

## Advisory Group 2009 Work Plan

Name of Advisory Group: SWAC  
Advisory Group Staff: Pat Campbell, Dean Boening, Cheryl Lutes  
Advisory Group Chair: Stephanie Bailey – City of Port Orchard  
Meeting Day/Time/Location: First Wednesday of the month, 4:00, Kitsap County  
Fairgrounds Training Center

### Part I: Advisory Group Purpose/Mission Statement

The Solid Waste Advisory Committee (SWAC) consists of fourteen members. The three members representing the Commissioner districts are appointed by the Board of County Commissioners. Other members include one from each of the four cities, one each from the two tribes, two from the solid waste industry, one from Navy Region Northwest, one from the commercial sector, and one for organics management. The committee is kept informed of Solid Waste Division activities and studies the impact of local, state, and federal legislation in order to advise Kitsap County on all aspects of solid waste management planning, including reviewing proposed policies and ordinances and providing input on the development of programs.

### Part II: Accomplishments in 2008

The Solid Waste Advisory Committee began work on the update to the Comprehensive Solid Waste Management Plan, considering alternatives in the areas of waste reduction/recycling, organics management, collection and transfer systems, and moderate risk waste management.

### Part III: Proposed Goals/Objectives or Plans for 2009

In 2009, recommendations will be finalized and a completed Plan will be presented to the Board of County Commissioners and all the cities within the county for adoption and subsequent implementation.
