This map was created from existing map sources, not from field surveys or observations. The map is intended to provide a general overview of the geologic units in Kitsap County, Washington. It should not be used for specific geological or engineering purposes. The map does not guarantee the accuracy of the depicted geologic units or the completeness of the data. The map is updated periodically, but changes may occur between updates. Users should consult the most current information for specific locations. This map is for general use only and should not be used for construction or development. Users should consult local authorities for specific regulations and guidelines.
