

AGE MY WAY: MAY 2022

May is Older Americans Month

Older adults play vital, positive roles in our communities – as family members, friends, mentors, volunteers, civic leaders, members of the workforce, and more. Just as every person is unique, so too is how they age and how they choose to do it – and there is no “right” way. That’s why the theme for Older Americans Month (OAM) 2022 is *Age My Way*.

To commemorate the importance of this month, **Kitsap County Aging and Long Term Care** is offering free virtual events to older Americans, family, caregivers and supports. Follow along throughout the month to find resources on aging in place. See additional info below to register for events. Camera and microphone are optional.

After registering you will receive an email with information about how to attend on the day of the event. You may use the provided link to join online via the internet or the phone number to call in and enter the meeting
