

County – Nonpartisan Office

Public Utility District 1 Commissioner District 2 – 6 Year Term

Pete Favazza (Nonpartisan)

PO Box 899
Port Orchard, WA 98366
Email: electfavazza@hotmail.com

What background and experience do you bring to this office?

Kitsap County is my home. With strong family ties here, I will devote myself to the needs of our growing county. I am a local business owner, former defense contractor, and a proud veteran of the US Army. Offering 16 years of Telecommunications and Resource Management experience, I know how to achieve success while under pressure and with limited resources. I directly oversaw mission critical communications to thousands of US service members throughout Bosnia, Kosovo, Afghanistan, and Iraq. I am proud to have this opportunity to apply my expertise and diligence closer to home and benefit our community.

If elected, what will be your top two priorities, and how will you accomplish them?

First, Improving and diversifying our community resources makes Kitsap stronger and holds a deep meaning to us all. We have improved

countywide water resource management and our ability to communicate with the world by building a fiber optic broadband data backbone across Kitsap. Each year we reach more rural areas, benefiting government, businesses, and households alike. I am actively dedicated to the expansion of assets like this.

Next, I will actively face all new challenges within our PUD to keep Kitsap growing in the 21st century. As Commissioner, it will be more than a duty, it is an honor to serve our community.

Lee F. Caldwell (Nonpartisan)

922 Sidney Ave
Port Orchard, WA 98366
Phone: (360) 876.4026

What background and experience do you bring to this office?

I have been a county-wide PUD commissioner for four terms. Serving first on the Port Orchard City council, where I chaired the Water and Sewer Committee, I developed an understanding and appreciation for the service of local governments and the task of public service. My private sector experience came from owning an operating Caldwell Trading Post and Transfer as well as a rental business.

I have seen the PUD grow from about a thousand water customers to well over thirteen thousand, and I was instrumental in the PUD's decision to get into the Wholesale High Speed Fiber Optic business which is now provided to most of the county.

In addition to serving on the PUD commission and the city council, I have been a member of Kitsap Humane Society, District Governor of Active Club International, Assistant Fire Chief, and presently, active in state and national utility associations.

If elected, what will be your top two priorities, and how will you accomplish them?

"I'm excited about the future for the PUD and the people of Kitsap County. It is important that this county grow in the right way. The PUD will continue to work to preserve and protect our valuable water resources. I also believe the high speed broadband fiber backbone we provide will foster the kind of economic development that respects our attitudes about our environment and natural resources. Kitsap County is a great place to live, and I want to keep it that way."

I am experienced and motivated to serve our PUD.

Remember to return your ballot on time.

In order for your ballot to be counted, it must be returned or postmarked no later than the day of the election – Tuesday, November 4th.
