The Council functions like a planning commission, in that it takes the big picture, long range view. It is not asked to take on Hearing Examiner type responsibilities; review and approval of land use application or project level approvals. The Board of County Commissioners recognizes the importance of existing community groups. The creation of this Community Council is not intended in any way to diminish their participation and recognition by Kitsap County.

Purpose: To provide enhanced citizen to County communication to the Central Kitsap area by providing a formally defined representative body with which the county can discuss items of mutual concern and explore mutually agreeable solutions. The Central Kitsap Community Council is to:

- Facilitate and improve communication among the Central Kitsap community the County Commissioners
- Promote a sense of community
- Advise the Board of County Commissioners and government agencies of the desires and concerns of the community
- Bring to the Central Kitsap community issues and projects of the County and convey the community response as requested by the Board of Commissioners.
