Intergovernmental Cooperative Agreement For Government Purchasing

Pursuant to chapter 39.34 RCW, Kitsap County, Washington, a political subdivision of the State of Washington, hereinafter "County" and the City of Bremerton, a municipal corporation of the State of Washington, hereinafter, "City", hereby agree to enter into the following interlocal agreement concerning governmental purchasing.

(1) Whereas the County has greater buying power than the City for goods and services and equipment, the City desires to be allowed to contract with County vendors on terms as favorable as those obtained by the County, it is agreed that the best interests of the citizens of both County and City would be served by pooling the buying power of County and City.

(2) To that end, the County shall extend to the City the option of participating in all County contracting for goods, services and equipment. The City shall effect its purchase for goods, services and equipment by a duly authorized purchase order from the City directly to the vendor. The City shall be responsible for complying with all laws and regulations regarding purchases by a municipal corporation.

(3) It is understood that by entering into this agreement the County does not make any representation to the City that any particular contract entered into by County suitable for County's needs is suitable for City's needs.

(4) The City is responsible for payment for the purchase price of any good, service or equipment contracted for pursuant to this agreement. City

is also responsible for obtaining performance of the contract from the vendor.

(5) County and City agree to hold each other harmless from and against any and all liability for loss, damage, cost or expense arising directly or indirectly or in consequence of this agreement.

(6) Notwithstanding this agreement, the City reserves its right to contract independently for the purchase of goods, services or equipment with or without notice to the County.

(7) Notwithstanding this agreement, the County reserves the right to exclude the City from participating in any particular purchasing contract as County needs may dictate, with or without notice to the City.

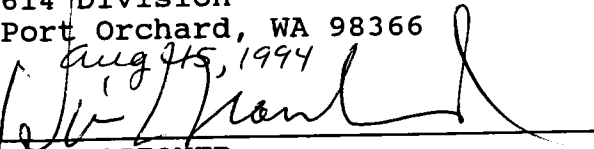

(8) The Kitsap County Purchasing Department shall be responsible for administering this agreement on behalf of the County. The purchasing department for the City shall be responsible for administering this agreement on behalf of the City.

(9) The City shall provide County with information concerning goods, services or equipment the City desires to purchase.

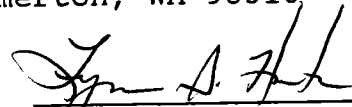

(10) This agreement may be terminated by either County or City upon thirty (30) days written notice to the other.

(11) This agreement shall be in effect for a period of one year from the date of its execution by both County and City. This agreement is subject to annual renewal by consent of both County and City.
