| | Addendum No. 1 | |

TO: All Respondents

FROM: Vicki Martin

CLOSING DATE: April 2, 2021 at 4:00PM (UNCHANGED)

REF NO.: 2021-107 RFP FULL BODY SCANNER AND SERVICES

DATE: March 24, 2021

1. **QUESTION:** Should the scanner be operated from the control desk or from a separate workstation located near the scanner? Either can be accommodated.

ANSWER: Please identify both options, if available.

2. **QUESTION:** In the Instructions, Number 41, Section B, Qualifications & Experience - What is, "Describe offeror's experience in providing public alert and warning and staff notification capabilities."? I took it to mean our ability to initiate contact in the event of a recall or some other event. Please clarify. Thanks!

ANSWER: Please strike the second bullet in the Instructions, Number 41, Section B, Qualifications & Experience that section that reads:

~~Describe offeror's experience in providing public alert and warning and staff notification capabilities.~~

3. **QUESTION:** Warranty, Section 6.1.4 - Proposer should offer an extended service contract that includes manufacturer-recommended preventative maintenance for up to five (5) additional years. Does this refer to 5 additional years for a total of 10?

ANSWER: The County is seeking at minimum a five (5) year warranty.

4. **QUESTION:** Is an out of state corporation required to register in Washington State for the RFP?

ANSWER: This is a legal question that should be referred to your attorney. See <https://dor.wa.gov/education/industry-guides/out-state-businesses>

5. QUESTION: "Can I submit a bid for more than one model of body scanner?" We manufacture multiple lines and would like the opportunity to propose a bid for more than one of our models.

ANSWER: Yes

6. Can you please help me find out what the ceiling is comprised of in the installation location? Is it a drop ceiling that can be easily moved or is it finished concrete or drywall? Our scanner fits in those dimensions, but installation work is made easier with a higher ceiling.

ANSWER: The ceiling is a drop ceiling that can easily be removed.
