Mission Statement

The Transportation Planning Advisory Committee (TPAC) will advise County staff on technical transportation issues and decisions, and in the development of procedures and policies that pertain to long-range transportation planning and program management.

The TPAC addresses topics related to Concurrency and Growth Management, the Transportation Improvement Program (TIP), Non-motorized plans and infrastructure, and similar transportation programs.

- Level of Service
- Concurrency
- Non-motorized Plan
- Review new legislation and develop implementation strategies

- 7 Public Comment
