3.0 DEPARTMENT OF PUBLIC WORKS

3.1 The Department of Public Works shall process the application by completing all of the following steps:

3.1.1 Verify the ownership of the property as owned by Kitsap County.

3.1.2 Distribute a complete packet including the application, legal description of the property desired, an Assessor’s map indicating the location of the land, a vicinity map, a plat map if applicable, and documents showing Kitsap County ownership to the appropriate staff from the County and other jurisdictions. These entities will review the packets and provide comments and/or recommendations to the Department of Public Works.

3.1.3 Confirm that the petitioner has notified all adjacent property owners of the requested property via certified mail. The requestor will provide either originals or copies of the returned certified cards. The address for contacting the Department of Public Works and the deadline (up to 15 days before the Board’s public hearing) for submitting to Public Works any comments or recommendations on the application will be included in this mailing.

3.1.4 Notify the Commissioner in whose district the land is located of the specifics of the application.
3.1.5 Coordinate with the Clerk of the Board the work-study session and public hearing dates when Department of Public Works will present the application to the Board for consideration. The Department of Public Works will make every effort to expedite requests for the sale of County property in an appropriate time frame.

3.1.6 Take into consideration the comments submitted within the deadline and prepare an agenda submittal on the application for the Board’s consideration. The agenda submittal will include all remarks received within the deadline and provide a clear recommendation and justification for the Board to either:

3.1.6.1 Deny the application for specified reasons; or

3.1.6.2 Approve the application and provide the recommended minimum bid for the County property using procedures specified in 3.1.7 below.

3.1.7 If the Department of Public Works recommends that the Board approve an application to sell County property, the Department of Public Works shall use the following process to develop the recommended acceptable bid for the requested land.

3.1.7.1 The recommended bid shall be the current assessed value of the County property.

3.1.7.2 If the County property does not have an assessed value, a Washington State General/Residential Certified Appraiser employed by Kitsap County shall provide an opinion of value. The value may also be determined through a comparable sales analysis performed by staff of the Right of Way Division. Or, as an alternative, Kitsap County Assessor’s Department shall provide an opinion of value as the recommended minimum bid.

3.1.7.3 The Department of Public Works shall prepare an agenda submittal for the Board’s approval, including the Order of Sale Resolution and recommended value as set forth in 3.1.7.1 or 3.1.7.2 above to be used as the minimum bid for County owned property to be sold.
4.0 BOARD OF COUNTY COMMISSIONERS

4.1 The Board of County Commissioners shall hold a public hearing to consider the application and recommendations provided by staff and other jurisdictions. The requestor and all property owners listed in the application and those owners who have written a specific request to be notified shall be notified of the hearing directly by mail. The Clerk of the Board shall publish an appropriate public notice of the hearing in accordance with Washington State statutes. The Board will consider the recommendations and comments from appropriate staff and other jurisdictions, Parks and Recreation Advisory Board, and various other departments.

4.2 If the Board approves the sale of County property, the County Treasurer’s Office shall compile all relevant material for the property to be put up for public auction at the recommended minimum acceptable bid price or to be sold through a private negotiated sale, depending on the circumstances in RCW 36.35.150. If prepared for public auction, the Treasurer’s Office will send a letter to the petitioner, informing the requestor of the date, time, and location where the County shall auction the land. The Treasurer shall then advertise the sale, hold the auction and dispose of the land.

4.3 If the Board denies the sale of the land, the Department of Public Works will notify the petitioner in writing and state the reasons for the denial.
