## TITLE 21 PERMIT FEE INFO

**Land Use and Development fees** are charged a flat fee based on the average processing time to review/process the application. The flat fee includes two iterations of plans review (first submittal comments and review of second submittal comments), as well as intake and closeout of the application. Any additional review beyond two iterations of plans review will be charged monthly at the approved hourly rate and must be paid in full prior to issuance. No applicant will be charged additional hours without a review by the appropriate manager to ensure the hours are valid. Inspections may or may not be included in the flat fee. Inspections that are charged an hourly rate as identified in the Community Development Fee Schedule, will be charged monthly, and must be paid in full prior to final inspection.
