary design drawings, estimates, and all other professional services the County deems necessary to rectify and correct the matter to the satisfaction of the County. The Contractor shall continue to be responsible for the accuracy of Services, even after the Work is accepted by the County and the termination or expiration of the Contract.

- 11.5. Right of Off-Set; Reimbursement. - 11.6. Waiver. Either party's failure to insist upon the strict performance of any provision of the Contract, or to exercise any right based upon a breach thereof or the acceptance of any performance during such breach, will not constitute a waiver of any right or remedy under the Contract unless expressly so agreed in writing by an authorized representative.

11.7. Breach. In the event of a material breach by the Contractor, the County may procure, on terms and in the manner that it deems appropriate, Services to replace those under the Contract.
