

Today is National Police Woman Day. We have some incredible women who work for the Kitsap County Sheriff's Office, and we would like to take this opportunity to tell them thank you for all they do for our agency.

National Police Woman Day was created to acknowledge and celebrate female police officers and their contributions to law enforcement. It was also designed to raise awareness of the importance of better representation of women in law enforcement.

If you are interested in becoming a deputy, please go to our employment website.
