

How is property tax distributed in Kitsap County?

Kitsap County homeowners recently received their 2011 property tax statement. Do you know where your taxes go? While the check you send may be addressed to "Kitsap County", the County's General Fund receives less than a dime from every property tax dollar. The graphic below shows how the remaining amount of property taxes collected from residents in unincorporated areas is distributed in Kitsap County. For residents in incorporated cities the County Road tax is replaced with a city property tax contribution.

** All Other include Port Districts, Library Districts, Parks Districts, PUD, Water Districts and Sewer Districts*
