Commissioner Comments:

Commissioner Wolfe addressed the Bayshore/Old Town Silverdale Project.

Presentations:

Central Kitsap Fire Department, Chief John Oliver:

Discussed the types of burn permits allowed in Kitsap County and which agencies enforce the permits.

Keta Legacy Foundation, Lorisa Watkins

Discussed the vision and mission of the foundation. The foundation celebrated its 50th anniversary in 2018. She encouraged everyone to visit the Rhododendron Preserve to experience how the foundation inspires and educates our community about conservation.

Kitsap Public Health, Kristina Bonsell

Discussed the purpose of the department and how it works with the Department of Ecology to address spills in a timely manner. The Annual Water Quality Report has just been published and is available for review.

Kitsap County Parks:

Josh Hopps: Discussed how the Parks Departments works with the Clear Creek Trail Task Force to bring the classroom to the outdoors and the importance of the Citizen Scientists.

Rachael Fleck: Discussed the importance and duties of the Stewardship groups that take care of the parks in our county.

Jackson Lee: Discussed the priorities of the department. Support and expand the Stewardship Programs, expand outreach to develop outdoor programs for youth and the development of intergenerational programs that allow the passing down of skills and knowledge of the parks.

WWU, Jenise Bauman

Discussed the case study she and her students are conducting at Dog Fish Park in Poulsbo.

Public Comment:

Council Member Lawrence: Thanked the presenters for their participation.

Council Member Downen: Thanked Amy Lawrence for her work in putting the meeting together and how informative the meeting was.

Council Member Overath: Acknowledged meeting Attendee, Mary Earl, for her many years of work on the Clear Creek Task Force.

Council Chair Hughes called for further comments and hearing none adjourned the meeting at 6:32 PM.

Council Member Sell submits minutes for approval.
