Administrative Items

Jim Bolger- assistant director of DCD was present to clarify and answer questions. He explained the DCD manages planning for land use, zoning, developing sites, and long range planning. He pointed out that they need to comply with the growth management Act. Rural area (including Manchester) are static- boundaries cannot be changed but they can provide urban services-ie: sewer water. Other clarifications: we have a comprehensive plan which includes long range goals. In a rural area zoning is 1 house per 5 acres however 1 house per 2.5 acres can be grandfathered in.

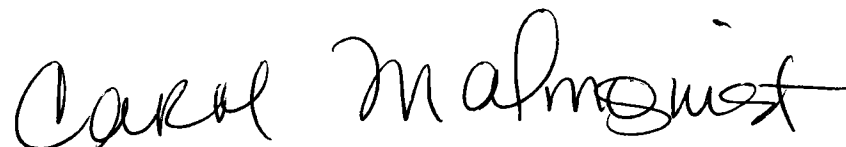

Liz Williams explained boundary line adjustments (used to change property lines). She noted Kitsap County has NO BLA ordinance. There are 2300 legacy lots in Kitsap County.

Many participants gave thoughts/opinions.
