STORMWATER RATE STUDY

Posted: January 20, 2023

Proposal Response Deadline:

February 14, 2023, 2:00 p.m.

PROJECT BACKGROUND

Kitsap County Public Works Stormwater Division is seeking proposals from qualified firms to conduct an analysis and develop a Rate Schedule for municipal stormwater that provides equitable, sustainable, and sufficient revenue to provide Stormwater operations in Kitsap County, Washington through 2030.

The Stormwater Division provides surface water planning and management services for unincorporated Kitsap County through a utility enterprise fund based on stormwater fees (“Utility”). The Utility supports stormwater system operation, maintenance, and administration; National Pollutant Discharge Elimination System (NPDES) Municipal Stormwater Permit and other regulatory compliance; various programs and partnerships designed to reduce runoff pollution; and capital construction. These activities serve approximately 270,000 residents and provide protection and restoration of local waterbodies and Puget Sound.

The current Utility rate schedule is the result of an internal study that estimated the costs to provide the Division’s various stormwater management services (“Program”) described above and defined a structure to equitably collect revenues to cover these costs. The County’s current stormwater rate schedule provides rates to support the Program through December 2023.

The selected firm will conduct an annual revenue requirement analysis/forecast for the Stormwater Utility and provide a schedule of annual rate increases that will account for Stormwater operational, capital, and administrative needs from January 2024 through December 2030.

ANTICIPATED SCOPE OF WORK

This project includes development of a stormwater utility cost-of-service rate study and proposed rate revisions. The goal is to have this rate study and proposed rate revisions completed in time to present at required public hearing meetings and obtain Board of County Commissioners approval by November 2023 in time for 2024 rate implementation.

The Consultant will provide backup documentation of work products as appropriate to adequately record Consultant’s work, including assumptions made, regulation interpretations, methodology used, calculations, rationale supporting recommendations, electronic financial model and/or workpapers, and meeting or conversation records. Standards for the deliverables will be provided to the selected Consultant during negotiations.

Deliverables

Document the rate study in two (2) draft reports and one (1) final report. The final report will provide the basis for discussing the proposed rates at a rate hearing.

All draft and final deliverables are to be provided to the County in the following formats:

1. One unbound, reproducible copy
2. Two electronic copies (one in Microsoft Word and/or Excel and one as a PDF)

The County will create and distribute additional copies of the deliverables as required.

Task 1 – Initial Project Meeting

An initial on-site project meeting will be scheduled to obtain an understanding of the study’s goals, objectives, and potential issues and concerns (from both parties).

Task 2 – Data Collection

Accumulate necessary data to conduct the stormwater management rate study and calculate rate revisions. Data collected will include:

1. Cost of forecasted stormwater capital improvement projects
2. Cost of forecasted retrofit projects
3. Evaluate replacement cost of existing systems. Consultant shall propose methodology for evaluation
4. Maintenance costs related to future infrastructure growth regulated by Municipal Stormwater permit
5. Future customer growth
6. Evaluate program level of service to the public. The County manages its stormwater program according to the Stormwater Management Regulations codified in Kitsap County Code (KCC) Title 12, standards expressed in the Kitsap County Stormwater Management Manual, requirements set forth under a National Pollutant Discharge Elimination System (NPDES) Phase II Municipal Stormwater (MS4) Permit and an Underground Injection Control (UIC) Program governed by Washington Administrative Code (WAC) 173-218, and Kitsap County's Water as a Resource Policy.

Task 3 – Prepare Rate Study

Task 3a – Determine Revenue Requirements

Prepare a 10-year Kitsap County Public Works Stormwater Division financial forecast. Identify need for financing if necessary. Requirements include:

1. The long-range financial forecast shall span ten (10) years.
2. Include yearly cash flows; forecasted revenues and expenditures; maintenance costs; and capital improvement and retrofit costs.
3. Identify revenue requirement assumptions including general and construction cost inflation, personnel costs; fund earnings; customer growth; and dept assumptions.
4. Make recommendations on the structure of the Stormwater Management Fund. Include rate-funded system reinvestments requirements, evaluate internal funding sources (Roads stormwater fee assessment, etc.), and consider target utility reserves and fund minimum balance requirements.
5. Evaluate revenue sufficiency.
6. The recommended rate structure shall be planned for six (6) years with recommendations on future increases.

Task 3b – Cost of Service

1. Develop a fair and equitable allocation of costs to the various classes of service for the stormwater program.
2. Discuss options and considerations for revising the rate categories.
3. Provide summary of the average unit costs (cost-based rates) by customer class.

Task 3c – Review and Update Existing Surface Water Management Rates

Use the findings of the analysis together with other rate design considerations to develop a schedule of annual rate increases for the base service charge of one equivalent service unit (ESU). Provide a comparison of proposed rates with current rates assessed by adjacent jurisdictions.

Task 3d – Draft Report, Meetings, and Presentations

Provide a draft report of the study. Assume up to six (6) on-site meetings. These meetings are to present the study to County staff and to discuss comments. The County anticipates multiple discussions at varying times.

Task 3e – Public Workshops, Council Meetings and Public Hearings

Work with County staff on preparing rate study presentation materials and presenting the materials at Public Workshops, Citizen Advisory Councils, Kitsap County Board of Commissioners Meetings and/or Public Hearings. The material for presentation may include the following:

- The review of revenue requirements and cost of service.
- The review of the rate design.
- The proposed rates.
- Other items as required.

Task 4 – Final Study

Based on directive after the completion of the public meetings (from Task 3e), revise draft reports and evaluations as directed, and provide the final rate study report.

The County intends to award this to a single firm to provide the services required. The work for the Rate Study generally consists of Tasks A through D discussed above. The due date for a completed/approved final rate study shall be 180 calendar days from the time the contract is fully executed, with a draft report ready for presentation in 90 calendar days.

The County will furnish the selected Contractor with all reasonably available records and information, including financial reports, budgets, and other pertinent data.

- 2.5. Communication. Contractor shall keep the County informed of the progress of the Services in the manner, method, and intervals requested by the County.

SECTION 3. COMPENSATION AND PAYMENT

- 3.1. Compensation. The maximum amount of compensation paid under the Contract by the County shall not exceed \$[Contract Amount]. A description of the compensation is provided in Attachment B: Compensation, which is incorporated herein by reference.
- 3.2. Invoice. The Contractor will submit one invoice to the County per month for payment of Services completed to date, unless otherwise provided herein. Each invoice shall identify the Services performed, dates performed, and any other information requested by the County.
- 3.3. Payment. The County will make reasonable efforts to pay the Contractor within 30 days from the date the County receives a complete and correct invoice, unless otherwise provided herein. All funds disbursed to the Contractor will be processed by Direct Deposit via Automated Clearing House (ACH), unless otherwise agreed to by the parties.
- 3.4. Insurance/W-9 Compliance. All payments are expressly conditioned upon the Contractor's compliance with all insurance requirements and submission of a current IRS W-9 form to the County. Payments may be suspended in full in the event of noncompliance. Upon full compliance, payments will be released to Contractor unless otherwise provided herein.
- 3.5. Restrictions. The Contractor will only be entitled to receive payment for Services expressly authorized in the Contract, and received during the Contract term and accepted by the County. Contractor acknowledges oral requests and approvals of additional services or additional compensation are prohibited and unenforceable. Advance payments are not authorized.

SECTION 4. TERMINATION

- 4.1. For Convenience. The County may terminate the Contract, in whole or in part, without penalty, for any reason or no reason, with ten days prior notice to the Contractor.
- 4.2. For Funding issues. If any funding for Services is not available, withdrawn, reduced, or limited in any way, or if additional or modified conditions are placed on the funding after the Contract becomes effective, the County may: (1) accept a decreased price offered by Contractor; (2) terminate the Contract; or (3) terminate the Contract and re-solicit the requirements.
- 4.3. Termination for Default. The County may immediately terminate the Contract, in whole or part, due to the failure of the Contractor to comply with any Contract term or condition, or to make satisfactory progress in performing the Contract, subject to the provisions of 11.1, or if the County determines the Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity. Contractor shall immediately notify the County if the Contractor becomes suspended or debarred.
- 4.4. Procedures. Upon receipt of notice of termination, the Contractor shall stop all Services as directed in the notice, notify Personnel of the termination date, and minimize further costs. All goods, materials, documents, data, and reports prepared by the Contractor under the Contract shall become the property of, and delivered to, the County on demand. A final payment will be made to the Contractor only for Services performed and accepted by the County through the effective date of termination. No costs incurred after the effective date of the termination will be paid.

SECTION 5. INDEMNIFICATION

- 5.1. To the fullest extent permitted by law, Contractor shall indemnify, defend, and hold harmless Kitsap County and its elected and appointed officials, officers, employees, and agents (collectively "Indemnitees") from and against all Claims resulting from or arising out of the performance of the Contract, whether such Claims arise from the acts, errors, or omissions of Contractor, its Personnel, third parties, or Kitsap County, or anyone directly or indirectly employed by any of them or anyone for whose acts, errors, or omissions any of them may be liable. It is the specific intent of the parties that the Indemnitees shall, in all instances, except Claims arising from the sole

negligence or willful misconduct of the Indemnitees, be indemnified by Contractor from and against any and all Claims.

- 5.2. With regard to any Claim against any Indemnitee by any of Contractor's Personnel, or anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, Contractor's indemnification obligation shall not be limited in any way by a limitation on the amount or type of damages, compensation, or benefits payable by or for the Contractor or Contractor's Personnel under workers compensation acts, disability benefit acts, or other employee benefit acts. Solely for the purposes of this indemnification provision, Contractor expressly waives its immunity under Title 51 RCW (Industrial Insurance) and acknowledges this waiver was mutually negotiated by the parties.
- 5.3. Architectural, Landscape Architectural, Engineering, or Land Surveying Services. Should a court of competent jurisdiction determine the Contract is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Contractor and the County, its officers, officials, employees, and agents, the Contractor's liability hereunder, including the duty and cost to defend, will be only to the extent of the Contractor's negligence.
- 5.4. Claim. "Claim" means all losses, claims, suits, actions, liabilities, damages, demands, judgments, settlements, expenses, fines, or other liabilities of any kind or nature whatsoever, including without limitation, all costs including costs of Claim processing, investigation, reasonable attorneys' fees, consequential damages, and punitive damages, for any personal or bodily injury, sickness, disease, disability, or death, or loss or damage to tangible or intangible business or property, including the loss of use. Claim includes any infringement of copyright, patent, trademark, or other proprietary rights of any third parties arising out of Contract performance or use by the County of materials furnished or work performed under the Contract.
- 5.5. Obligations/Notice of Claim. The County will provide the Contractor notice of the assertion of liability by a third party that may give rise to a Claim by County against the Contractor based on the indemnity contained herein. Contractor shall respond to the County's tender of defense of a claim in writing within 14 calendar days from the notice date, and will advise the County if Contractor accepts or denies tender of the claim. The County may in its discretion withhold all or part of any payment due Contractor under the Contract until Contractor responds to such notice. Contractor shall keep the County timely and fully informed through all stages of the defense and promptly respond to and comply with County's requests for information. The County at all times reserves the right, but has no obligation to participate in the defense and settlement of any Claim. Such participation shall not constitute a waiver of Contractor's indemnity and defense obligations under the Contract. Contractor shall not settle or compromise any Claim in any manner that imposes any obligations upon the County without the prior written consent of the County. Contractor shall promptly advise the County of any occurrence or information known to the Contractor that could reasonably result in a Claim against the County. The violation of any provisions of this Section, including improper refusal to accept tender, is a material breach.

SECTION 6. INSURANCE

- 6.1. Minimum Insurance Required. Contractor and its subcontractors, if any, shall procure and maintain, until all of Contract obligations have been fully discharged, including any warranty period, all insurance required in this Section with an insurance company duly licensed in Washington State with an A.M. Best Company ratings of not less than A-VIII and a category rating of not less than "8", with policies and forms satisfactory to the County. Use of alternative insurers requires prior written approval from the County. Coverage limits shall be at minimum the limits identified in this Section, or the limits available under the policies maintained by Contractor without regard to the Contract, whichever is greater.
- 6.2. Professional Liability. Not less than \$1,000,000 per claim and \$2,000,000 annual aggregate. Coverage will apply to liability for professional error, act or omission arising out of or in connection with Contractor's Services under the Contract. The coverage shall not exclude bodily injury, property damage or hazards related to the work rendered as part of the Contract or within the scope of the Contractor's services under the Contract, including testing, monitoring, measuring operations or laboratory analysis where such Services are rendered under the Contract.

- 6.3. Commercial General Liability (“CGL”). Not less than \$1,000,000 per occurrence and \$2,000,000 annual aggregate. Coverage shall include personal injury, bodily injury, and property damage for premise-operations liability, products/completed operations, personal/advertising injury, contractual liability, independent contractor liability, and stop gap/employer’s liability. Coverage shall not exclude or contain sub-limits less than the minimum limits required herein, without the prior written approval of the County. The certificate of insurance for the CGL policy shall expressly cover the indemnification obligations required by the Contract.
- 6.4. Automobile Liability.
- Contractor shall maintain personal automobile insurance on all vehicles used for Contract purposes as required by law.
 - Not less than \$1,000,000 per occurrence and \$2,000,000 annual aggregate. Coverage shall include liability for any and all owned, hired, and non-owned vehicles. Coverage may be satisfied with an endorsement to the CGL policy.
 - Not less than \$100,000 per occurrence and \$300,000 annual aggregate. If a personal automobile liability policy is used to meet this requirement, it must include a business rider and cover each vehicle to be used in the performance of the Contract. If Contractor will use non-owned vehicles in performance of the Contract, the coverage shall include owned, hired, and non-owned automobiles.
- 6.5. Umbrella or Excess Liability. Contractor may satisfy the minimum liability limits required for the CGL and Automobile Liability under an Umbrella or Excess Liability policy. There is no minimum per occurrence limit of liability under the Umbrella or Excess Liability; however, the annual aggregate limit shall not be less than the highest “Each Occurrence” limit for either CGL or Automobile Liability. Contractor agrees to an endorsement naming the County as an additional insured as provided in this Section, unless the Umbrella or Excess Liability provides coverage on a “Follow-Form” basis.
- 6.6. Workers’ Compensation and Employer Liability. If applicable, Contractor shall maintain workers’ compensation insurance as required under the Title 51 RCW (Industrial Insurance), for all Contractor’s Personnel eligible for such coverage. If the Contract is for over \$50,000, then the Contractor shall also maintain employer liability coverage with a limit of not less than \$1,000,000.
- 6.7. Primary, Non-Contributory Insurance/Subcontractors. The Contractor’s and its subcontractors’ insurance policies and additional named insured endorsements will provide primary insurance coverage and be non-contributory. Any insurance or self-insurance programs maintained or participated in by the County will be excess and not contributory to such insurance policies. All Contractor’s and its subcontractors’ liability insurance policies must be endorsed to show as primary coverage. The Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All subcontractors shall comply with all insurance and indemnification requirements herein.
- 6.8. Review of Policy Provisions. Upon request, Contractor shall provide a full and complete copy of all requested insurance policies to the County. The County reserves the right without limitation, but has no obligation to revise any insurance requirement, or to reject any insurance policies that fail to meet the requirements of the Contract. The County also has the right, but no obligation to review and reject any proposed insurer providing coverage based upon the insurer’s financial condition or licensing status in Washington. The County has the right to request and review the self-insurance retention limits and deductibles, and Contractor’s most recent annual financial reports and audited financial statements, as conditions of approval. Failure to demand evidence of full compliance with the insurance requirements or failure to identify any insurance deficiency shall not relieve the Contractor from, nor be construed or deemed a waiver, of its obligation to maintain all the required insurance at all times as required herein.
- 6.9. Waiver of Subrogation. In consideration of the Contract award, Contractor agrees to waive all rights of subrogation against the County, its elected and appointed officials, officers, employees, and agents. This waiver does not apply to any policy that includes a condition that expressly prohibits waiver of subrogation by the insured or that voids coverage should the Contractor enter into a waiver of subrogation on a pre-loss basis.

- 6.10. Additional Insured, Endorsement and Certificate of Insurance. All required insurance coverage, other than the workers' compensation and professional liability, shall name the County, its elected and appointed officials, officers, employees, and agents, as additional insureds and be properly endorsed for the full available limits of coverage maintained by Contractor and its subcontractors. Endorsement is not required if Contractor is a self-insured government entity, or insured through a government risk pool authorized by Washington State.

The Certificate of Insurance and endorsement shall identify the Contract number and shall require not less than 30 days' prior notice of termination, cancellation, nonrenewal or reduction in coverage. At the time of execution, Contractor shall provide the Certificate of Insurance, endorsement, and all insurance notices to: Risk Management Division, Kitsap County Department of Administrative Services, 614 Division Street, MS-7, Port Orchard, Washington 98366.

- 6.11. General. The coverage limits identified herein are minimum requirements only and will not in any manner limit or qualify the liabilities or obligations of the Contractor under the Contract. All insurance policy deductibles and self-insured retentions for policies maintained under the Contract shall be paid by the Contractor. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the County, its elected and appointed officials, officers, employees, or agents. Contractor's insurance shall apply separately to each insured against whom a claim is made or suit is brought, subject to the limits of the insurer's liability.

- 6.12. Claims-Made. If Contractor's liability coverage is written as a claims-made policy, Contractor shall purchase an extended-reporting period or "tail" coverage for a minimum of three (3) years following completion of the performance or attempted performance of the provisions of this Contract.

- 8.2. Successors and Assigns. To the extent permitted by law, the Contract is binding on the parties' respective partners, successors, assigns, executors, and legal representatives.

"Subcontract" means any contract, express or implied, between the Contractor and another party or between a subcontractor and another party delegating or assigning, in whole or in part, the making or furnishing of any material or service for the performance of the Contract. All subcontracts shall incorporate by reference the terms and conditions of this Contract. Contractor is solely responsible for the performance and payment of its subcontractors.
- 8.5. Independent Contractor. Each party under the Contract shall be for all purposes an independent contractor. Nothing contained herein will be deemed to create an association, a partnership, a joint venture, or a relationship of principal and agent, or employer and employee between the parties. Contractor shall have complete responsibility and control over its Personnel. Neither Contractor nor its Personnel shall be, or be deemed to be, or act or purport to act, as an employee, agent or representative of the County. Contractor and its Personnel shall have no County employee-type benefits of any kind whatsoever, including without limitation, insurance, pension plan, vacation pay or sick pay, or other right or privilege afforded to County employees. Contractor and its Personnel shall be responsible for payment of all insurance, taxes, and benefits.

SECTION 9. OWNERSHIP, CONFIDENTIAL INFORMATION AND BREACH

- 9.1. Ownership. Any and all data, reports, analyses, documents, photographs, pamphlets, plans, specifications, surveys, films, or any other materials created, prepared, produced, constructed, assembled, made performed, or otherwise produced by the Contractor or its Personnel for delivery to the County under this Contract shall be the sole and absolute property of the County. All such property shall constitute "work made for hire" as defined by the U.S. Copyright Act of 1976, 17 U.S.C § 101, and the ownership of the copyright and any other intellectual property rights in such property shall vest in the County at the time of its creation. Ownership of the intellectual property includes the right to copyright, patent, and register, and the ability to transfer these rights. Material the Contractor uses to perform this Contract that is not created, prepared, constructed, assembled, made, performed, or otherwise produced for or paid for by the County is owned by the Contractor and is not "work made for hire" within the terms of the Contract.
- 9.2. Confidential Information/Breach. Contractor shall ensure that all personal identifying information, financial information, and other information submitted or made available to Contractor by, or on behalf of, the County, or acquired or developed by Contractor in the performance of the Contract (unless publicly available) is kept confidential, secured, and protected to prevent unauthorized access. Such information will be utilized by Contractor solely as necessary for the performance of Services under the Contract and not made available to any other person without the County's prior written consent. In the event of unauthorized access or other security breach, Contractor shall immediately notify the Contract Representative and shall at its sole expense comply with all requirements of RCW 19.255.010, in effect at any given time. Upon expiration or termination of the Contract, all confidential information shall be returned to the County or destroyed at the County's discretion.

SECTION 10. REPRESENTATIONS AND RECORDS

- 10.1. No Fee. If the Contractor considers any portion of any record provided to the County under the Contract, whether electronic or hard copy, to be protected from disclosure under the law, the Contractor shall clearly identify all specific information it claims to be confidential or proprietary. If the Contractor fails to timely obtain a court order enjoining disclosure, the County will release the requested information on the date specified. The County has, and by this Section assumes, no obligation on behalf of the Contractor to claim any exemption from disclosure under the Act. The County will not be liable to the Contractor for releasing records in compliance with the Act, this Section or court order.

If County determines Contractor has failed to perform any material obligation of the Contract, and such failure has not been cured within 10 days’ following notice from the County, the County may without penalty, in its discretion, withhold all monies due the Contractor until such failure is cured to the reasonable satisfaction of the County.
- 11.2. Right of Assurance. If the County in good faith has reason to believe the Contractor does not intend, or is unable to perform or continue performing under the Contract, the County may demand in writing that the Contractor give a written assurance of intent to perform. Should the Contractor fail to provide adequate assurance to the reasonable satisfaction of the County, by the date specified the demand, the County may terminate all or part of the Contract and pursue all other rights and remedies available at law and in equity.

Upon request, Contractor shall provide any clarifications and/or explanations regarding any Services provided as required by the County, at no additional cost to the County. In the event of an error or omission under the Contract, Contractor shall, at no cost to the County, provide all necessary design drawings, estimates, and all other professional services the County deems necessary to rectify and correct the matter to the satisfaction of the County. The Contractor shall continue to be responsible for the accuracy of Services, even after the Work is accepted by the County and the termination or expiration of the Contract.

- 11.6. Waiver. Either party's failure to insist upon the strict performance of any provision of the Contract, or to exercise any right based upon a breach thereof or the acceptance of any performance during such breach, will not constitute a waiver of any right or remedy under the Contract unless expressly so agreed in writing by an authorized representative.
- 11.7. Breach. In the event of a material breach by the Contractor, the County may procure, on terms and in the manner that it deems appropriate, Services to replace those under the Contract. The Contractor shall be liable to the County for any and all costs, expenses, penalties, and fees incurred by the County in procuring such Services in substitution for those due from the Contractor under the Contract.
