TOTALS		110		\$491,559

*Negotiated different bed rates and occupancy rates due to the beds being in apartment units.

For 2020 Grants, a Request for Proposals was issued to target funding for Shelter Operations. Agencies and programs that met the criteria for the RFP are recommended for funding at a pre-determined annual bed rate depending on the level of shelter services provided (Drop-In Shelter, Continuous Stay Shelter, or Enhanced Services Shelter). If the recommendations are approved, one-year fee-for-services contracts will be executed, with a second-year contract extension if there is satisfactory contract compliance and performance.
