**11. Light and Glare** [\[help\]](#)

- a. What type of light or glare will the proposal produce? What time of day would it mainly occur? [\[help\]](#)

Not applicable for this non-project action

- b. Could light or glare from the finished project be a safety hazard or interfere with views? [\[help\]](#)

Not applicable for this non-project action

- c. What existing off-site sources of light or glare may affect your proposal? [\[help\]](#)

Not applicable for this non-project action

- d. Proposed measures to reduce or control light and glare impacts, if any: [\[help\]](#)

Not applicable for this non-project action

**12. Recreation** [\[help\]](#)

- a. What designated and informal recreational opportunities are in the immediate vicinity? [\[help\]](#)

Not applicable for this non-project action

- b. Would the proposed project displace any existing recreational uses? If so, describe. [\[help\]](#)

Not applicable for this non-project action

- c. Proposed measures to reduce or control impacts on recreation, including recreation opportunities to be provided by the project or applicant, if any: [\[help\]](#)

Not applicable for this non-project action

**13. Historic and cultural preservation** [\[help\]](#)

- a. Are there any buildings, structures, or sites, located on or near the site that are over 45 years old listed in or eligible for listing in national, state, or local preservation registers? If so, specifically describe. [\[help\]](#)

Not applicable for this non-project action

- b. Are there any landmarks, features, or other evidence of Indian or historic use or occupation? This may include human burials or old cemeteries. Are there any material evidence, artifacts, or areas of cultural importance on or near the site? Please list any professional studies conducted at the site to identify such resources. [\[help\]](#)

Not applicable for this non-project action

- c. Describe the methods used to assess the potential impacts to cultural and historic resources on or near the project site. Examples include consultation with tribes and the department of archeology and historic preservation, archaeological surveys, historic maps, GIS data, etc. [\[help\]](#)

Not applicable for this non-project action

- d. Proposed measures to avoid, minimize, or compensate for loss, changes to, and disturbance to resources. Please include plans for the above and any permits that may be required. [\[help\]](#)

Not applicable for this non-project action

#### **14. Transportation** [\[help\]](#)

- a. Identify public streets and highways serving the site or affected geographic area and describe proposed access to the existing street system. Show on site plans, if any. [\[help\]](#)

Not applicable for this non-project action

- b. Is the site or affected geographic area currently served by public transit? If so, generally describe. If not, what is the approximate distance to the nearest transit stop? [\[help\]](#)

Not applicable for this non-project action

- c. How many additional parking spaces would the completed project or non-project proposal have? How many would the project or proposal eliminate? [\[help\]](#)

Not applicable for this non-project action

- d. Will the proposal require any new or improvements to existing roads, streets, pedestrian, bicycle or state transportation facilities, not including driveways? If so, generally describe (indicate whether public or private). [\[help\]](#)

Not applicable for this non-project action

- e. Will the project or proposal use (or occur in the immediate vicinity of) water, rail, or air transportation? If so, generally describe. [\[help\]](#)

Not applicable for this non-project action

- f. How many vehicular trips per day would be generated by the completed project or proposal? If known, indicate when peak volumes would occur and what percentage of the volume would be trucks (such as commercial and nonpassenger vehicles). What data or transportation models were used to make these estimates? [\[help\]](#)

Not applicable for this non-project action

- g. Will the proposal interfere with, affect or be affected by the movement of agricultural and forest products on roads or streets in the area? If so, generally describe. [\[help\]](#)

Not applicable for this non-project action

- h. Proposed measures to reduce or control transportation impacts, if any: [\[help\]](#)

Not applicable for this non-project action

**15. Public Services** [\[help\]](#)

- a. Would the project result in an increased need for public services (for example: fire protection, police protection, public transit, health care, schools, other)? If so, generally describe. [\[help\]](#)

Not applicable for this non-project action

- b. Proposed measures to reduce or control direct impacts on public services, if any. [\[help\]](#)

Not applicable for this non-project action

**16. Utilities** [\[help\]](#)

- a. Circle utilities currently available at the site: [\[help\]](#)  
electricity, natural gas, water, refuse service, telephone, sanitary sewer, septic system,  
other \_\_\_\_\_

Not applicable for this non-project action

- b. Describe the utilities that are proposed for the project, the utility providing the service, and the general construction activities on the site or in the immediate vicinity which might be needed. [\[help\]](#)

## **D. Supplemental sheet for nonproject actions** [\[help\]](#)

(IT IS NOT NECESSARY to use this sheet for project actions)

Because these questions are very general, it may be helpful to read them in conjunction with the list of the elements of the environment.

When answering these questions, be aware of the extent the proposal, or the types of activities likely to result from the proposal, would affect the item at a greater intensity or at a faster rate than if the proposal were not implemented. Respond briefly and in general terms.

1. How would the proposal be likely to increase discharge to water; emissions to air; production, storage, or release of toxic or hazardous substances; or production of noise?

This non-project action is not likely to increase discharge to water; emissions to air; production, storage, or release of toxic or hazardous substances; or production of noise. Future actions to implement the plan will be subject to applicable environmental review.

Proposed measures to avoid or reduce such increases are:

None.

2. How would the proposal be likely to affect plants, animals, fish, or marine life?

This non-project action is not likely to affect plants, animals, fish, or marine life. Future actions to implement the plan will be subject to applicable environmental review.

Proposed measures to protect or conserve plants, animals, fish, or marine life are:

None.

3. How would the proposal be likely to deplete energy or natural resources?

This non-project action is not likely to deplete energy or natural resources. Future actions to implement the plan will be subject to applicable environmental review.

Proposed measures to protect or conserve energy and natural resources are:

The purpose of the proposed amendments is to promote active transportation and the development of non-motorized facilities to reduce reliance on fossil energy supported modes of transportation.

4. How would the proposal be likely to use or affect environmentally sensitive areas or areas designated (or eligible or under study) for governmental protection; such as parks, wilderness, wild and scenic rivers, threatened or endangered species habitat, historic or cultural sites, wetlands, floodplains, or prime farmlands?

This non-project action is not likely to use or affect environmentally sensitive areas or areas designated (or eligible or under study) for governmental protection. Future actions to implement the plan will be subject to applicable environmental review.

Proposed measures to protect such resources or to avoid or reduce impacts are:

None.

5. How would the proposal be likely to affect land and shoreline use, including whether it would allow or encourage land or shoreline uses incompatible with existing plans?

This non-project action is not likely to affect land and shoreline use. Future actions to implement the plan will be subject to applicable environmental review.

Proposed measures to avoid or reduce shoreline and land use impacts are:

None.

6. How would the proposal be likely to increase demands on transportation or public services and utilities?

This non-project action is not likely to increase demands on transportation or public services and utilities. Future actions to implement the plan will be subject to applicable environmental review.

Proposed measures to reduce or respond to such demand(s) are:

The purpose of the proposed amendments is to promote active transportation and the development of non-motorized facilities to reduce the need for adding vehicular capacity to the road network.

7. Identify, if possible, whether the proposal may conflict with local, state, or federal laws or requirements for the protection of the environment.

This non-project action does not conflict with local, state, or federal laws or requirements for the protection of the environment.
