Proposals “must be used solely for the purpose of providing for the operation or delivery of chemical dependency or mental health treatment programs and services and for the operation or delivery of therapeutic court programs and services. Programs and services includes, but is not limited to, treatment services, case management, transportation, and housing that are a component of a coordinated chemical dependency or mental health treatment program or service.”

Approximately $6,000,000 will be awarded for projects or program services delivered between January 1, 2020 and December 31, 2020. Proposal Deadline: July 24, 2019 at 3:00 p.m.

Eligibility Requirements: All Continuation Grant Applicants must attend a Mandatory Continuation Grant Proposer’s Conference and submit a letter of intent on line to be eligible to apply for the 2020 TST funding. The “Continuation Grant Proposal Letter of Intent” will be made available at the Continuation Grant Proposer’s Mandatory Conference to be held on May 15, 2019 from 2:30 p.m. – 4:00 p.m. at Givens Community Center in the Olympic Room, 1026 Sidney Avenue, Port Orchard, WA. The “Continuation Grant Proposal Letter of Intent” is due May 31, 2019 at 3:00 p.m.

Background: In 2005, Washington State approved legislation allowing counties to raise their local sales tax by one-tenth of one percent to augment state funding of mental health and chemical dependency programs and services. This sales and use tax shall be known as “Treatment Sales Tax” or TST. The BOCC has the decision-making authority for funding decisions, the KCDHS serves as the fund manager, and the Citizens Advisory Committee (CAC) has the recommending authority.

Scope of Work: Proposals for TST funding must improve the continuum of care including prevention, crisis intervention, treatment and recovery support services identified in the 2014 Kitsap County Behavioral Health Strategic Plan and 2017 Strategic Plan Review. The Strategic Plan and Review can be found at https://spf.kitsapgov.com/hs/Pages/CAC-REPORTS-INFORMATION-PLANS.aspx.

I. BACKGROUND
The Kitsap County Department of Human Services (KCDHS) is requesting Continuation Grant Proposals for moneys collected under RCW 82.14.460 which must be used solely for the purpose of providing for the operation or delivery of chemical dependency or mental health treatment programs and services and for the operation or delivery of therapeutic court programs and services. In September 2013, the Kitsap County Board of Commissioners (BOCC) passed a resolution authorizing a sales and use tax for Mental Health, Chemical Dependency and Therapeutic Court Programs. Continuum of Care - The continuum of care describes the delivery of health care over a period of time. An integrated system of health care that follows a patient through time or through a range of services.

Cultural Competence - The ability of service providers and organizations to effectively deliver behavioral health care services that meet the social, cultural, and linguistic needs of program participants.

**Matching Funds** – Contributions of cash.

**Measurable Outcomes** - Outcomes are benefits or changes for individuals or populations during or after participating in program activities. Outcomes may relate to behavior, skills, knowledge, attitude, values, condition, or other attributes. To measure outcomes, you must be able to provide evidence that the outcome was or was not achieved. Below is an example of an individual measurable outcome objective:

- 90% of participants successfully completing the program will not reoffend during the subsequent 18 months.
- 85% of participants remain drug free (for example, no positive UA results) during the current quarter.

**Medicaid** – The federally funded social health care program for families and individuals with limited resources. In Washington State, Medicaid is called Apple Health.

**Return on Investment (ROI)** - A performance measure used to evaluate the efficiency of an investment or to compare the efficiency of several different investments. ROI measures the amount of return on an investment relative to the investment’s cost. To calculate ROI, the benefit (or return) of an investment is divided by the cost of the investment, and the result is expressed as a percentage or a ratio.

**Supplanting** - Means to “replace” or “take the place of.” Existing funds for a project and its activities may not be displaced by TST funds and reallocated for other organizational expenses. TST funds must not replace those funds that have been appropriated for the same purpose.

**Supportive Housing** – A combination of stable housing and behavioral health services intended as a cost-effective way to help people with mental illness or chemical dependency live more stable, productive lives. Services may be delivered by 24-hour staff on premises, staff located on premises during business hours, visiting support staff, or mobile behavioral health teams that visit residents several times per week.
**Sustainability** - Refers to the continuation of the project or program beyond the grant funding cycle. Sustainability answers the question, “How will you continue your project if you do not receive further funding?” The focus is on developing new and creative funding mechanisms to help organizations become more sustainable in the long term, allowing them to focus more of their resources on the important programs and services they offer.

**Sustainability Plan** – Developing an action plan to increase the likelihood of program sustainability.

**Treatment Sales Tax (TST)** – A sales and use tax for Mental Health, Chemical Dependency and Therapeutic Court Programs (1/10th of 1%).

**VI. PURPOSE AND SCOPE OF PROJECT**
Kitsap County seeks to assure that citizens and policy makers spend the funds collected in an accountable and transparent manner, with community input and support, and with measures to determine the effectiveness of these publicly-funded investments. The County will require appropriate oversight, accountability, and status and progress reports for programs supported with the TST. Each funded project or program will be evaluated according to performance measures for outcomes and cost effectiveness.

1. **Policy Goals**
Programs shall achieve the following policy goals:

- Increase the number of stable housing options for chemically dependent and mentally ill residents of Kitsap County.
- Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.
- Reduce the number of people in Kitsap County who recycle through the criminal justice systems, including jails and prisons.
- Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.
- Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.
- Improve the health status and wellbeing of Kitsap County residents.

2. **Program Evaluation**
Funded organizations must participate in the Evaluation Plan for TST Programs. Programs or services implemented under the TST are monitored by the Citizens Advisory Committee. Grantees will have an evaluation plan with performance measures developed for each funded proposal. This plan is developed in partnership with Kitsap Public Health District staff. The emphasis will be on capturing data at regular intervals that can be used to determine whether TST funded programs met expectations. Some common measures will be identified that programs will need to report. Evaluation efforts must include standardized data collection and reporting.
processes that produce the following types of information:

- Quantity of services (outputs) *required*
- Level of change occurring among participants (outcomes) *required*
- Return-on-investment or cost-benefit (system savings) *strongly encouraged*

Promising Programs and Best Practice Programs include services, strategies, activities, or approaches that have some scientific research or data showing positive outcomes in delaying an untoward outcome, but do not have enough evidence to support generalizable conclusions. Innovative Programs introduce new ideas, methods and concepts that have not yet been researched. Promising, Best Practice and Innovative Programs will be considered for funding, but must include a robust evaluation process. Preference will be given to evidence-based programs that maintain fidelity.

4. **Collective Impact**

The Kitsap County Board of Commissioners have recognized Collective Impact as a framework for making it possible for local behavioral health service providers to work together to help solve complex social problems, such as mental illness and chemical dependency. By working together with behavioral health partners from different sectors of the community, Kitsap County can transform a fragmented system of behavioral health programs into a coordinated system that is working towards improving the overall health of the community. An example of sectors working together for mutual benefits would include behavioral health treatment providers and housing programs. Housing advocates in Kitsap County have identified the lack of housing for individuals with behavioral health issues as one of their funding priorities. Behavioral health treatment providers have identified the lack of housing for individuals with behavioral health issues as a major gap in services. By working together these partners can develop and fund supportive housing programs that are mutually beneficial to both.
VII. **ANTICIPATED SCOPE OF WORK**
Kitsap County Human Services Department is requesting proposals for TST programs along a continuum of care including prevention, intervention, treatment and recovery support services. For purposes of this Request for Proposal, Kitsap County has established the following continuum of care to address the behavioral health needs of the County. Proposals must identify which gaps and recommendations from the Kitsap County Continuum of Care identified in the 2014 Kitsap County Behavioral Health Strategic Plan their project or program will address (see pages 10 – 14). In addition, Program Evaluation, Evidence Based programs and Collective Impact have been identified as priorities for improving and increasing the quality of program delivery.

X. REVIEW AND SELECTION CRITERIA
The Kitsap County Citizens Advisory Committee (CAC) will convene to review and evaluate eligible proposals and make recommendations to the Kitsap County Board of Commissioners. The CAC consists of persons who do not have a conflict of interest and are in alignment with the Bylaws and Mission Statement of the CAC. Continuation Grant Proposals will be evaluated using Attachment I: Continuation Grant Proposal Evaluation and Scoring Form. In addition, proposals will be evaluated for cost/price reasonableness. The CAC will convene to develop written questions they have regarding each proposal the week of August 26, 2019. Proposers will be notified of their questions in writing and will be scheduled for question and answer sessions the week of September 10 – 13, 2019. Proposers will have 15 minutes to address the questions from the CAC. The sessions are used to further the evaluation process and clarify questions raised by the written proposals. Be prepared to respond to questions about the proposal related to project design, community collaboration and the budget. Please bring the persons within the organization that can provide a response to these questions.

All applicants will be notified in writing of the acceptance or rejection of their proposals. If a proposal is not selected for funding, the organization may resubmit an updated proposal at the next grant cycle.

1. Request for Proposal Evaluation Process
The CAC members will individually evaluate and rate each proposal after which they will convene as a group and develop a list of questions for each proposal. Proposers will address these questions during the question and answer session. The CAC may request that applicants provide clarification or additional information. Following applicant question and answer sessions, the CAC will discuss the proposals and perform any necessary review or verification of their content. Based on the content of the proposals and the proposal question and answer sessions, the CAC will give final rankings to the proposals and present recommendations to the Kitsap County Board of Commissioners. County staff will provide support for the committee work, but will not participate in the selection of proposals.

2. Unacceptable Proposals
The CAC will also determine which proposals are not responsive to the RFP and therefore will be deemed unacceptable and will not be reviewed by the CAC for funding.

Some examples of what would constitute an unacceptable proposal are those which meet at least one of the following criteria:

A. Is not in compliance with RCW 82.14.460.
B. Does not address the essential requirements as part of the Project Narrative Questions in the RFP.

4. The Director of Human Services will render a written decision within thirty (30) working days of the receipt of the appeal.

I. **Waivers**

The right is reserved by Kitsap County to waive specific terms and conditions contained in this Request for Proposals (RFP). It shall be understood that any proposal is predicated upon the acceptance of all terms and conditions in the RFP unless the proposer has obtained such a waiver.

It is the policy of Kitsap County to encourage and support equal opportunity in employment.

No person shall, on the grounds of race, color, religion, sex, handicap, sexual orientation, national origin, age, citizenship, political affiliation or belief, be denied employment or benefits, or be discriminated against as a participant, administrator, or staff person under any program or activity receiving funds under Kitsap County.

In compliance with Department of Labor Regulations implementing Section 504 of the Rehabilitation Act of 1973, as amended, no qualified handicapped individual shall be discriminated against in the admission, access, treatment, or employment in any program or activity.

The proposer agrees to comply with all provisions of the Americans with Disabilities Act and regulations interpreting or enforcing such Act.

The proposer agrees to provide equal opportunity in the administration of the contract, and its subcontracts, purchase orders or other agreements, and in the delivery of services to applicants/participants.

The proposer agrees to make every feasible effort to remove artificial barriers to employment, including, but not limited to, the elimination of sex stereotyping in employment and architectural barriers for the handicapped. Every effort shall be made to employ members of the eligible population in the staffing and administration of the project.

INSTRUCTIONS:

Evaluation is the collection of information about a program in a systematic and defined manner to demonstrate success, identify areas for improvement and lessons learned. Every program has at least one end goal and might have several — one or more activities are required to make progress toward meeting the goal. Progress is measured with one or more objectives that might cover an output (number of something) or outcome (change over time) due to the program. The type of outcome (column D) and expected timeframe for change (column E) should be defined. Objectives must follow the “SMART” guideline: specific, measurable, attainable, realistic, and time-bound (column C). Each objective should include an expected target result and completion date (“time-bound” part of column C).

Continuation Grant Proposals must include a completed Evaluation Worksheet.

7.1 Professional Legal Liability. The Contractor, if it is a licensed professional, will maintain professional legal liability or professional errors and omissions coverage appropriate to the Contractor’s profession. Not Applicable.

The Contractor will maintain automobile liability insurance or equivalent form with a limit of not less than $100,000 each accident combined bodily injury and property damage. The aggregate limit will be at least $300,000. If a personal lines automobile liability policy is used to meet this requirement, it must include a business rider and must cover each vehicle to be used in the performance of the Contract and the certificates of insurance must evidence that these conditions have been met. If the Contractor will use non-owned vehicles in performance of the Contact, the coverage will include owned, hired and non-owned automobiles.

7.5 Miscellaneous Insurance Provisions

A. The Contractor’s liability insurance provision will be primary with respect to any insurance or self-insurance programs covering the County, its elected and appointed officers, officials, employees and agents.

B. The Contractor’s commercial general liability insurance and automobile liability insurance (if applicable) will include the County, its officers, officials, employees and agents as additional insureds with respect to performance of services.

C. The Contractor’s commercial general liability insurance and automobile liability insurance (if applicable) will contain no special limitations on the scope of protection afforded to the County as an additional insured.

D. Any failure to comply with reporting provisions of the policies will not affect the coverage provided to the County, its officers, officials, employees or agents.

E. The Contractor’s insurance will apply separately to each insured against whom claim is made or suit is brought subject to the limits of the insurer’s liability.

F. The Contractor will include all subcontractors as insureds under its policies or will furnish separate certificates and endorsements for each subcontractor. All coverage for subcontractors will be subject to all of the requirements stated in these provisions.

G. The insurance limits mandated for any insurance coverage required by the Contract are not intended to be an indication of exposure, nor are they limitations on indemnification.

H. The Contractor will maintain all required policies in force from the time services commence until services are completed. Certificates, policies and endorsements scheduled to expire before completion of services will be renewed before expiration. If the Contractor’s liability coverage is written as claims-made-policy, then the Contractor must evidence the purchase of an
extended-reporting period or "tail" coverage for a three-year period after completion of the services.

7.6 Verification of Coverage and Acceptability of Insurers.

A. The Contractor will place insurance with insurers licensed to do business in the State of Washington and having A.M. Best Company ratings of no less than A-VII, with the exception that excess and umbrella coverage used to meet the requirements for limits of liability or gaps in coverage need not be placed with insurers or re-insurers licensed in the State of Washington.

B. The Contractor will furnish the County with properly executed certificates of insurance or a signed policy endorsement which will clearly evidence all insurance required in this Section before work under this Contract shall commence. The certificate will, at a minimum, list limits of liability and coverage. The certificate will provide that the underlying insurance contract may not be canceled, or allowed to expire, except on 30-days' prior written notice to the County. Any certificate or endorsement limiting or negating the insurer’s obligation to notify the County of cancellation or changes must be amended so as not to negate the intent of this provision.

C. The Contractor will furnish the County with evidence that the additional-insured provision required above has been met. Acceptable forms of evidence are the endorsement pages of the policy showing the County as an additional insured, or a letter of self insurance from a public entity risk pool which waives the requirement.

D. Certificates of insurance will show the certificate holder as Kitsap County and indicate "care of" the appropriate County office or department. The address of the certificate holder will be shown as the current address of the appropriate County office or department.

E. The Contractor will request that the Washington State Department of Labor and Industries, Workers Compensation Representative, send verification to the County that the Contractor is currently paying workers' compensation.

F. Evidence of such insurance, as required above, shall be provided to the County at the following address:

Program Lead
Program, Kitsap County Department of Human Services
614 Division Street, MS-23
Port Orchard, WA 98366
Upon receipt, the Human Services Department will ensure submission of all insurance documentation to the Risk Management Division, Kitsap County Department of Administrative Services.

G. Written notice of cancellation or change will be mailed to the County Human Services Department as provided above.

H. The Contractor or its broker will provide a copy of all insurance policies specified in the Contract upon request of the Kitsap County Risk Manager.

SECTION 8. TERMINATION

8.1 The County may terminate the Contract in whole or in part whenever the County determines, in its sole discretion, that such termination is in the best interests of the County. The County may terminate the Contract upon giving the Contractor 10-days' written notice. In that event, the County will pay the Contractor for all costs incurred by the Contractor in performing the Contract up to the date of such notice, subject to the other provisions of the Contract.

8.2 If funding for the underlying project or matter is withdrawn, reduced or limited in any way after the Contract is signed or becomes effective, the County may summarily terminate the Contract notwithstanding any other termination provision in the Contract. Termination under this provision will be effective upon the date specified in the written notice of termination sent by the County to the Contractor. No costs incurred after the effective date of termination will be paid.

8.3 If the Contractor breaches any of its obligations under the Contract, and fails to cure the breach within 10 days of written notice to do so by the County, the County may terminate the Contract. In that event, the County will pay the Contractor only for the costs of services accepted by the County. Upon such termination, the County, at its discretion, may obtain performance of the work elsewhere, and the Contractor will bear all costs and expenses incurred by the County in completing the work and all damages sustained by the County by reason of the Contractor’s breach.

SECTION 9. ASSIGNMENT, DELEGATION AND SUBCONTRACTING

9.1 The Contractor will perform under the Contract using only its bona fide employees or agents, and the obligations and duties of the Contractor under the Contract will not be assigned, delegated or subcontracted to any other person or firm without the prior express written consent of the County.

9.2 If permitted to use subcontractors, the Contractor is responsible for subcontractor compliance with applicable terms and conditions of this Contract and all applicable laws.
