Re: International Channel Package Launch

Dear Mr. Geyer:

We are pleased to share another enhancement we are making to our Xfinity TV offerings.

Comcast will launch up to 42 international channels and up to 31 international packages beginning in May or June. This launch will give customers access to more international content such as Bollywood movies, Brazilian telenovelas and Chinese news, to name a few.

Xfinity TV customers who would like to purchase these new international offerings will need the necessary equipment to access this cable programming, e.g. X1 or the Xfinity Beta App on Roku.

When these new international channels and packages launch, we will have a dedicated landing page - xfinity.com/moreinternational, which will provide additional information once the international channel package launch occurs.

Please feel free to contact me at (253) 864-4274 if you have any questions or issues.

Sincerely,
