2020-144**

**Kitsap County Department of Emergency Management
for
Public Alert, Warning and Emergency Notification System**

Response Deadline: Monday, December 21, 2020 @ 2:00 PM

The Kitsap County Department of Emergency Management is seeking Proposals, from Alert Origination Software Providers that have successfully demonstrated their IPAWS capabilities to FEMA, from whom it may purchase a Public Alert, Warning, and Emergency Notification System (PAW/ENS). The system is a core element of the Kitsap County Community Warning System (CWS) is intended to assist Kitsap County emergency management staff and its agency partners to provide emergency alerting and warning to the public in the event of natural and human-caused emergencies and disasters. The system is further intended to be utilized to notify staff of the need to respond to incidents for Kitsap County (County) and/or members of its Joint Emergency Management Program. The County is interested in Software as a Service (SaaS).
