Why use 2good2toss.com?

Some things are just too good to waste.

The U.S. spends more on trash bags alone than 43% of the world's countries individually spend on everything. We've become an increasingly disposable society.

Landfill space is valuable.

And many of the items

that end up there are valuable as well. That's why the Washington State Department of Ecology, along with participating counties and cities, urge you to reduce, reuse, recycle, and rethink.

2good2toss.com is an easy and fun way to practice "reuse," the second principle of sustainability. By posting and exchanging items on 2good2toss.com, you'll contribute to a healthy environment while adding some "green" to your wallet.
