KITSAP COUNTY PUBLIC WORKS SURFACE AND STORMWATER DIVISION

Note:
The information presented in this map comes from several sources and varies in data quality. This map provides information on the type and relative location of components which comprise the surface water drainage system of Kitsap County; it should not be used as a basis for developing engineering designs. For more information, contact the Kitsap County Surface and Storm Water Management Program at 360-337-5777
