*Propane is prohibited in hazardous locations such as basements or pits or anywhere “heavier-than-air” gas can unsafely collect.

*Propane tanks over 125 gallons require a minimum setback of 10 ft. from property line and buildings, and a site plan must be submitted with the application showing the setbacks. If propane tank is over 500 gallons, a site plan is required to accompany this application, and a separate Fire Code Permit is also required.
