Dear Kitsap County Voters:

Whether you’re a brand new voter who had the previously unimaginable virtual graduation or someone whose first election was well before the voting age was lowered to 18, you have a say today in who holds public office.

We are in an enviable position in Washington in that even in the midst of a public health crisis our elections can go on mostly as they have for years. Any changes in the elections process will be something that has no impact on the vast majority of voters. We are reviewing the process our elections workers will employ, but most voters will still receive a ballot in the mail, vote at home and deposit the ballot in one of our 22 drop boxes or send it by mail. We encourage you to vote early.

Accessibility is important. For voters using a vote center, there will likely be additional social distancing standards, but you’ll also have more options. We now have three vote centers with extended hours to serve you. They will be open the Saturday and Monday before Election Day, as well as on Election Day itself.

This Primary gives you an opportunity to narrow down the choices in November for who will represent you in Congress, in statewide offices, in the Legislature and at the county. Candidates have written their statements and they are included here, exactly the way they want you to read them, to help you make your decision.

Transparency in what we do to count your ballot is vital. Once you vote you can check online at votewa.gov to see if your ballot was received and processed, and at kcowa.us/elections you can see a live feed from the elections processing room once processing begins. Thank you for being a conscientious member of this community. We aim to do all we can to assist you in exercising your important role in our democracy.

Sincerely,

Paul Andrews
Kitsap County Auditor

Top 2 Primary
The purpose of the Primary is to reduce the number of candidates to two for the General Election.
- Voters may vote for any one candidate in each contest.
- Voters are voting for candidates, not choosing a political party’s nominees.

The two candidates that receive the most votes in the August Primary advance to the General Election. Candidates must receive at least 1 percent of the total votes cast for their position in order to be placed on the General Election ballot. It is possible that the two candidates who advance to the General Election prefer the same party.

Nonpartisan Offices – Primary
A Primary is held if three or more candidates file for a nonpartisan position. If no more than two candidates file, they appear only on the General Election ballot in the order determined by lot.

Military, Overseas and Early Ballots
If you are a military or overseas voter or if you believe your ballot will not be received in time to vote, you may request to receive your ballot by email or request an early ballot up to 90 days before an election. Early ballots list only the contests known at the time of the request. To request an email ballot or early ballot, visit: kcowa.us/elections or contact Kitsap County Elections.

Additional information for military and overseas voters is available from the Federal Voting Assistance Program at: www.fvap.gov.

Political Party Information

Major Political Parties
A political party qualifies as a “major” political party when it receives at least 5 percent of the total votes cast in any statewide office contest at the preceding state General Election in an even-numbered year. In 2020 Washington state has two major political parties: Democratic and Republican.

Democratic Party

Minor Political Parties
A “minor” political party is any political party in which no candidate for statewide office received at least 5 percent of the total votes cast at the preceding General Election during an even-numbered year.

Candidates for Partisan Office
A candidate may state on the ballot a political party that he or she prefers. A candidate may choose to not state a party preference.
A candidate’s party preference does not imply that the candidate is nominated or endorsed by the party or that the party approves of or associates with that candidate.

Write-Ins – Which Votes Can Be Counted
Primary Election write-in votes can only be counted if:
- The candidate filed a Declaration of Write-in Candidacy, and;
- In a Primary there are enough write-in votes for a candidate to come in second, or in a General Election enough votes for a candidate to win.

Candidate and Committee Statements
The Local Voters’ Pamphlet includes statements submitted by candidates running for offices and committees supporting or opposing ballot measures. Statements printed in this pamphlet are the opinions of the authors. Kitsap County Elections is not responsible for the content of statements or their factual and grammatical accuracy.

Your Right to Privacy
Every voter has the right to vote his or her ballot in secret. A person voting when he or she is not qualified, or falsely signing the Voter Declaration, is a felony punishable by up to five years of imprisonment or a maximum fine of $10,000, or both imprisonment and fine.

Participating Jurisdictions
Districts participating in this Local Voters’ Pamphlet are:
Washington state and Kitsap County.

Questions or Need a Replacement Ballot?
If you have not received your ballot by July 24, or if your ballot is damaged or lost, you may request a replacement ballot by contacting Kitsap County Elections.

Contributions to Candidates and Political Committees

- Contribution Limits – State law sets contribution limits on donations to legislative, judicial and county candidates as well as bona fide political party and caucus political committees.
- Anyone who donates more than $25 in monetary and in-kind contributions must be identified by name and full address. For donations of more than $100 – occupation, employer name, city and state of his/her employer are also required.
- For a list of the people and organizations that donated to state and local candidates and ballot measure campaigns, visit Public Disclosure Commission for Washington State www.pdc.wa.gov.

Precinct Committee Officer
A Precinct Committee Officer is a partisan office that is an elected or appointed member of a major political party. Precinct Committee Officers elect a chair and vice-chair of their party’s county and legislative district central committees.

At the time of filing for office, candidates must be registered to vote in the precinct represented by the office they seek. Precinct Committee Officers are elected in the Primary.

Precinct Committee Officer contests will only appear on the ballot if two or more candidates from the same party file for that office.

For this office only: In order to vote for precinct committee officer you must affirm that you are a Democrat or a Republican and may vote for only one candidate from the party you select. Your vote for a candidate affirms your affiliation with the same party as the candidate. This preference is private and will not be matched to your name or shared.
Register to Vote

Who May Vote
To be eligible to vote, one must register and be:
• A citizen of the United States.
• A legal resident of the state of Washington.
• 18 years of age by the next election.
• Not under the authority of the Department of Corrections for a Washington felony conviction.
• Not disqualified from voting due to a court order.

How to Register
• Online at www.VoteWA.gov.
• Complete a mail-in registration form available at libraries, city halls, public schools, fire district offices and at the County Auditor’s Office.
• When you renew your driver’s license.

Update Your Voter Record if You Move
If you are already registered to vote in Kitsap County, update your voter record online at: www.VoteWA.gov through July 27. You may also email the Kitsap County Auditor – Elections Division at auditor@co.kitsap.wa.us or call 360-337-7128. Address changes can be made in person until 8 p.m. on Election Day at the Kitsap County Auditor’s Office and at the Vote Centers. Dates and locations are below. A new voter registration card will be mailed after your address change is processed.

When to Register
Individuals may register to vote at any time. To vote in the August 4 Primary, the deadlines are:
• July 27: Deadline for mail and online voter registrations, updates and changes.
• August 4: In-person deadline for voter registrations, updates and changes. Citizens may register until 8 p.m. on Election Day by appearing in person at the County Auditor’s Office. Registration will also be available the Saturday and Monday before Election Day and on Election Day at the Vote Centers at the Marvin Williams Recreation Center and the Poulsbo Fire Station.

Name Change
If you have legally changed your name, you must complete a new voter registration application. Your new signature is used to validate your ballot.

To Cancel Your Voter Registration
You may sign a form requesting to cancel your registration. In the case of a deceased voter, a family member may sign a form authorizing a cancellation. The form is available by contacting the Kitsap County Auditor’s Office or at https://www.kitsapgov.com/auditor/Documents/CancellationForm.pdf.

Vote Centers and Accessible Voting

Federal law requires jurisdictions to provide vote centers with certified accessible voting devices which enable voters with disabilities to cast their ballots independently and in private. Accessible Voting Units provide all contests in audio and high-contrast text formats and are available beginning 18 days prior to the Primary Election.

Online Ballot Access
Kitsap County Elections provides an accessible online Local Voters’ Pamphlet. The online pamphlet also allows voters to access their specific ballot using the internet. It is compatible with commonly used accessibility software such as screen readers and screen magnifiers, and allows for navigation without the use of a mouse and without having to see the cursor on the screen. All candidate video statements are close captioned.
Through Online Ballot Access, you may verify that Kitsap County Elections has received your ballot using the Ballot Tracker feature.
Online Ballot Access is available beginning 18 days prior to the Primary Election at: VoteWA.gov.
24-Hour Ballot Drop Boxes

Voters are encouraged to use a ballot drop box. Ballot drop boxes provide a safe, secure way for voters to deposit their ballots.

Ballot drop boxes are available 24 hours a day beginning July 17, 2020, until 8 p.m. on Election Day.

Candidate Statement Standards

Candidates for State and Federal Offices
Because the Secretary of State does not print a Primary voters' pamphlet, Kitsap County includes statements from Federal, State and Legislative candidates in its pamphlet as a courtesy to Kitsap County voters. Federal, State, and Legislative statements are submitted by candidates to the Secretary of State's Office where they are reviewed. Laws for the State Voters' Pamphlet do not permit the Secretary of State's Office to disallow or censor content. The statements for Federal, State and Legislative candidates are printed here as approved by the Secretary of State's Office. If you object to a candidate's statement, please direct your comments to the candidate.

Candidates for County Offices
Statements for candidates for county races are subject to RCW 29A.32 sections 210-280 and Kitsap County Administrative Rules. Once deemed compliant they are printed exactly as submitted. Kitsap County Elections does not correct punctuation, grammar, typos or inaccurate information.
Mark and Return Your Ballot

How to vote
Use a dark blue or black ink pen to completely fill in the box to the left of your choice. **Do not use pencil.** Mark one choice in each contest. If you mark more than one choice, no votes will be counted for that contest.

Secure
Place the voted ballot in the secrecy sleeve. Place the secrecy sleeve inside the lavender return envelope.

Sign, Date and Seal
Read, sign and date the Voter Declaration on the lavender return envelope.

- The lavender return envelope must be signed by you in order for your ballot to be counted.
- Sign your name in dark ink.
- Seal the lavender return envelope.

Ballot Drop Boxes
Use one of the 22 Kitsap County 24-hour ballot drop boxes listed on page 4. Ballot drop boxes close at 8 p.m. on Election Day.

Mail
Mail your ballot early enough to ensure it is postmarked no later than Election Day, Aug. 4.

Ballot Marking Tips and Reminders
Ballot marking errors require additional staff review, which slows down ballot processing. Help us improve efficiency by **avoiding** these common errors:

- Do not circle:
- Do not check:
- Do not X:
- Do not use pencil:
- No single lines:

Local Measure
North Mason Regional Fire Authority
Emergency Medical Services
Property Tax Levy
The Governing Board for North Mason Regional Fire Authority adopted Resolution No. 20-05, concerning a proposition to finance maintenance and operation expenses. This proposition would authorize the Regional Fire Authority to continue to fund emergency medical services for its citizens by continuing a regular property tax levy of $0.41 or less per $1,000 of assessed valuation (subject to the existing voter approved maximum of $0.50) for a period of six consecutive years to be collected beginning in 2021.

Should this proposition be approved?
- Levy: Yes
- Levy: No

If there was something that needed fixed day or night you could call Johny he would be there at the drop of a hat. If there are two words that would describe Johny Alberg they are hard working Johny steps up when ever it’s needed and he is stepping up now for the 6th district

Johny believes in keeping the Constitution the way it was written, having strong family’s, great law enforcement and not being taxed out of our homes and any of are God given rights or freedoms taken away.

God Bless America

Elected Experience: U.S. Representative: 2013-Present. Appropriations Committee; Chair; Select Committee on Modernization of Congress; Cochair, Bipartisan Working Group; listed in Washington Post as one of Congress’s Five Most Effective Democrats; AMVETS Silver Helmet Award; U.S. Navy’s Distinguished Public Service Award; NPCA Friend of the National Parks; Teddy Roosevelt Courage Award for campaign finance reform leadership; State Legislator: 2005-2012

Other Professional Experience: Former VP, Economic Development Board for Tacoma-Pierce County; Former Management Consultant

Education: Port Angeles High School; BA, Princeton University; Doctoral Degree, University of Oxford

Community Service: Former Trustee, Tacoma Community College; Former Board Member, Gig Harbor Chamber; Former Member, Rotary; Member, United Methodist Church

Statement: I first ran for Congress because I believed new leadership was needed to fix Washington D.C. That starts by listening to the people I represent, so I hold regular town meetings and visit hundreds of local employers. New leadership means bringing together Republicans and Democrats to try and find common ground, even though it’s hard. I cochair a coalition of Democrats and Republicans working to set aside partisanship and solve problems. I’m the youngest Committee Chair in Congress, asked to lead a committee to make Congress work better for the American people. There’s plenty more to do, but we’ve passed several reforms with unanimous votes of Democrats and Republicans, something rare.

Having worked in economic development for a decade, I’m committed to helping our region’s economic recovery, supporting small businesses, and getting folks back to work. I helped write legislation passed by Democrats and Republicans to support our region’s recovery from coronavirus. It provided cash to families, rent and mortgage relief, and assistance to students, small businesses, and the unemployed; but more is needed.

Bringing people together isn’t at odds with standing up for our values. I helped stop Donald Trump’s attempts to gut the Affordable Care Act. I’ve championed legislation to protect people with pre-existing conditions, reduce drug costs, strengthen veterans’ care, and improve care at rural hospitals. We need universal, affordable healthcare.

I’m endorsed by environmental groups because I’ve championed clean air and water, restoring Puget Sound and fighting the President’s proposed drilling off our coast. I support science and believe we must combat climate change.

We need to fix our broken political system. I’m leading the fight to reduce the influence of special interests in elections and crack down on politicians who cheat.

I ask for your vote to keep working to get things on track.

During the American Revolution, 3 Brodhead brothers and a son would fight for independence. We would spend time on British Prison ships. At Valley Forge, and by the order of General George Washington, we would inoculate ourselves against smallpox with the open sore fluid of dying Continental soldiers. During the Mexican American war, we would fight for the lands of Guadalupe Hidalgo. We would then co-author legislation that funded the topography surveys for the transcontinental railroad and telegraph.

We would help populate our Manifest Destiny with the sweat and courage of the patriot immigrant and melting pot nationalists. We would take bullets for emancipation. Our name is on the Washington territory and the first state capitol building.

My father would serve in Vietnam and direct aircraft bombing missions during “Rolling Thunder.” I would also serve in SAC on the B-52 as a mechanic and pull nuclear alert. In MAC, I would perform the dedicated air evacuation mission out of Iraq as a USAF Flight Engineer.

There is much to do in order to bring back the strength, character and promise of our America dream. We can start by voting Derek Kilmer out of office. With my leadership, we will build infrastructure that opens up the 6th district to construction jobs and new housing. We will eliminate student loan debt and embark on an alternative energy renaissance. We will seek to advance common sense solutions to save our ocean fisheries and reduce carbon emissions. This is our calling if we want to preserve our world.

Elected experience: I grew up in Shelton WA, I created a family business in 2011. I have never been in politics. If your intended outcome for this election is complete restructure from the ground up; I am the obvious choice. I have dealt with the negligent Bureaucracy, Tortious interference, the lack of training and oversight of this state for years.
Other Professional Experience: WGW1WG
Education: Shelton High school Class of 1994. POL Community Service: Despite years of being treated like a criminal, by the criminals; I continue to rise above and remain an asset to my community. I work to provide services to families and citizens of Washington.
Statement: I was treated like a criminal growing up because I chose Marijuana over prescribed pharmaceuticals. But now the state picks and chooses who is allowed to sell and grow marijuana with its unconstitutional Lottery, decriminalize it and stop the states theft. I am a small business owner who has been treated by the corrupt and negligent powers of the current administration. In 2017, they ran me out of business, standered me to customers and made false reports about me cooking meth. I asked, even begged them for help, but they just deepened their attack, but I am from Shelton a street fighter and because of our current President and the transparency, I was able to request and receive FOIA. I found out exactly what I was accused of. In 2018 I won a Thurston county superior court case 19-2-01200-34.

Our party promotes an action program to unite working people internationally and break down the barriers between those of us employed and unemployed. The working class needs to work. That’s where we go through struggles that bolster our confidence and strengthen our trust in each other and our capacities to fight. The Yakima Valley fruit packers’ fight for safe working conditions and better pay is an example for all working people. We urge your solidarity!

The Socialist Workers Party demands the federal government fund a massive public works program now to provide jobs at union wages for the millions tossed out of work. Workers can build needed hospitals, housing, schools and day care centers and replace crumbling infrastructure.

Farmers need solidarity from the working class and must be guaranteed the cost of production. Irrational breakdowns in the food market cause the destruction of milk, vegetables and livestock, as millions face hunger. The government must distribute this food to those who need it worldwide. The bosses divide working people by scapegoating immigrant workers. My campaign fights for amnesty for all undocumented workers in the US.

Workers need a party that speaks in our interests—a labor party. We need to take political power from the bosses’ class and establish a government of workers and farmers! Join the Socialist Workers Party 2020 campaign! Read and subscribe to our campaign newspaper, the Militant at www.thesmilitant.com.

Imagine if Jay Inslee hadn’t betrayed voters by breaking his campaign promises to veto taxes, raising them 30 times instead. Imagine if Inslee hadn’t recklessly shut down thousands of small businesses, forcing a million people out of work, while letting mega-corporations remain open. Inslee’s lockdown spared his allies but punished everyone else. Inslee’s actions always benefit the special interests that bankroll him.

As Governor, I will serve you. I’ll reduce taxes, prioritize spending, grow our economy, guard your individual liberty, and protect your constitutional rights. For 22 years, I’ve fought for you with initiatives that bankroll him. As Governor, I will serve you. Education: Art and Archaeology, Princeton University; Critical Theory, Columbia University; Biology, Portland State University.

Statement: Our economy and society has forever changed. For better or worse, it is likely there will be no going back. We owe a debt to our essential workers, who put their lives at risk every day, to provide them with childcare and tuition-free college or trade school. Our farmworkers deserve strong workplace protections. Our health care professionals deserve a reporting infrastructure that takes their demands and whistleblower complaints seriously.

Healthcare, including mental healthcare, should be covered for all Washington citizens. We need to shore up our domestic violence and child abuse prevention and reporting infrastructure. We need to incentivize K-12 online learning infrastructure and opportunities. We need to support Native American communities and preserve our ecological inheritance. We need to preserve the Salish Sea and work towards the ultimate removal of the Snake River Dams, while supporting and compensating farmers and other stakeholders.

Finally, Amazon’s practices have been anti-competitive and predatory. We need to transform Amazon into a public utility owned by the people.

Statement: I am running as a spokesperson for the anti-apartheid / reparations-now movement. My issues and solutions:
1) Raise awareness that Washington State is Native American land, and should be returned. Colonialism is no longer acceptable. 2) The current Governor’s biggest mistake is turning Seattle’s SVI building over to proven historical Negro vampire criminals. This is unconstitutional, and will be opposed in the courts and on the street.
3) Reparations must be paid to “Africatown” to repair / correct the cultural and economic damage done to the refugees from European colonial settler terrorism / slavery. 4) End the ethnic cleansing / “gentrification” of blacks out of Seattle’s historic central area and Tacoma’s historic hilltop (aka Africatown).
5) Remove the names / images of the “North-American Hitlers”, Washington / Jefferson, those mass murderers of Native American “Indians” and “owners” of hundreds of “slaves”. 6) Stop schools from teaching any children that Washington and Jefferson (“Indian” killers / slavers) were champions of “freedom, justice, equality and democracy” when they were in fact brutal “terrorists”.
7) End homelessness by providing land, materials / expertise for homeless to build their own mortgage-free housing. (have you ever seen a homeless bird?) 8) Limit “police” to 5-year terms—in which they must complete teacher’s certificate qualifications and then teach for 5 years before returning to law enforcement—to prevent PTSD and stop criminals hiding behind government issued badges / guns.
8) Our state must form its own bank to finance ending homelessness through sweat equity. 10) Since race is arbitrarily based on “skin color”, redefine “race” based on hair color: which is much easier to change—especially for “white minded” integrated Negroes like Court Justice “Uncle” Clarence Thomas.

Community Service: I have been a community activist for more than 40 plus years. Work with the US Dept. Of Education and Roberto Maestas

Statement: Today you will choose a leader that will inherit a pandemic. I still believe the most important words of the United States Constitution is “We The People”. We cannot ignore that our country is now in a state of a catastrophic crisis on all levels of government. Getting things done is what I offer Washingtonians. Healing and regaining the trust of the people is my first order of business when I take office. Understanding cultural differences and working with many elected leaders around the world has prepared me to work with people of all ethnic background. It is time to break with practice tribalism and really care and deliver the needs to the people of Washington State. I want Eastern Washington to know I care and know the important roll you play to this Washington. This election is about you and the needs for your families future.

We have one of the most regressive tax structures in the country. Working people are hurting and this must stop. At this moment and time. We all must care. I have always wanted to be a politician without an elective seat for social and economic justice. I will lead this state with a open but progressive mind. Our state has and always will be a state of innovators and people who know how to fight for the right things to be done. It is our time now to embrace a new future. We will prevail. Stay safe.

Elected Experience: Board of Washington American College of Emergency Physicians, 2016; Board of Trustees, American Osteopathic Association in 2002.  
Other Professional Experience: Emergency Medicine Department Director, Lourdes Medical Center, Pasco, 2014. Professor, Assistant Dean, Pacific Northwest University of Health and Sciences, 2007-2011. Professor, Assistant Dean, Campbell University, NC, 2011-2013.  

Community Service: Pasco County Women’s Shelter; Pasco Union Gospel Mission  
Statement: By trade and training, Dr. Raul Garcia is a healer. An emergency room physician who has spent his career on the frontlinesthe healing and protecting people during life’s most vulnerable moments.  

Raul escaped Cuba at the age of eleven. He became a protector of his family and those he loved, and also of the American dream and the values it represents. In Cuba, he witnessed firsthand the devastating and demonizing effects of socialism. From those early experiences, Dr. Garcia began a life of service. Through a career in medicine, leadership on national boards and professional associations, and success as an entrepreneur, Raul is the ideal person to lead Washington past Covid-19 and back to health and prosperity.  
Dr. Garcia envisions a Washington bound by shared interests, not divided by political ideology. He offers his candidacy as an alternative to the career politicians that care more about serving themselves than the people.  
A staunch opponent of any increase in state tax, he believes in limited, efficient and accountable government. His leadership will focus on economic prosperity and the health of our citizens.  
Dr. Garcia will assure that never again will tens of millions of tax dollars be wasted on fraudulent claims while health care workers do not have protective equipment and our nursing homes are closing due to lack of state support.  
A collaborative unifier, he will listen to and fight for the small business owner, the farmer, the teacher, and for every Washingtonian striving to achieve the American dream. As an immigrant, Dr. Garcia values freedom and opportunity for all, and above all. In this unprecedented time, Dr. Raul Garcia offers different leadership focused on making Washington state the most triumphant, thriving, and prosperous state of our union.  

Tylor Grow  
(Prefers Republican Party)  

Statement: Over the past 35 years, Washington State has had an elected Democrat as Governor. With decades of empty promises and slow progress, look where it has led us to. As the next Governor of Washington State, I, Tylor Grow, will eliminate the partisan gridlock that keeps our beautiful state from reaching its true potential by streamlining the way Washington State handles tax revenue.  
I will reform our methods of collecting tax revenue regarding infrastructure to greatly benefit all of Washington’s residents - just not the select few in the state’s urban centers. I will reform how we allocate funds for Washington State’s public schools in order to help solve our students.  

I will reform our state’s health care system by providing a public option for our state’s residents. No one should have to worry about the cost of health care. I will stop penalizing tax-funded organizations and programs for not using enough provided tax funds. This leads to wasteful spending which should be discouraged. I will reform how we handle our homeless population. I will invest in building large dormitories in which resources for wellbeing, rehabilitation, and career-building cases will be available. This will keep people off the streets and add to our booming workforce.  
As a gay person of Mexican descent, I know what it’s like to be discriminated against. I want to help everyone in Washington State no matter: race, gender, sexual orientation, income, and/or ability.  
Vote Tylor Grow for Governor of Washington State!

Statement: Many activists and a state-sponsored working group are working on healthcare reform, here in Washington, our home. Coming to The People’s desk for signature first, as Washington State Governor, I would most likely sign that reform, given my sense of it, as the next step for healthcare as an unalienable right. We need our Robust Economy, rural and urban, to pay for our programs. Before, it was only good, fair reduced taxes for The Great Majority, followed by education, our state’s Paramount Duty, as mandated by our Washington State Constitution and Target Zero transportation deaths and transportation major injuries before this decade’s end. Our pandemical tsunami has changed the lay of the land. Now We all require that rural and urban Robust Economy and good, fair revenue, yes Fair Taxes, family wage jobs, thriving independent, employee-owned businesses et cetera.

In my mind, it really is Full Mobilization, All Hands, Non-Profits, Profits and Government needed, urged, coached and inspired. As Governor, Washington our home, I will establish a Kitchen Cabinet concept in Office of the Governor to educate and move our People, our economy our society, Onward. We already have top quality, volunteers waiting in the wings.

Elected Experience: While still young, gubernatorial candidate Dylan Nails has had the elected opportunity to serve in whatever capacity he could, at the level he was at. Serving two years as Associated Student Body President of Colfax Jr./Sr. High School, and Representative of Eastern Oregon University’s Residence Hall Association for one year. He looks forward to gaining more elected experience, and publicly serving his community and home state.

Other Professional Experience: VIA

Education: Current University Student studying Secondary Education.

Community Service: Former Event Coordinator for St. Baldwin’s Head Shaving Event for Childhood Cancer Research, Tom’s Turkey Drive Volunteer, current Summer Camp Youth Counselor, and Youth Snow Ski Instructor.

Statement: Dylan Nails, a 20 year old college student, comes from the beautiful hills of the Palouse in Eastern Washington State where he has lived, worked, and went to school most all of his life. Dylan loves skiing, videogame, traveling, and exploring what Washington State, and the greater Pacific Northwest has to offer. He currently attends Northwest Nazarene University, and studies Secondary Education, with an Emphasis in History, and a minor in Special Education. When elected, Dylan is in favor of encouraging increases for Teacher Salaries, increase funding for State Parks and conservation, Debt Relief program for students of Washington, promoting more representation of young people in politics, and being a voice for Washington State, as much the East as the West.

Dylan’s weakness is also what makes him shine as a candidate. While Dylan is young, and may be lacking some of the elected experience his opponents may have, he brings as fresh, new outlook and perspective for Washington State, that is both beneficial and crucial for the next stage in our States history. As a college student, he is not looking to make a career in politics, but in fact getting in, and getting what needs to be done for Washington State accomplished.

He can’t wait to see what the future holds, and looks forward to seeing what he can do for our State.

Statement: Anton brings years of leadership experience in the private sector where he has spent his career solving problems. Anton understands the important issues facing Washingtonians, but are ignored by the out of touch political establishment. Anton is not a career politician, will not play politics and will not be bought. His businesslike approach offers real solutions to the soaring issues we face.  

Anton’s vision for Washington to be a state that is efficiently and effectively serving its people. He sees what is broken and will enact real solutions. He will respect the will of voters, cut taxes, reduce bureaucracy, and uphold the Constitution and Individual Rights. He will drain the Olympia swamp and end the drug fueled and government enabled homelessness by holding agencies accountable to their budgets and outcomes. He will end government interference in our lives, the extreme liberal agendas pushed on our children and attacks on personal freedom. He envisions a Washington that is friendly to businesses and individual liberty – a Washington where Constitutional rights are protected, businesses thrive, and individual success is not punished by uncontrolled taxation through the death tax, estate recovery tax and real estate taxes.  
Under Anton’s leadership, the state will reduce regulations, attract new businesses, allow existing businesses to thrive and reopen closed industries. As a refugee from the Soviet Union, he has seen the damage caused by too much government, too much regulation, and the importance of a balance of powers in maintaining a free and prosperous life.  
The Governor of Washington State should not be a career politician but instead a leader and executive manager who is working for the people. As a proud American citizen whose family escaped communism, Anton has realized the American Dream – a dream that is alive and is deserving of every hard-working Washingtonian.

Elected Experience: Initial filing for state office. Served as board member and union rep for SPEQ. Served as union rep for Local 763 (Inspectors). Past President FSI, (private investment group).

Education: University of Southern California, School of Cinema & Television University of Washington, Bachelor in Social Sciences, BA anticipated Fall 2020

Community Service: Edmonds School District; Relay for Life; City of Seattle FAS employee recognition volunteer.

Statement: The State of Washington is incomparable. Her diversity, geography and economy would power a strong independent nation. The upcoming term demands one of the hardest working governors in history, to halt in-fighting and guide our state to a swift, safe recovery.

Ian Gonzales
(Prefers Republican Party)
Website: iangonzalezfor governor.com

Elected Experience: Ian Gonzales brings a clear state to politics. It is someone who has no affiliation with interest groups, lobbyists, or large corporations. This means Ian has no other motive than to do what is best for Washington.

Other Professional Experience: Ian started his business in 1992 with his company Voya Creations, although a for-profit company, has donated to local organizations helping veterans returning home with PTSD.

Education: Attended Washington State University since age 15. Majoring in biology and minor in business administration, he’s finished his junior year, completing his business minor.

Community Service: Spent nearly 10 hours a week serving at church and the community.

Statement: I’m running for Governor because my generation and those that follow will reap both the benefits and the long term consequences of the decisions made by our current administration. Washington has become increasingly tax-happy, yet many of the programs that tax dollars are being dumped into aren’t reaping their intended benefits which need to change. These programs have better solutions waiting to be applied that would allow the people of Washington to pay less taxes; yet still fund the things that are necessary, like quality roads. Washington as it stands is more divided than ever. Our state needs a leader who is invested in the prosperity and health of this great state’s future, someone who can unite both sides of the mountains, and is willing to govern all 39 counties. Having leadership is a major challenge presenting itself as a King County representative to surrounding counties. This is an issue that everyone’s tax dollars have a stake in, though it could be 200 miles away, and still the problem has not been solved. Either our money is not being spent where the state says our current leadership isn’t able to find ways to better the homeless situation. Either way, homelessness needs to be addressed in all counties.

Even more cause for concern with our current leadership, I-976 which would have decreased vehicle tabs to $30, was voted on and passed, then held up in court, not giving the people what they voted for. While similarly, I-1639 which inaccurately portrays all semi-automatic rifles as “assault rifles” is a direct hit to our second amendment rights. These alarming events shows us Washingtonians that our voice is dwindling and distrust. I would be honored to be your Governor, and will promote respect for all Washingtonians.

Cairo D’Almeida
(Prefers Democratic Party)
Email: vote@voletedralmeida.com
Website: www.voletedralmeida.com

Elected Experience: Not a Professional Politician; President of Local 1121, since 2014

Education: PhD of Industrial and Organization Psychology (Separate Representation), "No Second American Century: The Effects of Cultural Diversity in the Workplace," published with the library of congress and sked 5 times.

Community Service: Volunteered over 1000 hours a year since 2013 to represent TSA officers. Reported officers’ welfare to the media 12/2018 shutdown, Helped officers get over 2,500 gift cards from passengers, other unions and residents during the shutdown. Cook for homeless on occasion.

Statement: Dr. D’Almeida has always been vocal about the inhuman treatment of homeless and the Legislative housing, Veterans and foster carepatients need more psychological support. Housing the homeless and treating their medical issues is cheaper than leaving them on the streets. The money used to clean the homeless, will be used to house them.

Students should not have to be punished with student loans when trying to become productive members of society. The Police; firefighter and schools, should have better and more up-to-date technology. All students and teachers should be provided with free bus and light rail pass for as long as they carry partial credits. Kindergarten to high schools need free nutritional lunches. Free day care for low income people. I will introduce a bill to protect first responders and gives them hazard’s pay and another bill that will protect small business during a pandemic. Pandemics will be dealt with one city and one county at a time.

Those with substance abuse need medical and psychological support. A woman’s body belongs to her, not the government. Women and other minorities need greater support. Impeachment laws are in place, and must be Updated. LGBTQ, WOMXN and LatinX have rights too and need support. State Panks must be upgraded. No more for-profit jail or detention centers.

It is not what we have, but what we make of it. That is why we struggle and I will define us who we are. My goal is to serve "The People," not control them! Where we go from here is up to you.

Statement: My previous 8 campaigns have never been to win but to tell voters Sound Transit should’ve never been allowed to spend billions adding Prop 1 extensions to Central Link. Now it’s only a question of whether it’s the Northgate operation in 2021 or East Link in 2023 that vindicate my concern. This year it’s to debunk claim fossil emissions are an existential threat. That Al Gore’s “inconvenient truth” is in fact a monumental lie. Ice core temperatures from four prior interglacial periods were higher than current levels with 300 ppm CO2 far lower than current 410 ppm. That during those periods the CO2 level was the result of increased out gassing from ocean when temperatures were warming and increased dissolution when temperatures were cooling. Both warming and cooling were driven by the Sun. It was the Sun that raised temperatures and CO2 levels after the last ice age, culminating in the Medieval Warming Period, Little Ice Age, and subsequent warming prior to significant fossil emissions. The increased fossil emissions have added to the Sun’s impact on CO2 over the last 60 years raising level to the current 410 ppm. However it’s the Sun not higher CO2 levels from increasing fossil emissions that can significantly increase global temperatures. The ~5 gigan carbon (GIC) annual fossil emissions currently increase CO2 by ~2ppm. If emissions averaged 10 GIC over the next 50 years the additional 500 GIC would add 200 ppm raising the current level from 410 to 610 ppm, or from 0.041 to 0.061%, still a tiny fraction of the 96.5% CO2 that warms Venus. My campaign and stopeastlinknow blog are to expose the futility of adding trillions more in an attempt to limit global warming by reducing that increase.

Community Service: Including but not limited to LLS, YMCA, ADA, AHA, Veteran non-profits & more.

Statement: “A United Washington.” It is time to ensure real representation for everyone. As a true representative for all, I will work hard to unite folks; Democrat, Republican, Libertarian, or independent. We are all in this together. Let’s take our state back from misrepresentation and corruption. I wholeheartedly vow to fight for you and to be everyone’s representative. I will focus on issues that matter to each of us. Let’s improve our quality of life. Let’s focus on reducing state taxes and increasing household incomes. Let’s focus on clean but also affordable energy.

Let’s focus on fixing our homelessness issues and reforming our family court system. Let’s focus on upholding our “Bill of Rights.” There is nothing “common sense” about giving up our rights. Let’s focus on election integrity reform and replacing fake representatives. These are just a few examples. Unfortunately our state government as well as the state parties have been heavily infiltrated by fake representatives. There are also too many manipulated candidates. Sadly, some were even recruited to run against me. This is because I am your only liberty-minded Lt. Governor candidate. Help me to help us. Let’s fix it; people over party, liberty first, “A United Washington.”

Elected Experience: Not a career ladder politician. Endorsed by former Governor Dan Evans, former Secretary of State Sam Reed, Sen. Leader Mark Schoesler, House Leader Rep. J.T. Wilcox. See website for full endorsement list.

Other Professional Experience: Attorney. 15 years.

Education: Juris Doctorate, Willamette University, College of Law; Bachelor of Arts, Sociology, Baylor University

Community Service: Vice President, Seattle Youth Soccer Association Executive Board; volunteer youth soccer coach; chaired public elementary school fundraiser raising $200,000; volunteered with individuals transitioning out of incarceration; local environmental clean-ups; worked at UN Cambodian refugee camp; tutored immigrants at Central Area Youth Association.

Statement: My young children’s years of pointed questions about people living alongside our roads, clearly needing help, caused me to doubt and question our current politicians. Even to kids, it was obvious that something was wrong. I had worked in a UN refugee camp where people had lost everything, fleeing violence; yet, it was more hygienic and humane than my hometown. Unable to find plausible explanations and wanting better for Washington, I had to speak out.

Tone deaf measures coming out of Olympia are one-sided and unbalanced. Current politicians throw money at problems first, asking questions later—this must stop. They’ve been in power so long they’ve forgotten to listen to neighbors or manage their spending. We cannot tax our way back to health from our current crisis. I’ll provide the critical check and balance we’ve lost, being a leader who seeks compassionate solutions while protecting taxpayers.

I will bring the fresh perspective dearly needed in Olympia. We need a Lt. Governor fighting for families and businesses, not more of the same government approach. Let’s get this right for our children’s tomorrow, as well as their today.

Top issues: fiscal responsibility, political balance, homelessness, addiction & mental health, public safety

Elected Experience: This is my first Public Election.

Statement: Washington State Senators and other Legislators will be treated fairly by me as Lt. Governor. Everyone wins. When ideas are shared and economic activity grows, then the public can prosper and have faith in the future. Quality government requires that respectful battles must take place.

In 1982, As Secretary General, I led a mock United Nations gathering of students representing over 185 Countries. We passed legislation that had not been accomplished for over ten years by other students. Part of success is respecting all kinds of people with different values and religious beliefs and getting them to agree on a common course.

The Lt. Governor is the Leader of the Senate and must convey a sense of harmony and calm to the members. Relaxed and happy people are civil to each other and work together on fixing serious problems like the coronavirus. I have Legal and formal education to do the job. I will stand behind legislation that protects children, improves education, improves environmental protection and makes good common sense. As a child, I went to the very accepting and loving First Christian Church near the Fair in Puyallup.

Education: Bachelor’s from Georgetown University (2003); Master’s from University of Washington (2017). First in my family to attend college.

Community Service: Board of Directors, Washington Institute for Public Policy; Board of Trustees, Seattle Repertory Theater; Honorary Trustee, National Nordic Museum. Past Board Service: Youth Suicide Prevention Program, Community Transit, Snohomish County Board of Health.

Statement: As the son of a carpenter and school lunch lady, I learned the importance of hard work, education, and opportunity for all. These values have guided my public service and advocacy for working people and the vulnerable. I’ll build on my record of proven leadership and break barriers as Washington’s first openly gay statewide executive.

The Lieutenant Governor’s most important job is serving as Senate President. As the only candidate who has served in the Senate, I’m uniquely positioned to get results. I’ve used my position to prioritize paid family leave program in the country, close big business tax loopholes, expand voting rights, protect reproductive healthcare, build light rail, and pass critical COVID-relief. While Congress is mired in gridlock and special interest money, here in Washington we’ve taken bold action, often with bipartisan support. As Lieutenant Governor, I’ll keep fighting for inclusive economic recovery, universal healthcare, and quality education accessible to all.

Endorsements: Lieutenant Governor Cyrus Habib; Washington State Labor Council; Washington Conservation Voters; Alliance for Gun Responsibility; UFCW 21 (nurses and grocery workers); over 50 Senate and House colleagues; multiple Democratic organizations; hundreds of city, county, tribal and community leaders statewide.

Raised in Orting, Washington, Michelle is a grassroots inspirational leader in government and business. With Portuguese, African and Irish heritage, Michelle serves all people equally. As a single mother raising three daughters, Michelle put herself through Bachelor’s, Master’s and Doctorate programs. As an experienced organizational president, she is a prepared parliamentarian. Michelle built a financial firm and created over 80 jobs for Washingtonians. Michelle is equipped to lead Washington to economic healing through innovative job development.

Michelle’s policy initiatives are rights for women and children. When women own homes, there is less child abuse and less domestic violence. Michelle supports people healing from dispossession through access to home ownership by expanding Washington’s down payment assistance programs. She advocates increased rental assistance to address homelessness. Michelle is addicted to positivity and promotes collaborative and inclusive policy making.

Michelle supports tuition free college and vocational programs for all students through multiple pathways. Michelle advocates improved services for those living with developmental disabilities and mental illness. Michelle is a teacher and published author on Innovation and Transformational Leadership. Michelle supports businesses becoming environmentally sustainable and seeks innovative technology to make this into reality.

Professional Experience: Narbeck Wetland Sanctuary, Board Member; Washington Business Alliance, Member; Washington Airport Management Association, Past Vice President

Education: I was born and raised in Washington. As a 10th grade dropout with a GED I had to work from the bottom, up. Having worked in forestry and construction, then a decade as a Aircraft Rescue Fire Fighter and finally, a career in the aviation field, I have great respect for hard work and understand the value of a hard earned dollar. I’m grateful for those who mentored me along this journey and now ask for your vote to become your Lieutenant Governor.

Statement: Our state government has piled on draconian restrictions, many of us were completely broken, businesses in shambles, life dreams and hard work crushed, incredible unemployment, families ravaged by state government. Do you want more of the same?

Imagine a state where crime and homelessness are dealt with, where 10th through12th grade students transition to living wage jobs. Imagine transportation under control with a plan we can afford that solves mobility problems around our state, low taxes, fear of a state income tax is a bad memory of the past failed policies.

Now imagine a Lt. Governor that will stand up for you regardless if you are Republican, Democrat, or Independent. Imagine what it would be like to have control and a direct connection to voice your opinions. Imagine what it would be like to work toward the common goal of getting our states economy up and running so you and your family can prosper.

Imagine a time when your vote counts now more than ever. I believe I am the best candidate and with your vote I promise to serve diligently on your behalf. I humbly ask for your vote for Lieutenant Governor - thank you, Bill Penor

It includes a future that provides for safer, cleaner and more vibrant communities, an accountable and fiscally responsible government that is looking out for you. A future where every child gets his or her best opportunity to succeed is by having multiple educational pathways to choose from, including college, online learning, CTE, VOC Tech, Charter schools, the Trades, and Apprenticeships. A future where it is easier to start a business, buy a home, and commute to your job—a future where elected officials model integrity, defend your God-given rights, and value all equally. I have 35 years of leadership experience that spans Healthcare, Housing, Media, and Femininity and decades of community service. That balanced with having grown up with a ranching and farming heritage, the values learned as an Eagle Scout, and a heart of collaboration. I will use the Legislative and Executive tools of the office to fight for a better future for all.

Top 2 Primary
The purpose of the Primary is to reduce the number of candidates to two for the General Election.
• Voters may vote for any one candidate in each contest.
• Voters are voting for candidates, not choosing a political party’s nominees.
The two candidates that receive the most votes in the August Primary advance to the General Election. Candidates must receive at least 1 percent of the total votes cast for their position in order to be placed on the General Election ballot. It is possible that the two candidates who advance to the General Election prefer the same party.
Secretary of State – 4-year term

The needs of this office have changed. It’s time for a new era in Washington state government more representative of the people and by the people. It is not for the corporations and by the people. It is time that those running our government understood this and acted in the best interests of the public.

Statement: Many recognize the flaws in our elections, and we know these flaws create imperfections in government. We should never feel limited to choosing the lesser of two evils when voting in our diverse state – and compromise, empathy, and respect should be encouraged in government. If you agree, even partially, please visit edminger.com.

As a candidate I refuse to purchase advertising. Beyond that, I offer new, strategic, nonpartisan ideas. First, reduce the expectation of two-party victories by allowing 3-5 people to compete for your vote. Implement approval voting to end fears of wasting a vote on your true preferences. Second, special interests and donors purchase preferential access to leaders, and they’re understandably concerned about losing access. Don’t fight them. Prohibit candidates from running paid advertising, and the necessity for donations will fall tremendously.

I have a handful of other ideas around one goal, making our representative government more representative. That’s it... I don’t blame people, parties, or special interests. The flaws in our elections have created imperfections in our government. When we improve elections, officials will be free to become their best selves. —Your visit to edminger.com is a critical step towards addressing our shared beliefs.

Gentry Lange

Statement: If you elect me Secretary of State, I pledge to kick corporations out of the vote counting system, reclaim public ownership of elections, and restore the secret ballot. I will use this campaign, and the position of Secretary of State, to champion economic recovery for small businesses, workers, the unemployed and the marginalized.

Private companies currently control your vote counting software. Clear Ballot, Dominion (formerly Diebold), ES&S, and Hart Intercon, are the four companies in Washington with certified software to count your vote. Your mail ballot is counted by proprietary, trade-secret, software. To fix this, I will implement the use of publicly owned open source software if elected.

For too long, the Secretary of State has been functioning as a marketing and sales position for big corporations. My goal is to focus this position on the economic needs of those who work essential jobs, run small businesses, and do the work vital to our families, our neighbors, and our communities.

Government is for the people and by the people. It is not for the corporations and by the corporations. It is time that those running our government understood this and acted in the best interests of the public.

Kim Wyman

Statement: As Secretary of State, my most critical responsibility is to inspire public confidence in Washington’s elections. We achieve that when access and security are balanced. That’s why we created a secure statewide voter registration system to implement accessible same-day voter registration; established the first Elections Security Operations Center to respond to foreign interference and cybersecurity threats; and coordinated the efforts to develop robust state and county continuity of operations plans to respond in a pandemic.

Because Washington is a nationally recognized leader, we have been able to help other states innovate and secure their elections by expanding mail-in voting options during the coronavirus pandemic. I am proud to be the only candidate with elections experience – in fact, I’ve run over 120 elections in Washington.

This has helped earn the endorsements of all three former Secretaries of State and over 50 Democratic, Republican, and independent County Auditors and Elections Directors. They understand the complexities of this job and share my passion for accessible and secure elections, streamlined business services, open public records, and preserving state history.

I ask for your vote to continue this important work and maintain the nonpartisan integrity and citizen-oriented philosophies of this office.

Gael Tarleton

Statement: Voting rights and election security are under attack across the country. In a time of persistent voter suppression and election interference, we need a Secretary of State who will boldly defend every vote and every voter.

I’m running for Secretary of State because I have 30 years of experience as a senior defense intelligence and national security analyst defending our country from attacks. I believe that this office needs a new type of leader to protect our election systems and voter information against current and emerging threats.

Currently, our national and state election officials are putting party before our democracy. Our state’s top election official has not denounced threats to defend the US Postal Service or condemned dangerous attacks on voting by mail. These threats to election security must not go unchallenged. In contrast, as a legislator I’ve supported every effort to expand voting rights and have passed bipartisan laws to protect elections and election workers for all of us.

The needs of this office have changed. It’s time for a new era in Washington state elections. I am prepared to face these challenges and lead through the uncertain times ahead. I’d be honored to earn your vote.
State Treasurer – 4-year term

Duane A. Davidson  
(Prefers Republican Party)  
Phone: (206) 775-8762  
Email: info@DavidsonforWA.com  
Website: https://davidsonforwa.com/  

Elected Experience: Washington State Treasurer, 2016-present; Benton County Treasurer, 2003-2016.  
Other Professional Experience: Certified Public Accountant (CPA); Certificate in Public Treasury Management (CPTM); former Chief Finance Officer for Benton County Auditor’s Office; former Assistant State Auditor, Robert Utter YMCA Youth & Government Leadership Award 2018.  

Education: Bachelor Degree in Accounting, Central Washington University; Associate Degree, Bellevue Community College, Bellevue, WA.  
Community Service: Chair of Banking Committee, National Association of State Treasurers (NAST); Past Vice President Western Region, NAST; Past President, Washington State Association of County Treasurers; Past President, Atomic City Kiwanis and Tri-City Industry Kiwanis; Past Treasurer Tri-City Kiwanis Foundation; former Church Treasurer.  

Statement: It is an honor to serve you as State Treasurer. I’m proud of the achievements my office has made with the help of an excellent Treasury team. I’ve been a strong advocate for an adequately funded Rainy Day Fund and will continue to steadfastly protect pension reserves and work to eliminate the unfunded pension liability. I will continue to advise the legislature on reducing the amount of state debt that is too high. I’m proud of the state debt refinancing that saved the state over $450 million in interest and achieved a triple-A bond rating for the first time in state history. We will continue to expand the programs that help local governments with their financing & investment opportunities and continue to grow the financial literacy program.  
Managing public funds should not be subject to partisan politics. That is why I’m proud and honored to have the endorsement of past State Treasurers Mike Murphy and Dan Grimm, both Democrats. Bipartisan support is also evident in the over 50 current and past County Treasurers and County Officials that have endorsed my re-election.  
I humbly request your vote to continue the work safeguarding public funds and increasing the transparency of state finances.  

Mike Pellicciotti  
(Prefers Democratic Party)  
Phone: (253) 874-7934  
Email: Mike@electmikep.com  
Website: www.electmikep.com  

Elected Experience: Washington State Representative; House Capital Budget Committee Member.  
Other Professional Experience: Mike’s broad experience is needed to lead us through today’s complicated legal financial challenges. An economic crimes prosecutor (Assistant Attorney General), Mike managed a State unit of financial examiners, auditors, and fiscal analysts that returned over $30 million to taxpayers from financial fraud and government waste.  
Education: Bachelor’s degree (Business Administration, economics minor); Master of Rural Development (Fulbright Scholar, economic development); Law Degree, Gonzaga.  
Community Service: As Washington Equal Justice Coalition Chair, Mike advocated for homeowners unlawfully foreclosed upon, veterans denied benefits, and predatory lending victims. Federal Way Chamber of Commerce, St. Theresa’s Church parishioner.  

Statement: Mike will be an independent treasurer who has never accepted corporate campaign donations. He will stop the longtime practice by treasurers of investing in the same corporations that fund their campaigns. Mike shares our Washington values; the incumbent treasurer supports Donald Trump for President.  
A financial transparency champion, Mike led efforts to make the legislature’s records open for public view. He passed laws to expose “dark money” in politics. He wrote the Corporate Crime Act that increases financial penalties by 100 times. The Treasurer’s Office thanked Mike for working to pass laws that improved treasury investments.  
Mike will put working families’ and retirees’ needs first. He will fight to return a billion dollars of Washingtonians’ unclaimed money stuck in the treasury back into your hands. Mike opposes a personal income tax and successfully supported laws reducing property taxes.  
The son of educators, Mike will keep a watchful eye on your $100 billion pension investments. He won’t miss required Investment Board meetings. The incumbent treasurer personally attended just 3 of these 18 critical pension meetings since the fall of 2017. Endorsed by: Washington Education Association, State Nurses Association, State Labor Council, Washington Conservation Voters, Senator Patty Murray and leaders throughout Washington.

Statement: We deserve a leader with both management and technical expertise who can lead the agency to modernize the audit process. We deserve a leader who does not hedge political ties preventing him from maintaining independence and objectivity. We deserve a leader who understands and will implement industry best practices. Most importantly, we deserve a leader who knows how an auditor should lead before, during, and after a crisis. I am that leader.

In fast moving situations, leaders must understand their capabilities and be decisive. They must also have the professional knowledge and experience to justify their decisions. An early window appeared during the pandemic where quick and decisive leadership may have helped to identify some of the weak spots in government. For example, an audit of the state’s unemployment office may have identified deficiencies in preventing the estimated hundreds of millions in fraud. This was a missed opportunity to provide accountability. As a CPA and a proven leader who has routinely made these types of decisions, I have the experience to be the effective leader we need.

Washingtonians no longer need to choose between leadership and expertise. I will bring both to this office.

Professional Experience: I spent 11 years as a police officer and detective, 3 years of this as a law enforcement performance auditor. Previously, I ran a grocery department with approximately 50 employees and $400-500k sales per week.

Education: I obtained my B.S. in Molecular Biology from UW in 2007. I am also finishing my MBA in Finance from WSU. Additionally, I hold several professional certifications through my job in law enforcement, including a performance auditor certification from ILCAA.

Community Service: I operate an animal rescue called Secondhand Hearts on our farm and also rescue horses from kill pens across Washington.

Statement: The State Auditor’s Office deserves someone who will finally unlock its full potential to serve Washington. This position has a vital role in oversight of your public dollars, but it also has the power to perform auditing that can change the way government agencies spend that money more efficiently.

I am the candidate in this race that has the most hands on experience with government auditing and government process at the investigative level. I also have perspective on all types of Washington governments instead of those just within our major cities.

We need an auditor that combines all of this experience with a desire to bring lean business practices to the office and to make recommendations in Washington agencies that will create jobs and opportunities across all of our state. Wherever my department can find opportunities for us to spend money on products and materials made by Washington businesses, we will recommend these opportunities be prioritized by our state government.

This November, remember that your auditor should be less about their party and more about their boss: You.

Awards for land conservation, access for justice and open government; Star of Destiny Award, Tacoma Historical Society; Distinguished Alumni Award, University of Washington Tacoma; Secretary of State’s Auditor of the Year, 2005.

Statement: I have had the honor of serving as the elected Washington State Auditor for the past four years. I am proud of being the first woman to hold this position. Prior to State Auditor, I served as Pierce County Executive and Pierce County Auditor. I have a proven and tested public record of leadership.

As State Auditor, it is a privilege to lead over 400 employees working across the state to provide fiscal and accountability audits of all local and state governments. We have increased the number of cybersecurity and performance audits, while conducting numerous investigations including uncovering the largest fraud on record.

My vision to “increase trust in government” means greater transparency and accountability of public money. To accomplish this goal, I have created a user-friendly, interactive website that gives you important information about each government that serves you. Having an independent, objective review of public dollars is the hallmark of my work at the State Auditor’s Office.

I have been endorsed by many people and organizations, which are listed at my website: www.patmccarthy4auditor.com. I am seeking re-election to this important job and ask for your support.

**Statement:** I’m running to be your Attorney General because as a lifelong Washingtonian and father of four little kids, I believe we deserve a better, safer Washington. Everyone agrees that the homeless situation in our cities has spiraled out of control, and no one is doing anything about it. This is unacceptable! For 8 years, homelessness, drug abuse, and crime have been on the rise. As Attorney General, I will make this a priority. I am dedicated to making sure law enforcement and first responders have the tools, training, and resources they need to do their job well. As an owner of a 3rd generation manufacturing company, I understand the struggles that Washington businesses face every day, and I will fight to make Washington a more business friendly state. I’m proudly endorsed by a former Washington Attorney General, State Senators, State Legislators, County Sheriffs, first responders, radio talk show hosts, business owners, community leaders, and many more elected officials from all over the state! Thanks for your vote — it’s time to roll up our sleeves, get to work, and take back our streets and parks.

**Statement:** As the son of a World War II refugee, Mike understands what tough times are like. People are hurting. True leadership is rare. Decisions impacting our lives and livelihoods are guided by partisanship and not the rule of law. It’s time we changed that.  

As your Attorney General, Mike Vaska will protect the Evergreen State, not advance a partisan agenda. He’s the only candidate with decades of legal experience, which he’ll use to improve public safety, protect consumers, and be an independent check on state power.  

State government must take an all-hands approach to rebuilding our economy by supporting small businesses, farmers, and all workers. Mike will convene a “Create Jobs Now” task force to streamline permitting and reduce regulatory burdens. Mike will demand results to end our state’s homelessness and public safety crisis, bringing people together to find real solutions – not relying on the past’s failed policies.  

Mike has earned bipartisan support from statewide leaders we trust like Governor Dan Evans, Attorney General Rob McKenna, former Congressmen Dave Reichert and Sid Morrison, and local leaders like Spokane County Commissioner Mary Kuney. As your Washington Attorney General, Mike Vaska will work with the Washington State House; Stronger Families; Maltby Food Bank; Stronger Families; Maltby Food Bank; Stronger Families; Maltby Food Bank; Stronger Families; Maltby Food Bank; Stronger Families; Maltby Food Bank; Stronger Families; Maltby Food Bank; Stronger Families; Maltby Food Bank; Stronger Families; Maltby Food Bank; Stronger Families; Maltby Food Bank; Stronger Families; Maltby Food Bank; Stronger Families; Maltby Food Bank; Stronger Families; Maltby Food Bank; Stronger Families; Maltby Food Bank; Stronger Families; Maltby Food Bank.

**Statement:** Olympia has become unresponsive to the people of our state: Tax increases during times of budget surplus, legislative votes in the dead of night, little-or-only and “ghost” bills. I want to represent the forgotten people of our state.  

As attorney general I will focus on public safety, government accountability, and safeguarding all of our civil rights. During my law enforcement career I gained experience impartially enforcing the law at the street-level, researching and setting criminal justice policy, and supervising in a large government organization.  

Personal and governmental accountability are passions of mine. Equal protection under the law means just that; the rules must be applied to everyone, equally. While conducting internal investigations in law enforcement and education settings I strove to ensure that all were treated fairly but were also accountable for their actions.  

I recognize the role of government is to protect the rights of all individuals, that government derives its power from the consent of the governed, and that the government does not grant your inalienable rights. As attorney general I will represent you, the people of Washington and I will not compromise when it comes to protecting your civil rights.

---

**Statement:** A fourth-generation Washingtonian, husband and father, Bob Ferguson takes on powerful interests, protects taxpayers, and prosecutes violent crime.  

Bob brings more consumer protection cases to court than all previous Attorneys General – and hasn’t lost. Bob beat Comcast in trial. Now they’re paying millions for ripping off Washingtonians. He’s protecting consumers from price gouging by pharmaceutical companies and prosecuting corporations that defraud taxpayers. He made corporations that acted illegally pay more than $500 million to taxpayers, including $170 million in direct checks to Washingtonians.  

Bob’s helping end the backlog of untested rape kits. He’s prosecuting child sex predators. He successfully prosecuted for human trafficking and repeat DUI offenders. He partners with AARP to combat cybercrime. Bob is from a family of veterans. He fought housing discrimination against disabled veterans and provides services for homeless veterans.  

Bob created an Environmental Protection Division to protect clean air and water. He stopped hazardous waste dumping in Puget Sound and protected Washington’s coast from offshore oil drilling. Bob is independent. He vigorously enforces campaign transparency laws against all parties. Bob is a good man and he will fight to make Washington a more business friendly state. I’m proudly endorsed by a former Washington Attorney General, State Senators, State Legislators, County Sheriffs, first responders, radio talk show hosts, business owners, community leaders, and many more elected officials from all over the state! Thanks for your vote — it’s time to roll up our sleeves, get to work, and take back our streets and parks.

**Elected Experience:** Commissioner of Public Lands 2017-present; Bainbridge Island City Council 2008-2011; served on Puget Sound Regional Council Economic Development Board; and Puget Sound Salmon Recovery Board.

**Other Professional Experience:** Nonprofit Executive Director 2011-2015, developing solutions to statewide natural resource and economic development issues; Attorney, representing communities, local governments, tribes, unions, and nonprofits on agriculture, forests, fish and wildlife, aquatics, and labor issues.

**Education:** JD, Northeastern University; BA, Smith College.

**Community Service:** Former board member of Conservation Northwest and Washington Environmental Council.

**Statement:** Hilary Franz is proud to serve as Commissioner of Public Lands. She is relentless in creating bold, transformational change. As the leader of Washington’s wildlife fighting force, Hilary pushed for new strategies to reach fires quickly and keep them small. She then secured record-setting funding for our wildland firefighters. Hilary is a defender of our public lands. When the federal government tried to open our waters to offshore drilling, Hilary refused to allow drilling equipment to cross our coastline. In the face of climate change, Hilary is prioritizing wind and solar power and making investments to save our forests. Hilary leads by bridging divides and bringing people together. She’s earned high marks from leaders across the state, including from conservative leaders in rural Washington, who’ve praised her willingness to solve local issues, increase funding for schools, invest in rural economic development, and tackle our forest health crisis. Hilary’s Washington roots run deep, from her grandparents’ cattle ranch in Pierce County to raising her three boys on a farm on Bainbridge Island. Endorsed by the Washington State Labor Council, National Women’s Political Caucus, Washington Conservation Voters, Sierra Club, Washington Education Association, and Democratic and Republican leaders across Washington.

**Statement:** These days, partisan politicians have become overbearing and lost the original purpose of this country’s core mission statement: To promote the liberty, freedom, and the ability to pursue happiness for the American public.

I, Kelsey Reyes, will ensure partisan politics has no place in our public lands and we will continue to push for environmentally-backed reform that isn’t based on personal feelings or corporate desires but rather objectively with science. It is time to remind our citizens that they hold the power in our nation. Elected officials should be honored to represent you and work for you, but understand that they do not rule over you nor should they act without taking accountability for their actions.

As such, as your Public Land Commissioner, I will place the needs of the environment and the people, above the needs of the State, political parties, corporations, and lobbyists. This nation is founded by the people, and its land is owned by “we the people.” The condition and health of how we leave the lands for the next generation is my utmost important role when I am elected as your next Public Lands Commissioner.

Superintendent of Public Instruction (Nonpartisan) – 4-year term

Ron Higgins
(Prefers Republican Party)

Other Professional Experience: Certificated Math Teacher, Washington and California; 10 years teaching in 7 Washington districts and inner-city Los Angeles (public and charter schools; urban, rural, vocational, and alternative schools; all grades K-12; all subjects, including bilingual [Spanish and Russian] and special education). Retired engineer. Marine Corps Vietnam veteran helicopter pilot; retired Marine Corps Reserve Lt. Colonel.

Education: MS, Chemical Engineering, University of Washington; MS, University of West Florida; BS, Cal Poly; licensed professional engineer.

Community Service: Union Gospel Mission; Boy Scout Leader; Red Cross blood platelet donor; youth soccer referee; school bus driver.

Statement: I’m Ron Higgins, the conservative candidate for Washington State Superintendent of Public Instruction. I’m a teacher, an engineer, and a retired Marine. I’m pro-life, pro-family, pro-Second Amendment, pro-property rights, and pro-free enterprise. Having taught in Washington state schools for 10 years, I know our schools are failing our children. I’ve met high school students who didn’t know how to add fractions or the sex of the birds they were looking at on their field trip. Our schools should be teaching the communication, computation, and civics skills our kids deserve better. Vote Ron Higgins to put the public back in charge of public education.

Elected Experience: Not a politician, bringing a much-needed new perspective to our school system!

Other Professional Experience: Business owner; School teacher; OSPI Student Data Task Force, Opportunity Gap Oversight Committee; Washington State Commission on Hispanic Affairs; Seminole Marshall Scholar; first Washingtonian selected for global education forum.

Education: MS, Curriculum and Instruction, Western Governors University; BBA, Pacific Lutheran University; AA, Running Start, Pierce College; Clover Park HS; attended a dozen public schools nationwide.

Community Service: Center for Latino Leadership Director; Youth Soccer Coach; School Auction Chair; Coffee Oasis youth shelter Core Team Member; Tacoma Arts Live Board Member; Catholic Daughters Association; Civil Air Patrol; PLU Business Network Board.

Statement: Our schools are facing a defining moment. Teachers aren’t happy, families are stressed, students are struggling, and the opportunity gap is widening. The delivery of public education has changed dramatically, and we’ve been forced to adapt. Now is our chance to reimagine a better education system because the status quo is no longer an option.

To improve our school system, we need to: use technology to innovate classrooms and unlock possibilities for more personalized learning; provide school schedules that fit the needs of working families and teachers; and teach students key life skills, like managing finances, living independently, and resolving conflicts. With kids of my own in public schools, I support parental choice and local control. Meanwhile, nearly half of Washington’s students are struggling to meet state standards in core subjects. I am endorsed by parents, teachers, and school board members across Washington because I respect community input.

I am running for Superintendent because I believe our kids deserve better and can achieve more. If elected, we will update our school system to meet the needs of families, teachers, and the future economy.

**Community Service:** Superintendent of Public Instruction (Nonpartisan) – 4-year term (continued)

**Statement:** This election is important to the future of our Republic. The purpose of public instruction is to help children and young adults to become enlightened citizens. Given the disordered state we’re living in, it seems obvious that educational policy must be to: 1) set the standard, 2) make sure our taxpayers have the final say, 3) teach our students to be even more prepared for tomorrow’s workforce, 4) build more career and technical education programs; and 5) We must increase our investments in our children.  

**Education:** Washington State University: Bachelor of Science Education, University of Washington: Master’s Degree in Education.

**Education:** MIS Project Management, City University of Seattle; Bachelors, Business Administration, University of Washington; AA Skagit Valley CC; Technical training, US Navy.  
**Community Service:** Volunteer classroom helper, Educational Foundation member, active church member.  

**Statement:** As a parent and teacher, I understand how crucial it is that every child has an experienced teacher and a safe school environment. But I also think it was wrong for Olympia bureaucrats to shut down every school in our state regardless of the circumstances in each local school district. It makes no sense to shutdown schools for months at a time when there is not even a single case of any child in any school anywhere in our state transmitting the corona virus to any adult. The closure decision should have been left to local school boards – as it has always been in the past.  

**The scientific research has been clear:** thanks to their remarkable immune systems, children were never a risk to adults! Yet our schools were closed for months simply because hapless bureaucrats in Olympia believed inaccurate studies claiming millions of people were going to die unless all of our schools were closed. In fact, through May, about 600 fewer people died in Washington this year than last year! I am running for Superintendent to restore common sense to Olympia and local control to our public schools. **Statement:** Why pick Wick for Superintendent?  
**We can all agree:** Education is a core value so important that it’s written into our state’s constitution. With the exception of the quarantine, educating our students today looks much like it did when Washington’s constitution was ratified in 1889. The same can’t be said for today’s world, changes come faster with each new day. I believe that we can do a better job preparing our students to meet tomorrow’s opportunities. Decisions I made as school board director always contained the answer to the question: “How does this benefit our students?” I will do the same as your state superintendent. I will ensure we focus our attention on that most important educational relationship: the one between the teacher and the student. I know how school districts operate and will work effectively and efficiently deliver a quality education to our students. As an adjunct instructor, I have had real world experience teaching students online from around the world.  

**Vision:** My vision is to eliminate “good schools” from real estate ads because every school in Washington will be a wonderful place to learn. Please join me as we shape the future of education in Washington state.

**Statement:** Thank you Washington voters, I am grateful to serve as your State Superintendent. We have achieved so much together: Record graduation rates with more rigorous course taking; Dual language learning is expanding; Supports for students with disabilities are growing rapidly; College courses are increasing in our high schools, saving families tens of millions of dollars in tuition; Civics is a graduation requirement again; Career and technical education is now a graduation pathway option; School construction is at an all-time high, creating thousands of jobs; Teachers are finally earning competitive market salaries; and healthcare has been expanded to thousands of additional school employees.  

“We have major work ahead of us: 1) Emerge from COVID-19 better connected; 2) Enhance mental health and other student supports; 3) Improve kindergarten readiness; 4) Build more career and technical education programs; and 5) We must ensure that rural communities have equitable access to educational resources. It will take experienced leadership to maintain our investments and further improve student achievement. I am the first Superintendent in more than 30 years to have kids in public school during my service. I am endorsed by Washington’s Teachers! I would be honored to earn your vote.

Elected Experience: This would be my first elected position as I am of age to hold office now.

Other Professional Experience: Fully Licensed Insurance Agent with Property, Casualty, Life and Disability Insurance Licenses. Have been involved in the industry for 21 years.

Education: I am going to use the O.I.C. to acquire and manage 168 students as I need in order to major in Every Degree at UW

Community Service: I have volunteered with the National Multiple Sclerosis Society and the Hole in the Wall Camps and will look for as many philanthropic endeavors as I able to incorporate into my schedule as Insurance Commissioner.

Statement: I am running for Commissioner to protect my family and yours from government and insurance corruption. For decades Washington families have been affected by rising rates, increasing deductibles and lack of choice with insurance. Under my leadership, we will increase choices for health insurance plans including health sharing memberships and reduce costs. For the diverse needs Washingtonians we need diverse solutions. I support allowing insurance to be purchased across state and national lines, creating a la carte options, catastrophic coverages, removing taxes on insurance and healthcare and putting patients in control. I will abolish mandatory credit checks on insurance, make it easier for new cost saving plans to be sold in WA and bring back legal defense insurance. I oppose career politicians and support term limits. Politicians get paid too much and have better benefits than average citizens. I call for a reduction in salary for State Executives while also abolishing the taxpayer funded health insurance and pensions they receive. Lobbyists, corporations and the government have far too much power, which I intend to give back to the people. I am pro government transparency, anti crony capitalism and I support all of your freedoms all of the time. Be Free.

Statement: Mike Kreidler is a strong and independent voice who continues to stand up to powerful industry interests as an advocate for insurance consumers. In his first five terms as In-surance Commissioner, Mike Kreidler saved consumers in our state over $300 million in auto and homeowners’ insurance by cutting excessive premium rates. His consumer protection staff has helped thousands of Washingtonians with insurance problems, recovering over $200 million in wrongfully delayed or denied claims. The people of Washington deserve quality health insurance. Mike Kreidler has worked tirelessly to make sure insurance companies can no longer deny coverage. He convinced the Legislature to pass law protecting consumers from receiving surprise medical bills from emergency services. He will continue working with community, business, and legislative leaders to further improve access to affordable health care and reduce the number of uninsured in our state, especially during their time of greatest need. Mike Kreidler is a proven leader who has served the people of Washington with dedication, fairness and hard work. He consistently earns endorsements from consumer, labor, business, retiree, educa- tional, health care organizations, and individuals across our state. Please join them by electing Mike Kreidler to another term as Insurance Commissioner.

Statement: I am an autistic savant who has extensive knowledge and the many of the abilities of the President Reagan and President Jefferson Presidencies that I will incorporate into running the O.I.C. externally like the Reagan Administration and Internally (within WA) as the Jefferson Administration. I am the only candidate who has incorporated Specific Roles for Mr. Kreidler and Mr. Welti in the Office of Insurance Commissioner: I will be the External Insurance Commissioner for 65% of the time, Mr. Kreidler and Mr. Welti would each be External Insurance Commissioner for 20% of the time if I am elected Insurance Commissioner. I would fill the roles of Ronald, Nancy and Nixon, and Mr. Kreidler would be assigned the role of Carter and Mr. Welti would be Gerald Ford.

As for Internally, I have found 168 Honorable Insurance Agents all of whom are more qualified then myself to each serve in 1 hour increments as Internal Insurance Commissioners of Washington state. That is how the Jeffersonian movement to Counterbalance and stabilize the Affordable Care Act. Additionally, I am fully willing and prepared to work with the either the Trump or Biden Administration.

Statement: As elected representative, our immediate focus must address an economy that has been ravaged by a combination of Covid-19 and some responses by government that often did more harm than the virus. In recent history Washington enjoyed a growing surplus as a direct result of policies that allowed business to thrive. Greater consumer confidence allowed for the collection of more sales tax revenue. Unfortunately monumental increases in government spending and additional covid response has strained our budgets! Government response be reigned in. We’ve seen Olympia ignore the will of the people in such matters as the sex-ed bill, new taxes and unwanted fees. I’m running to rectify this disparagement. A significant amount of new tax burden was generated in the name of being good stewards of our environment. I am a life-long environmentalist always doing my part to minimize impact on the land, long before it became a front-and-center issue. We can have both a healthy environment and a prosperous economy using responsible policies that encourage and reward “green” thinking. Recognized for leadership, I have the ability to look at tasks from multiple perspectives and produce innovative solutions, increasing efficiency and positive results.

Statement: It has been an honor to serve you in the Washington State Senate. Together we’ve achieved great results - historical funding improvements for our K-12 public schools, expansion of workforce training and financial aid, reducing college tuition, helping military families with job and school transitions, and reforming our behavioral health system. We passed Orca protection legislation and addressed climate change with our 100% clean energy law. There is now much more to do as we work to recover from the COVID crisis. Our state entered this crisis in a strong position, ranked high nationally for our fiscal health and diverse economy. The next legislative session will be the most challenging in decades, and I commit to protecting our shared priorities as we rebuild our economy - our schools, our local businesses, our environment, and our public health system. During this recovery, I will work to get our region the support we need to help people stay in their homes, create new jobs, rebuild small businesses, increase access to higher education and apprenticeships, and make health care more affordable. Education: I am a Gig Harbor High School Graduate, and received my Associate’s degree from TCC while I was there. I’m currently finishing the last year of my BA in Economics at WWU.

Statement: I’m running for this position because the people of this district deserve a representative that will go to Olympia and fight for their interests above all else. As a young candidate, I have the energy, time, and passion to work every second to be a true advocate for the people of Gig Harbor, Bremerton, Port Orchard, and the KPS. I promise to take the time to listen to the community on all matters, and no matter whether we all reach the same conclusions on issues, I will always uphold and apply the values we have as a community.

Elected Experience: State Representative, 2014 - Present.  
Other Professional Experience: A software engineer and business owner, Jesse has advised companies globally in the industries of finance, healthcare, aerospace, and technology. These include, Russell Investments, Boeing, Swedish Medical Center, Premier Blue Cross, Kaiser Permanente, and Peoplesoft.

Education: Woodrow Wilson HS, Valedictorian and Washington State Scholar; University of Notre Dame, BBA-MIS.  
Community Service: Jesse kept his promise, and successfully led the effort to stop toll increases saving commuters over $200 million! A Rotarian, Navy League member, and adoptive parent through YWAM’s Adoption Ministry in Ethiopia, Jesse serves on the board of Harbor Hope Center fighting teenage homelessness on the peninsula.  
Statement: Growing up on the streets of Tacoma and experiencing homelessness as a youth; I know nothing else. I am blessed to have the opportunity to apply hard work and street smarts to become Valedictorian of my class and then graduate from Notre Dame. As your State Representative, I care about making sure those opportunities exist for everyone. Whether I’m standing against ineffective or anti-transparent government, working to strengthen our schools, or applying my career experience to get this economy going, I’ll continue working hard to serve you. Education: Pacific Lutheran University (Bachelor of Health Education and Communications), University of Washington (Master of Critical Infrastructure Planning & Management).  
Community Service: Board Director, Key Peninsula Community Services. Shop Steward for Teamsters Local 117.  
Statement: The coronavirus crisis has shown that we need leaders investing in our public safety, small businesses and our local economies. We deserve a State Representative who leads with integrity, solves problems and is ready to fight for real solutions to current — and future — challenges. As your Representative, I’ll fight for affordable healthcare and housing, childcare, and prioritize our environment and community’s safety.

I have the leadership and experience to produce results. I’m endorsed by Congressman Derek Kilmer, State Senator Emily Randall, unions representing nurses, firefighters, grocery, other frontline workers, and many more. I ask for your vote.

Elected Experience: State Representative: 2015-Present; Michelle is recognized for her bipartisanship, stabilizing bridge tolls and reforming the foster care system.  
Other Professional Experience: Michelle taught as an Affiliate Professor at the University of Washington for over a decade. She is a dentist who devoted her practice to caring for the nursing home population.

Education: Central Kitsap High School; AAS, Olympic College; Bachelors of Science, University of Washington; Doctorate of Dental Surgery, University of Washington.  
Community Service: Michelle has donated over $1,000,000 of dental care at the Key Free Clinic and to veterans, seniors and children. She is a foster mother and chaired the Access to Care Committee.  
Statement: Michelle Calder genuinely represents our district. Michelle shares our values, works well with others and has a record of working across the aisle to get things done for our community. Michelle supports our schools, opposed unnecessary tax increases, and has always been a voice for protecting our most vulnerable — especially foster children, sexual assault survivors and seniors.

We all know that partisan bickering is harming our state, especially our response to COVID-19. Michelle’s character, service as a foster mom, professional background as a UW Professor and nursing home dentist, are needed now more than ever in our state government.

Statement: My family has lived in Port Orchard for 5 generations (Snow & Hoskins) and that fills me with a deep sense of service to ensure my community is healthy and strong. Hwy 16 and 3 have been a problem longer than 15 construction in Tacoma. Increased taxation, especially at a time when families are stretched beyond their means, demands action on the problem. Education: University of Washington, Evans School of Public Policy & Governance, MPA (2019); Western Washington University, BA (2014); Central Kitsap High School (2010)

Statement: Our communities have fallen behind—harming families and businesses—because Olympia politicians care more about special interests than service. We need a new generation of leadership committed to common sense solutions. As a health policy analyst and 3rd generation district resident, I'll be a strong voice for local jobs, focusing on career training for vets and displaced workers, traditional industries we cannot lose, improving health outcomes, education our kids deserve, closing loopholes and giving struggling families a break. With your vote, I'll fight for you in Olympia.

Elected Experience: Served as County Commissioner since March 2011. Completing second full term.
Other Professional Experience: Martha & Mary from 2004 to 2011. Over twenty years experience in health/ human services with over a decade in senior management/ leadership. Served on the Kitsap Citizen’s Budget Advisory Committee.
Education: BA in Political Science from University of Rochester. Attended NACo County Leadership Institute
Community Service: Poulsbo Rotary Club for 16 years; 2005 Community Builder Award from the Poulsbo Chamber; first class of 40 Under Forty for Kitsap. Rob is actively involved in our community and brings a common sense, balanced approach to the Board.

Statement: I am honored to serve our great county. As Commissioner, I listen to and learn from all citizens. In my tenure, I worked to improve the quality of life across Kitsap County. A few recent accomplishments: added through the Kitsap Forest & Bay Campaign 4,000 acres into open space; secured over $2.1 million to address a long-term solution to ferry gridlock throughout downtown Kingston; passed the 1/10th of 1% sales and use tax for mental health and substance abuse; ensured responsible budgeting on an annual basis to support county services while maintaining solid reserves to weather economic volatility; removed barriers to development and stormwater capacity in downtown Kingston; chartered the SR305 Working Group that has stewarded funding for safety and congestion improvements; currently serve as the president of WSAC - a body that represents all 39 Washington counties on the state and federal levels, advocating for good policy ideas while pushing back against unfunded mandates. Over the next four years, I want to focus on: more permit process improvements; job sector growth, transportation infrastructure; affordable housing; and supporting Kitsap as a county in which to live, work and play. I ask for your vote to continue as your County Commissioner.

Biography: I was raised and have lived in Kitsap County for 57 years. I have raised 4 great adult children in Kitsap County. Completing four years of electrical trade school, passing the Washington State Administrators Test, I started and operated Henden Electric for 35 years. I have supported the community by being a Little League coach and a team sponsor for 30 years. Served as a board member and site foreman for Habitat for Humanity. Elected to 4 years on the North Kitsap School Board. Serving as electrical construction volunteer and supporter for Coffee Oasis.

Statement: I am running for Kitsap County Commissioner to offer a different path forward. Writing this in May, how have we handle the current business shutdown? I believe the Commissioner has a roll to understand, request reliable data, and to act. We are not New York when we have 2 deaths to Corona compared to 2354 County deaths a year. Let’s make data driven decisions, not fear driven. Business needs the County to have fair and responsive rules. My Dad worked for the Federal Government for 35 years and those are great jobs but we need the private work as well. For 25 years affordable housing has been on the decline to the point it takes twice the current income to afford what I could starting out. Growth Management, tighter energy codes, electrical code, stormwater, framing straps. The list goes on that drive-up costs. We need traffic solutions in Kingston, Navy Yard Traffic and Hood Canal Bridge. Ever more Taxes is a deep concern of mine. It is up to you, a path toward solutions or pretending after 8 year that a new study or program will fix our challenges.

Director, Humanities Foundation of West Virginia, Art Gallery, Sudden Valley/Bellingham, Art Galleries, Port Orchard and Seattle WA
Community Service: MCAC, liaison with Port of Manchester
Statement: My latest interest in the past art of our species in deep time, namely the art in caves of 30,000 years ago (1200 generations ago), especially the art in Chauvet Cave, in southern France, what it meant for the people then, now, and art and life of our species 30,000 years into the future, if we survive. Yes, I believe that we will, act in concert so that we can and will continue to explore and live elsewhere in our solar system and maybe beyond, but it will depend on our, trust, discipline and care to act responsibly relative to our environment and each other. Why not here in Kitsap County where the Corona virus has given us the pause to reflect and act accordingly.

Elected Experience: Kitsap county commissioner, parks commissioner, and precinct committee officer in Kitsap County.
Other Professional Experience: Small business ownership; teaching and creating local university options; coordinating housing for domestic violence survivors, promoting local transportation options, and international trade; held leadership positions in American Planning Association, Washington Boundary Review Board Association.
Community Service: donated countless hours for more than four decades. I created new organizations when needed (like South Kitsap Community Council and co-founding Port Orchard farmers’ market), and worked with community groups to improve job opportunities, human services, water quality, and land use.
Education: BA in sociology, and Master’s and PhD degrees in urban design and planning.
Statement: Kitsap County is a wonderful place to live, work and play. Our future depends on a strong economy, a healthy environment and local people working together. These are my priorities as your county commissioner!

During the economic downturn I worked diligently to protect vital core services for Kitsap County taxpayers as the county budget decreased. Today, the COVID-19 pandemic burdens every aspect of our community life. There is much to do on our phased Kitsap “Pathway to Recovery,” outlined by Kitsap Public Health and Kitsap Department of Emergency Management. I have the experience and knowledge needed to help us get through this trying time. As your commissioner, I will continue working with you on community-wide efforts to protect public health, support local businesses and workers, maintain transportation systems, and help our neighbors in need. I respectfully ask for your vote. With your support I can continue working to balance county budgets, create the jobs we need, engage communities and maintain the special qualities of Kitsap County. Together, we can make a difference!

Professional Experience: Oran is a retired Marine Corps Special Operations combat veteran and solutions-focused entrepreneur that founded and runs OSCAR 6, providing highly-specialized military training to Air Force and Navy personnel, and co-founded RuckPack Nutrition.

Education: Olympic College, South Kitsap High School, US Marine Corps, American Military University.

Community Service: Oran has proudly volunteered as a youth team leader for young men without fathers, a self-defense trainer to survivors of domestic violence, and a mentor to victims of child-trafficking. Oran frequently volunteered for the Escondido Fish and Wildlife Preserve while stationed in California.

Statement: Kitsap County needs strong and experienced leadership to help restore our economy and manage our budget. Over these next years we’ll need to make some difficult decisions to support the families and taxpayers of our community. My fiscal conservatism, small business perspective, and leadership experience will provide a critical role on our County Commission during the challenging times ahead.

As your next County Commissioner I will work to support the small businesses that have been devastated by the crisis. Hundreds of businesses and thousands of private-sector jobs have disappeared in a matter of months. We’ll need to do our part to rein in our County’s budget and make certain that our priority obligations – public safety, infrastructure, roads, and the health and welfare of our residents – are funded first.

It may take years to rebuild our economy, and we will be tested as perhaps never before. We will need to provide support for thousands who are struggling, without jobs, income, and housing. Our path to “right this ship” will rely on the revitalization of the private sector to support the revenues that fund our local governments while downsizing our County’s budget just as our businesses and families are doing now.

Proficient in personnel management and supervision. Extremely qualified in budget creation and management. I have numerous years of experience in handling large budgets and operating accounts. I have negotiated contracts between vendors and NASA. I have also negotiated contracts between unions and NASA management.

Education: U.S. Navy Veteran, Howard University, BSEE, University of Phoenix, BSBB.

Community Service: Lions Club of Bremerton, American Legion. Bremerton School District Back to School Fair, Abundant Life Four Square Church

Statement: I am here to provide a service to our community by way of commerce, recreation, environmental protection, and educational opportunities. I am committed to represent the public interest through thoughtful, practical processes, seeking multiple perspectives and to be a good steward of the public’s funds. It will be my duty to provide economic development for the benefit of all local citizens, which includes utilizing available resources for land improvement for commercial development. A priority would be a focus on infrastructure, which includes the repair of our neighborhood roads, and Internet connectivity for all areas of Kitsap and Mason counties. I have had extensive experience working with Federal and State agencies, while employed with NASA. I have worked closely with OSHA and the EPA to ensure correct methods and protections were used. As a small business owner I am familiar with both purchasing and sales, both local and international. I am a strong supporter of youth mentorship, work based learning and summer employment opportunities.

Education: BA in Sociology, University of Washington. Masters in Education, City University. Licensed mental health counselor.

Community Service: Past board member of Kitsap County Youth Diversion, Little League, and South Kitsap Football Boosters. SKSD at-risk youth mentor.

Statement: From juvenile detention officer to behavioral health counselor to managing Kitsap County’s Aging and Long-Term Care Division, I have devoted my career to advocating for Kitsap County residents of all ages and backgrounds. With over 25 years of experience in mental health, counseling, community needs assessment, program development, fiscal responsibility, and County administration, I will bring effective leadership to our county government and ensure everyone has the opportunity to thrive and succeed.

As the first in my family to graduate from college, I know the importance of opportunity for all. I will focus on workforce development of living wage jobs, inclusive housing options, fair local taxes, supporting education, and a clean environment.

In my current role, I manage 32 employees and a $5.5 million budget. My priorities as Commissioner will include COVID-related community health, economic recovery, and local business support. I have a record of solving local problems for the County and I will bring that experience to the office of Commissioner.

I understand the needs of Kitsap residents. My experience, values, and constituents will guide me in making effective, meaningful, and timely decisions for our County. I would be honored to serve you and ask for your vote.

Statement: It’s a blessing to have raised my family in Kitsap and see my 8 precious grandchildren grow up here. The most talented and industrious people call this area their home and I am honored to know many of you! I have been trusted to educate and train many of you, your children and grandchildren over the past 34 years. I treasure this community.

Our elected officials have lost their way and forgotten the only duty of their position is to protect our individual rights. Everything they do, every decision they make, every code they pass must follow that mandate. Instead, they’ve developed a permitting and taxing scheme to steal our property rights and drive out businesses or people from their homes because they can’t afford the ever-rising costs. Our government was never intended to force our collective destiny, but to protect your right as an individual to shape your own future without interference. As your Commissioner I will make every decision and approach every task, knowing my oath requires I be a guardian of your rights and responsible steward of our resources. I will stand with you against arbitrary and unconstitutional dictates from Olympia. We must fix this because “You matter”.
Ballots will be mailed by July 17.
