REF NO.: 2019-155 – Asphalt Repair Services of Utility Cut Trench at Olalla Recycling and Garbage Facility

DATE: Tuesday, September 24, 2019

Due to recently sustained asphalt damage at the Olalla Recycling and Garbage Facility, the submission deadline has been extended and the scope of work has been altered to include repair of the newly damaged area.

SUBMISSION DEADLINE

Tuesday, October 8, 2019 3:00 P.M.

SCOPE OF WORK (SOW)

Asphalt adjacent to the utility cut trench was recently damaged when a vehicle struck an existing bollard. The damaged asphalt is located between the utility cut trench and the wall between the north and south container sheds. Removal and replacement of this asphalt and the resetting of the existing bollard have been added to the scope of work.

The dimensions of the added asphalt area is 55 inches by 48 inches. The asphalt thickness is 3 inches. The bollard is 4.5 inches in diameter. Photos of the damaged area are posted below.

If desired, Contractors may request an appointment to see the additional work area. To schedule an appointment, please contact Kevin Bevelhimer via email at kbevelhi@co.kitsap.wa.us.
