VI. PURPOSE AND SCOPE OF PROJECT

Kitsap County seeks to assure that citizens and policy makers spend the funds collected in an accountable and transparent manner, with community input and support, and with measures to determine the effectiveness of these publicly-funded investments. The County will require appropriate oversight, accountability, and status and progress reports for programs supported with the TST. Each funded project or program will be evaluated according to performance measures for outcomes and cost effectiveness.

1. Policy Goals

Programs shall achieve the following policy goals:

- Increase the number of stable housing options for chemically dependent and mentally ill residents of Kitsap County.
- Reduce the number of people in Kitsap County who use costly interventions including hospitals, emergency rooms, and crisis services.
- Reduce the number of people in Kitsap County who recycle through the criminal justice systems, including jails and prisons.
- Reduce the number of chemically dependent and mentally ill youth and adults from initial or further criminal justice system involvement.

- Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.
- Improve the health status and wellbeing of Kitsap County residents.

2. Program Evaluation

All funded organizations must participate in the Evaluation Plan for TST Programs. Programs or services implemented under the TST are monitored by the Citizens Advisory Committee. Grantees will have an evaluation plan with performance measures developed for each funded proposal. This plan is developed in partnership with Kitsap Public Health District staff. The emphasis will be on capturing data at regular intervals that can be used to determine whether TST funded programs met expectations. Some common measures will be identified that programs will need to report. Evaluation efforts must include standardized data collection and reporting

processes that produce the following types of information:

- Quantity of services (outputs) *required*
- Level of change occurring among participants (outcomes) *required*
- Return-on-investment or cost-benefit (system savings) *strongly encouraged*
- Adherence to the model (fidelity) *required if applicable*

Promising Programs and Best Practice Programs include services, strategies, activities, or approaches that have some scientific research or data showing positive outcomes in delaying an untoward outcome, but do not have enough evidence to support generalizable conclusions. Innovative Programs introduce new ideas, methods and concepts that have not yet been researched. Promising, Best Practice and Innovative Programs will be considered for funding, but must include a robust evaluation process. Preference will be given to evidence-based programs that maintain fidelity.

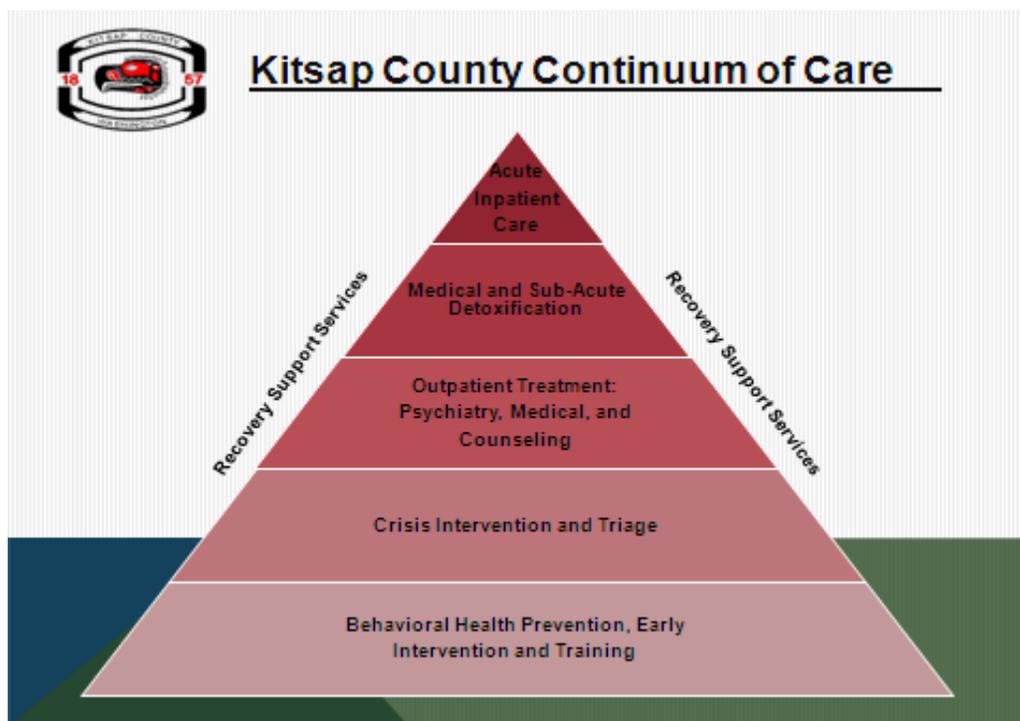

4. Collective Impact

The Kitsap County Board of Commissioners have recognized Collective Impact as a framework for making it possible for local behavioral health service providers to work together to help solve complex social problems, such as mental illness and chemical dependency. By working together with behavioral health partners from different sectors of the community, Kitsap County can transform a fragmented system of behavioral health programs into a coordinated system that is working towards improving the overall health of the community. An example of sectors working together for mutual benefits would include behavioral health treatment providers and

housing programs. Housing advocates in Kitsap County have identified the lack of housing for individuals with behavioral health issues as one of their funding priorities. Behavioral health treatment providers have identified the lack of housing for individuals with behavioral health issues as a major gap in services. By working together these partners can develop and fund supportive housing programs that are mutually beneficial to both.

X. REVIEW AND SELECTION CRITERIA

The Kitsap County Citizens Advisory Committee (CAC) will individually review and score each proposal, as well as convene as a group to evaluate and prioritize eligible proposals and make recommendations to the Kitsap County Board of Commissioners. The CAC consists of persons who do not have a conflict of interest and are in alignment with the Bylaws and Mission Statement of the CAC. New Grant Proposals will be individually evaluated using Attachment F: New Grant Proposal Evaluation and Scoring Form. The full Committee will evaluate expected client and system impact, and fulfillment of the strategic plan. In addition, proposals will be evaluated for cost/price reasonableness.

1. Request for Proposal Evaluation Process

The CAC members will individually evaluate and rate each proposal after which they will convene as a group and develop a list of questions for each proposal. **All Proposers will be required to provide written responses to questions about their proposals and attend Question and Answer Sessions.** The CAC will convene to develop written questions they have regarding each proposal the week of September 21, 2020. Proposers will be notified of their questions through Survey Monkey Apply by September 25, 2020. **Written responses must be submitted online in Survey Monkey Apply by Friday, October 2, 2020.**

We request attendance of a maximum 1 - 3 persons within the organization who can provide a response to these questions.

Following applicant question and answer sessions, the CAC will discuss the proposals and perform any necessary review or verification of their content. County staff will provide support for the committee work but will not participate in the selection of proposals.

No costs incurred after the effective date of termination will be paid.
- 8.3 If the Contractor breaches any of its obligations under the Contract, and fails to cure the breach within 10 days of written notice to do so by the County, the County may terminate the Contract. In that event, the County will pay the Contractor only for the costs of services accepted by the County. Upon such termination, the County, at its discretion, may obtain performance of the work elsewhere, and the Contractor will bear all costs and expenses incurred by the County in completing the work and all damages sustained by the County by reason of the Contractor's breach.

SECTION 9. ASSIGNMENT, DELEGATION AND SUBCONTRACTING
