If a personal lines automobile liability policy is used to meet this requirement, it must include a business rider and must cover each vehicle to be used in the performance of the Contract and the certificates of insurance must evidence that these conditions have been met. If the Contractor will use non-owned vehicles in performance of the Contract, the coverage will include owned, hired and non-owned automobiles.

C. The Contractor's commercial general liability insurance and automobile liability insurance (if applicable) will contain no special limitations on the scope of protection afforded to the County as an additional insured.

D. Any failure to comply with reporting provisions of the policies will not affect the coverage provided to the County, its officers, officials, employees or agents.

- E. The Contractor's insurance will apply separately to each insured against whom claim is made or suit is brought subject to the limits of the insurer's liability.
- F. The Contractor will include all subcontractors as insureds under its policies or will furnish separate certificates and endorsements for each subcontractor. All coverage for subcontractors will be subject to all of the requirements stated in these provisions.
- G. The insurance limits mandated for any insurance coverage required by the Contract are not intended to be an indication of exposure, nor are they limitations on indemnification.
- H. The Contractor will maintain all required policies in force from the time services commence until services are completed. Certificates, policies and endorsements scheduled to expire before completion of services will be renewed before expiration. If the Contractor's liability coverage is written as claims-made-policy, then the Contractor must evidence the purchase of an extended-reporting period or "tail" coverage for a three-year period after completion of the services.

7.6 Verification of Coverage and Acceptability of Insurers.

- A. The Contractor will place insurance with insurers licensed to do business in the State of Washington and having A.M. - B. The Contractor will furnish the County with properly executed certificates of insurance or a signed policy endorsement which will clearly evidence all insurance required in this Section before work under this Contract shall commence. The certificate will, at a minimum, list limits of liability and coverage. The certificate will provide that the underlying insurance contract may not be canceled, or allowed to expire, except on 30-days' prior written notice to the County. Any certificate or endorsement limiting or negating the insurer's obligation to notify the County of cancellation or changes must be amended so as not to negate the intent of this provision.
- C. The Contractor will furnish the County with evidence that the additional-insured provision required above has been met. Acceptable forms of evidence are the endorsement pages of the policy showing the County as an additional insured, or a letter of self insurance from a public entity risk pool which waives the requirement.
- D. Certificates of insurance will show the certificate holder as Kitsap County and indicate "care of" the appropriate County office or department. The address of the certificate holder will be shown as the current address of the appropriate County office or department.

E. The Contractor will request that the Washington State Department of Labor and Industries, Workers Compensation Representative, send verification to the County that the Contractor is currently paying workers' compensation.

F. Evidence of such insurance, as required above, shall be provided to the County at the following address:

Stacey Smith, Administrator
Kitsap County Division of Aging and Long Term Care

Termination under this provision will be effective upon the date specified in the written notice of termination sent by the County to the Contractor. No costs incurred after the effective date of termination will be paid.

8.3 If the Contractor breaches any of its obligations under the Contract, and fails to cure the breach within 10 days of written notice to do so by the County, the County may terminate the Contract. In that event, the County will pay the Contractor only for the costs of services accepted by the County. Upon such termination, the County, at its discretion, may obtain performance of the work elsewhere, and the Contractor will bear all costs and expenses incurred by the County in completing the work and all damages sustained by the County by reason of the Contractor's breach.

SECTION 9. ASSIGNMENT, DELEGATION AND SUBCONTRACTING

 - a. The Contract or Program Agreement may be renegotiated under the revised funding conditions.
 - b. At DSHS's discretion, DSHS may give notice to the AAA to suspend performance when DSHS determines that there is reasonable likelihood that the funding insufficiency may be resolved in a timeframe that would allow Contractor's performance to be resumed prior to the normal completion date of this contract.
 - (1) During the period of suspension of performance, each party will inform the other of any conditions that may reasonably affect the potential for resumption of performance.
 - (2) When DSHS determines that the funding insufficiency is resolved, it will give Contractor written notice to resume performance. The Contracts Administrator may terminate the agreement for default without such written notice and without opportunity for correction if DSHS has a reasonable basis to believe that a client's health or safety is in jeopardy.

- 34. Waiver.** Waiver of any breach or default on any occasion shall not be deemed to be a waiver of any subsequent breach or default. Any waiver shall not be construed to be a modification of the terms and conditions of this Agreement unless amended as set forth in Section 1, Amendment. Consideration for services rendered shall be payable upon receipt and acceptance of properly completed invoices which shall be submitted to DSHS by the AAA not more often than monthly.

Except for costs associated with Case Management and Nursing Services for MPC, COPES, MNIW, and Chore clients, DSHS will pay to the AAA all allowable and allocable costs incurred as evidenced by proper invoice in accordance with the ADSA approved AAA Cost Allocation Plan, Budget (Exhibit B), and Section 3, Consideration, of this Agreement. DSHS and the AAA recognize that we are balancing multiple changing factors that impact both caseload and workforce due to the nationwide workforce crisis and the impacts of coming out of the extended pandemic, as well as implementing a statewide Paid Medical Leave program. Any AAA whose clinical ratio is above 75:1 at the beginning of this contract will provide an updated written plan by August 1, 2023 of how they will come into compliance. The AAA may present good cause reasons and supporting data why they were not able to reach their target in SFY23, such as staffing turnover, accepting a surge of transfers or other unforeseen circumstances and their plan to reach

Special Terms and Conditions

their target each quarter. If the AAA has difficulty reaching or maintaining the ratio, the AAA and DSHS will mutually work to update the written staffing plan and resolve any conditions that cause case ratios to rise above 75:1. When a rise in average clinical caseload is due to the AAA accepting a higher than typical number of client transfers, there will be no concerns from DSHS while the AAA makes good faith effort to recruit and hire new staff.

As the legislature has funded all AAAs to staff on average a maximum of 75 clients to each clinical staff, in SFY25, beginning July 1, 2024, the CM/NS Unit Rate payment may, at DSHS' discretion, be adjusted monthly if the contractually obligated caseload ratio of clients to clinical (Case Management/Nursing staff) exceeds 75:1.

- c. Payment for **Core Services Contract Management** for Medicaid State Plan, Waiver, Roads to Community Living (RCL)/WA Roads, and state-funded Chore clients will be based on a monthly rate of **\$16.02** from DSHS Allocated Title XIX/Chore funding per month for each in-home agency personal care or in-home individual provider case authorized to the AAA each month. In addition, a percentage of in-home cases authorized with a service, but no personal care, will be paid at the full unit rate.

The average monthly projection of such cases over the course of this Agreement is **1,018**. The AAA will be paid for the number of actual cases authorized each month according to the payment schedule above.

If the AAA is referred and serves a WA Roads or GOSH case that is not otherwise counted in the caseload above, payment will be based on the same monthly rates as above. These cases will be considered in the clinical caseload ratio.

If ADS or Pierce meet their quarterly targeted net growth of New Freedom cases as described in section 1.g of Exhibit A Statement of Work, they will receive a Unit Rate enhancement of 5% for all New Freedom client cases billed during that quarter. This funding will not be reflected in the contract budget or maximum consideration.

Payment shall be considered timely if made by DSHS within thirty (30) days after receipt and acceptance by DSHS of the properly completed invoices. Payment shall be sent to the address designated by the AAA on page one (1) of this Agreement. DSHS may, at its sole discretion, withhold payment claimed by the AAA for services rendered if AAA fails to satisfactorily comply with any term or condition of this Agreement.

DSHS shall not make any payments in advance or anticipation of the delivery of services to be provided pursuant to this Agreement. Unless otherwise specified in this Agreement, DSHS shall not pay any claims for payment for services submitted more than 6 months after completion of the contract period. The AAA shall not bill DSHS for services performed under this Agreement, and DSHS shall not pay the AAA, if the AAA has charged or will charge the State of Washington or any other party under any other contract or agreement for the same services.

- d. **Local Matching Funds:** The AAA may spend qualifying local funds on TXIX in-home case management and use it to collect additional federal matching funds. The amount of Senior Citizens Services Act (SCSA) funding budgeted for TXIX in-home case management in the previous state fiscal year may be carried forward into this contract and inflated by the consumer price index (CPI) used in the caseload ratio adjustment factor as matching funds to draw down additional federal match. The CPI is 8.1% in SFY24. Any additional requests for SCSA or other local fund sources to be matched must be approved by ALTSA and may require additional FTE to be purchased with these funds. A new clinical ratio or case handling ratio will be negotiated with ALTSA to draw down

Special Terms and Conditions

additional matching funds per the local matching funds schedule. If additional SCSA is proposed as a local match source, the AAA will report any impacts of reallocating SCSA funding when making the request to ALTSA.

- e. **Local Matching Funds schedule:** The AAA may increase the TXIX Requested Match as an add-on for the unit rate for each authorized in-home agency personal care case, in-home individual provider, no personal care, and New Freedom case accepted by the AAA each month per the schedule below. ALTSA may waive the Ratio buydown requirement if it is not met.

If Clinical Ratio is 1:	Then State/Local	Fed Match

- f. The AAA shall complete and submit the attached Local Match Certification Form (Exhibit C) with their final billing. Final payment will not be made without the completed form.
- g. State General Fund dollars were awarded to AAAs and must be applied to match requirements of the American Rescue Plan (ARP) Act funding as follows:

Participating AAAs (Pierce County ALTC, ALTCEW and Snohomish County LTCA AAA only) can only receive reimbursement once in a twelve-month period.
5. **Confidentiality.** In addition to General Terms and Conditions Confidentiality language, the AAA or its Subcontractors may disclose information to each other, to DSHS, or to appropriate authorities, for purposes directly connected with the services provided to the client. This includes, but is not limited to, determining eligibility, providing services, and participation in disputes, fair hearings, or audits. By August 31, 2023, ALTSA and W4A will determine the parameters for accepting transfer cases from Home & Community Services (HCS), when assessment and care plan meet revised minimum standards as described in the LTC Manual. These parameters include delineating the baseline expectations for when the AAA will accept transfer cases that may not have a personal care worker in paid status due to the direct care worker shortage or administrative delays in hiring Individual Providers. Once an agreement on baseline expectations is reached, DSHS will begin paying AAAs the full CM/NS Unit Rate described in STC 4.b.(1) for all accepted and active cases regardless of authorization or expenditure status. *The AAAs will utilize ALTSA reports to ensure that inactive cases are closed in a timely manner.* In addition, DSHS will not make any adjustments to unit rates in SFY24 when a AAA attempts to meet the 75:1 clinical ratio but exceeds it.

SCSA funds are designed to restore individuals to, or maintain them at, the level of independent living they can attain. 4. State Family Caregiver Support Program (SFCSP)

The AAAs shall provide SFCSP services in accordance with Chapter 17a of the Long-Term Care Manual and in accordance with chapter 74.41 RCW and all applicable regulations in chapter 388-71 WAC, WAC 388-106-1200 to 1230, 388-78A-2202 -2208 and 388-97-1880. Respite care staff can be authorized to provide the supervision, companionship, personal care, and/or nursing care services usually provided by the primary caregiver of the adult care recipient. Services appropriate to the needs of individuals with dementia illnesses shall also be provided.

The AAA is responsible for staff inputting FCSP units of services, caregiver demographic data and TCARE® screens, assessments, and care plans into the GetCare reporting system.

Special Terms and Conditions

- a. Memory Care & Wellness Services (MCWS) (ADS of Seattle/King County AAAs only): MCWS is a supervised daytime program for individuals with dementia and their family caregivers. MCWS offers a blend of health, social and family caregiver supports – it is defined, and requirements are specified in the MCWS Standards of Care, (updated 2019).

AAAs that offer MCWS will work collaboratively with DSHS/ALTSA and providers in implementing strategies that ensure fidelity to MCWS requirements and promote sustainability of the program. Participating AAAs will ensure program requirements are incorporated into contracts with adult day services providers choosing to provide the MCWS.

- b. MCWS Program Requirements: Program requirements include (1) MCWS Standards of Care (2019) and (2) the integral Exercise for Mobility, previously known as EnhanceMobility, exercise intervention [and any subsequent updates of both (1) and (2)]. Participating AAAs will also work with DSHS/ALTSA to develop and implement strategies that promote fidelity to the MCWS Standards of Care to measure compliance with standards, including incorporation of the MCWS Monitoring Tool (updated 2019) into adult day services monitoring visits with MCWS providers. The AAA will also use the MCWS Readiness Tool for with any sites that are new contractors for the MCWS program to assess capacity and needed improvements prior to contracting. The MCWS Standards of Care and MCWS Monitoring Tool and materials, and MCWS Readiness Tool are available on the DSHS/ALTSA Intranet site, in the TCARE Online Resources page. <http://intra.altsa.dshs.wa.gov/tcare/memory.htm>

- c. MCWS Program Funds: Funds were targeted specifically for MCWS within the Family Caregiver Support Program to support an ongoing program for eligible family caregivers a minimum of two days per week. As this funding was intended to supplement existing FCSP allotments to MCWS, the target numbers to be served and the budget is built with the assumption that each month MCWS-specific funding will pay half and FCSP will pay half of the cost of MCWS each month.

- d. MCWS Proposed Targets and Funding: Each AAA will submit to DSHS/ALTSA proposed target numbers for the remainder of FY 2024 (caregiver/care receiver dyads) for MCWS by January 31, 2024, along with the semi-annual report detailed in the final paragraph of this MCWS section. This proposal will reflect the total number of dyads to be served with the combined MCWS-specific and FCSP funding, and take into account what has been learned over the last year about average days of utilization per month/year per caregiver, and anticipated program income/participation.

For SFY 2024, DSHS/ALTSA will allocate the same amount of MCWS funding to King as was allocated for SFY 2023: \$82,447.

- e. MCWS Tracking Expenditures and Reporting: The SFCSP BARS includes a line for billing to the MCWS line; this line is used by King only.

To ensure optimal use of this funding, progress towards target numbers and expenditures will be assessed once the 1st quarter report with a due date of October 31, 2023 is received. In addition, the semi-annual reports covering the periods (July - December 2023 due January 31, 2024 (with data as of December 31, 2023) and January – June 2024; due July 30, 2024) are required and should include the same information detailed above for the 1st quarter report.

5. Kinship Caregivers Support Program (KCSP)

The AAA shall operate a Kinship Caregivers Support Program (KCSP), as authorized by the 2004 State Legislature, to provide financial support to grandparents and relatives who are the primary caregivers to

Special Terms and Conditions

children ages 18 and under who do not have an open case through the Department of Children, Youth and Families. The KCSP funds are available one-time per year (the intervention cannot last more than three months, exception to policy for a fourth month is permitted). Funding is provided for items and services (see MB H22-067—Revised Policies for the Kinship Caregivers Support Program) to benefit of the children living with eligible relatives. The AAA is responsible for handling and approving the KCSP Exception to Policy (ETP) situations.

AAAs are responsible to ensure that when purchasing goods/services or one-time set-up fees/deposits on behalf of an eligible kinship caregiver, documentation within the client file must include: client's name, confirmation that the purchase is consistent with needs identified by caregiver, item/service is consistent with program requirements, a description of the goods and services including purchase price, and proof that the goods were purchased, goods or services received and the costs verified. Caregivers must sign an agreement acknowledging that funding may only be used for authorized items/services and their related responsibilities. Those kinship caregivers experiencing the most urgent/emergency needs have the highest priority. Program administration is limited to ten percent (10%) of the KCSP allocation. Another fifteen percent (15%) of the AAA's KCSP allocation may be spent on service delivery costs associated with activities such as outreach, screening, authorizing services, etc. The AAA is responsible for having staff utilize the CLC GetCare data reporting system to input clients, their demographics and service utilization. Annually, each October, the AAA is responsible for submitting a minimum of two case examples along with a list of unmet needs to the DSHS/ALISA Kinship Program Manager.

6. Kinship Navigator Program (KNP)

Kinship Navigator services were initially authorized by the 2005 State Legislature and as of 2023 is available in all AAAs. Kinship Navigators provide information and assistance functions, along with supportive listening to grandparents and other relatives of all ages who are raising relatives' children or planning to do so. They educate and connect grandparents and relatives (kinship caregivers over the age of 18) to community resources, such as health, financial, legal assistance, support groups, training, and urgently needed goods and services and explain how to apply for federal and state benefits. The Navigators provide follow-up with kinship caregivers as needed and develop collaborative working relationships with agencies and groups working with kinship caregivers. Navigators help educate the community, including services providers and organizations about the needs of kinship care families and available resources and services to them. Hard to reach kinship care families (geographically isolated and ethnic communities) should receive special outreach attention. Kinship navigators pro-actively mediate with state agency staff and/or service providers to make sure individual caregivers receive services they are eligible to receive. Support will be given to kinship caregivers to establish or maintain greater resiliency and long-term stability needed to keep children out of the foster care system and to better care for themselves. (Support may also be provided to kinship families involved with the formal child welfare system to help sustain child placement with relative caregivers.) Ten percent of the AAA KNP allocation is limited to general administration. Modest food costs are permitted only in conjunction with the provision of information and resource meetings, trainings, or conferences. The AAA is responsible for having staff utilize the CLC/Get Care reporting system to input their client data, and service utilization.

Tribal Kinship Navigator Program (TKN) was funded through state legislature in 2017. Eight tribes originally applied and were selected to participate. Currently, seven tribes are running TKN program. They include Yakama, Colville, Port Gamble S'Klallam, Quileute, Lummi, Samish, and Makah.

Kinship Navigator EBP Pilot (LMT, Pierce, SE ALTC)

In 2018, ALISA partnered with DCYF and UW to conduct a federally funded research project evaluating a case management model of service delivery by Kinship Navigators to kinship families. As part of the research project, ALISA partnered with three AAA's PSA 5, 6 & 9 to test a kinship navigator case management service delivery option for kinship caregivers. Washington State is approaching its sixth year

Special Terms and Conditions

of researching this case management model of the KNP funded by a grant from the Family First Prevention Services Act (FFPSA). It takes more time for the Navigators to deliver this case management model, thus requiring additional funds to provide these services.

The case management model includes an intake with a needs assessment, goal setting, referrals, and support. Follow-ups are conducted three and six months after the intake with additional goal support as needed. These case management services must be provided to clients before future reimbursement occurs. Reimbursement is only possible during an open case management cycle including non-federal dollars spent on families and time spent on support. The Title IV-E Prevention Clearinghouse prioritizes programs or services that are in active use.

The legislature has allocated funds for SFY24 for each of the three pilot AAAs (PSA 5, 6 & 9) to support the case management model while we await an evidence-based status. All three case management pilot sites have current KNP programs. The sites will also share funding in SFY24 for continuation of kinship support groups. This money should be treated as pass through. The pilot sites will be able to use this money for staffing, travel, equipment, or any other activity to support the continuation of the case management model being used. The pilot sites will provide the AAA monthly reports on open case management client participation, time spent with clients, and nonfederal dollars used for goods and services on their behalf. This information will also be submitted into the GetCare data base system and planned to be used to draw down new federal funds.

7. Senior Drug Education Program

8. Senior Farmers Market Nutrition Program (SFMNP)

9. Agency Worker Health Insurance (AWHI) for Non-Medicaid Services

For services provided by contracted home care agencies (HCAs) for Family Caregiver Support Program (FCSP) Respite and Non-core personal care/chore programs, Area Agencies on Aging (AAAs) will pay HCAs for each service hour provided under these programs for AWHI at the calculated parity equivalent amount determined by the Rate Setting Board for individual providers. AAAs will bill DSHS/ALTSA for the

AAAs are no longer required to track MOE requirements. The AAA will enter all HDM service data in CLC GetCare for reporting purposes. This funding should be considered pass through to providers.

13. Senior Nutrition Services (new state funding—ongoing)

Beginning SFY24, ongoing State General Funds were allocated to AAAs for Senior Nutrition Services as an extension of the unprecedented Hunger Relief bill passed for the SFY23 Supplemental budget. They may be used in any Senior Nutrition program area (Congregate Nutrition, Home Delivered Meals, Nutrition Education, or Senior Farmers Market Nutrition Program). Funds may be used for outreach for senior nutrition services or innovative grocery or emergency meal programs. These funds may also be used to match federal sources such as OAA or ARP.

14. Program of All-Inclusive Care for the Elderly (PACE) (Pierce County Aging & Disability Services, Aging and Long-Term Care of Eastern Washington, and Snohomish County Aging and Disability Services Area Agencies on Aging (AAAs) only)

The AAA will provide assessment services for PACE to determine either eligibility or ongoing eligibility for participants choosing PACE in accordance with Chapter 22 of the Long-Term Care Manual.

PACE staff will not be part of the TXIX clinical ratio and will track time completing assessment services for PACE separately from other work duties. The PACE is an innovative program providing frail individuals aged 55 and older comprehensive medical and social services coordinated and provided by an interdisciplinary team of professionals in a community-based center and in their homes, helping program participants delay or avoid long-term nursing home care.  - b. Restrict access through administrative, physical, and technical controls to authorized staff.
 - c. Ensure that user accounts are unique and that any given user account logon ID and password combination is known only to the one employee to whom that account is assigned. For purposes of non-repudiation, it must always be possible to determine which employee performed a given action on a system housing the Data based solely on the logon ID used to perform the action.
 - d. Ensure that only authorized users are capable of accessing the Data.
 - e. Ensure that an employee's access to the Data is removed immediately:
 - (1) Upon suspected compromise of the user credentials.
 - (2) When their employment, or the contract under which the Data is made available to them, is terminated.
 - (3) When they no longer need access to the Data to fulfill the requirements of the contract.
 - f. Have a process to periodically review and verify that only authorized users have access to systems containing DSHS Confidential Information.
 - g. When accessing the Data from within the Contractor's network (the Data stays within the Contractor's network at all times), enforce password and logon requirements for users within the Contractor's network, including:
 - (1) A minimum length of 8 characters, and containing at least three of the following character classes: uppercase letters, lowercase letters, numerals, and special characters such as an asterisk, ampersand, or exclamation point.
 - (2) That a password does not contain a user's name, logon ID, or any form of their full name.
 - (3) That a password does not consist of a single dictionary word. A password may be formed as a passphrase which consists of multiple dictionary words.
 - (4) That passwords are significantly different from the previous four passwords. Passwords that increment by simply adding a number are not considered significantly different.
 - h. When accessing Confidential Information from an external location (the Data will traverse the Internet or otherwise travel outside the Contractor's network), mitigate risk and enforce password and logon requirements for users by employing measures including:
 - (1) Ensuring mitigations applied to the system don't allow end-user modification.
 - (2) Not allowing the use of dial-up connections.
 - (3) Using industry standard protocols and solutions for remote access. Examples would include RADIUS and Citrix.

Special Terms and Conditions

- (4) Encrypting all remote access traffic from the external workstation to Trusted Network or to a component within the Trusted Network. The traffic must be encrypted at all times while traversing any network, including the Internet, which is not a Trusted Network.
 - (5) Ensuring that the remote access system prompts for re-authentication or performs automated session termination after no more than 30 minutes of inactivity.
 - (6) Ensuring use of Multi-factor Authentication to connect from the external end point to the internal end point.
 - i. Passwords or PIN codes may meet a lesser standard if used in conjunction with another authentication mechanism, such as a biometric (fingerprint, face recognition, iris scan) or token (software, hardware, smart card, etc.) in that case:
 - (1) The PIN or password must be at least 5 letters or numbers when used in conjunction with at least one other authentication factor
 - (2) Must not be comprised of all the same letter or number (11111, 22222, aaaaa, would not be acceptable)
 - (3) Must not contain a "run" of three or more consecutive numbers (12398, 98743 would not be acceptable)
 - j. If the contract specifically allows for the storage of Confidential Information on a Mobile Device, passcodes used on the device must:
 - (1) Be a minimum of six alphanumeric characters.
 - (2) Contain at least three unique character classes (upper case, lower case, letter, number).
 - (3) Not contain more than a three consecutive character run. Passcodes consisting of 12345, or abcd12 would not be acceptable.
 - k. Render the device unusable after a maximum of 10 failed logon attempts.
5. **Protection of Data.** The Contractor agrees to store Data on one or more of the following media and protect the Data as described:
- a. **Hard disk drives.** For Data stored on local workstation hard disks, access to the Data will be restricted to Authorized User(s) by requiring logon to the local workstation using a Unique User ID and Hardened Password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards.
 - b. **Network server disks.** For Data stored on hard disks mounted on network servers and made available through shared folders, access to the Data will be restricted to Authorized Users through the use of access control lists which will grant access only after the Authorized User has authenticated to the network using a Unique User ID and Hardened Password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards. Data on disks mounted to such servers must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.

For DSHS Confidential Information stored on these disks, deleting unneeded Data is sufficient as long as the disks remain in a Secure Area and otherwise meet the requirements listed in the above

Special Terms and Conditions

paragraph. Destruction of the Data, as outlined below in Section 8 Data Disposition, may be deferred until the disks are retired, replaced, or otherwise taken out of the Secure Area.

- c. **Optical discs (CDs or DVDs) in local workstation optical disc drives.** Data provided by DSHS on optical discs which will be used in local workstation optical disc drives and which will not be transported out of a Secure Area. When not in use for the contracted purpose, such discs must be Stored in a Secure Area. Workstations which access DSHS Data on optical discs must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.
- d. **Optical discs (CDs or DVDs) in drives or jukeboxes attached to servers.** Data provided by DSHS on optical discs which will be attached to network servers and which will not be transported out of a Secure Area. Access to Data on these discs will be restricted to Authorized Users through the use of access control lists which will grant access only after the Authorized User has authenticated to the network using a Unique User ID and Hardened Password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards. Data on discs attached to such servers must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.
- e. **Paper documents.** Any paper records must be protected by storing the records in a Secure Area which is only accessible to authorized personnel. When not in use, such records must be stored in a Secure Area.
- f. **Remote Access.** Access to and use of the Data over the State Governmental Network (SGN) or Secure Access Washington (SAW) will be controlled by DSHS staff who will issue authentication credentials (e.g. a Unique User ID and Hardened Password) to Authorized Users on Contractor's staff. Contractor will notify DSHS staff immediately whenever an Authorized User in possession of such credentials is terminated or otherwise leaves the employ of the Contractor, and whenever an Authorized User's duties change such that the Authorized User no longer requires access to perform work for this Contract.
- g. **Data storage on portable devices or media.**
 - (1) Except where otherwise specified herein, DSHS Data shall not be stored by the Contractor on portable devices or media unless specifically authorized within the terms and conditions of the Contract. If so authorized, the Data shall be given the following protections:
 - (a) Encrypt the Data.
 - (b) Control access to devices with a Unique User ID and Hardened Password or stronger authentication method such as a physical token or biometrics.
 - (c) Manually lock devices whenever they are left unattended and set devices to lock automatically after a period of inactivity, if this feature is available. Maximum period of inactivity is 20 minutes.
 - (d) Apply administrative and physical security controls to Portable Devices and Portable Media by:
 - i. Keeping them in a Secure Area when not in use,
 - ii. Using check-in/check-out procedures when they are shared, and
 - iii. Taking frequent inventories.

Special Terms and Conditions

- (2) When being transported outside of a Secure Area, Portable Devices and Portable Media with DSHS Confidential Information must be under the physical control of Contractor staff with authorization to access the Data, even if the Data is encrypted.
- h. Data stored for backup purposes.**
- (1) DSHS Confidential Information may be stored on Portable Media as part of a Contractor's existing, documented backup process for business continuity or disaster recovery purposes. Such storage is authorized until such time as that media would be reused during the course of normal backup operations. If backup media is retired while DSHS Confidential Information still exists upon it, such media will be destroyed at that time in accordance with the disposition requirements below in Section 8 *Data Disposition*.
- (2) Data may be stored on non-portable media (e.g. Storage Area Network drives, virtual media, etc.) as part of a Contractor's existing, documented backup process for business continuity or disaster recovery purposes. If so, such media will be protected as otherwise described in this exhibit. If this media is retired while DSHS Confidential Information still exists upon it, the data will be destroyed at that time in accordance with the disposition requirements below in Section 8 *Data Disposition*.
- i. Cloud storage.** DSHS Confidential Information requires protections equal to or greater than those specified elsewhere within this exhibit. Cloud storage of Data is problematic as neither DSHS nor the Contractor has control of the environment in which the Data is stored. For this reason:
- (1) DSHS Data will not be stored in any consumer grade Cloud solution, unless all of the following conditions are met:
- (a) Contractor has written procedures in place governing use of the Cloud storage and Contractor attests in writing that all such procedures will be uniformly followed.
 - (b) The Data will be Encrypted while within the Contractor network.
 - (c) The Data will remain Encrypted during transmission to the Cloud.
 - (d) The Data will remain Encrypted at all times while residing within the Cloud storage solution.
 - (e) The Contractor will possess a decryption key for the Data, and the decryption key will be possessed only by the Contractor and/or DSHS.
 - (f) The Data will not be downloaded to non-authorized systems, meaning systems that are not on either the DSHS or Contractor networks.
 - (g) The Data will not be decrypted until downloaded onto a computer within the control of an Authorized User and within either the DSHS or Contractor's network.
- (2) Data will not be stored on an Enterprise Cloud storage solution unless either:
- (a) The Cloud storage provider is treated as any other Sub-Contractor, and agrees in writing to all of the requirements within this exhibit, or,
 - (b) The Cloud storage solution used is FedRAMP certified.
- (3) If the Data includes protected health information covered by the Health Insurance Portability and Accountability Act (HIPAA), the Cloud provider must sign a Business Associate Agreement prior to Data being stored in their Cloud solution.

Special Terms and Conditions

- 6. System Protection.** To prevent compromise of systems which contain DSHS Data or through which that Data passes:
- a. Systems containing DSHS Data must have all security patches or hotfixes applied within 3 months of being made available.
 - b. The Contractor will have a method of ensuring that the requisite patches and hotfixes have been applied within the required timeframes.
 - c. Systems containing DSHS Data shall have an Anti-Malware application, if available, installed.
 - d. Anti-Malware software shall be kept up to date. The product, its anti-virus engine, and any malware database the system uses, will be no more than one update behind current.
- 7. Data Segregation.**
- a. DSHS Data must be segregated or otherwise distinguishable from non-DSHS data. This is to ensure that when no longer needed by the Contractor, all DSHS Data can be identified for return or destruction. It also aids in determining whether DSHS Data has or may have been compromised in the event of a security breach. As such, one or more of the following methods will be used for data segregation.
 - (1) DSHS Data will be kept on media (e.g. hard disk, optical disc, tape, etc.) which will contain no non-DSHS Data. And/or,
 - (2) DSHS Data will be stored in a logical container on electronic media, such as a partition or folder dedicated to DSHS Data. And/or,
 - (3) DSHS Data will be stored in a database which will contain no non-DSHS data. And/or,
 - (4) DSHS Data will be stored within a database and will be distinguishable from non-DSHS data by the value of a specific field or fields within database records.
 - (5) When stored as physical paper documents, DSHS Data will be physically segregated from non-DSHS data in a drawer, folder, or other container.
 - b. When it is not feasible or practical to segregate DSHS Data from non-DSHS data, then both the DSHS Data and the non-DSHS data with which it is commingled must be protected as described in this exhibit.
- 8. Data Disposition.** When the contracted work has been completed or when the Data is no longer needed, except as noted above in Section 5.b, Data shall be returned to DSHS or destroyed. Media on which Data may be stored and associated acceptable methods of destruction are as follows:

Data stored on:	Will be destroyed by:
Server or workstation hard disks, or Removable media (e.g. floppies, USB flash drives, portable hard disks) excluding optical discs	Using a "wipe" utility which will overwrite the Data at least three (3) times using either random or single character data, or Degaussing sufficiently to ensure that the Data cannot be reconstructed, or Physically destroying the disk

Special Terms and Conditions

Paper documents with sensitive or Confidential Information	Recycling through a contracted firm, provided the contract with the recycler assures that the confidentiality of Data will be protected.
Paper documents containing Confidential Information requiring special handling (e.g. protected health information)	On-site shredding, pulping, or incineration
Optical discs (e.g. CDs or DVDs)	Incineration, shredding, or completely defacing the readable surface with a coarse abrasive
Magnetic tape	Degaussing, incinerating or crosscut shredding

9. **Notification of Compromise or Potential Compromise.** The compromise or potential compromise of DSHS shared Data must be reported to the DSHS Contact designated in the Contract within one (1) business day of discovery. If no DSHS Contact is designated in the Contract, then the notification must be reported to the DSHS Privacy Officer at dshsprivacyofficer@dshs.wa.gov. Contractor must also take actions to mitigate the risk of loss and comply with any notification or other requirements imposed by law or DSHS.

10. **Data shared with Subcontractors.** If DSHS Data provided under this Contract is to be shared with a subcontractor, the Contract with the subcontractor must include all of the data security provisions within this Contract and within any amendments, attachments, or exhibits within this Contract. If the Contractor cannot protect the Data as articulated within this Contract, then the contract with the sub-Contractor must be submitted to the DSHS Contact specified for this contract for review and approval.

Exhibit B

AAA DSHS / HCA Systems Access Request

AAA Adding Users

An Area Agency on Aging (AAA) may request access to various systems for its employees or contractors (AAA Users) under its Data Share Agreements (DSA) with DSHS and HCA. This Systems Access Request (SAR) form must be signed by the AAA Authorizer and AAA User then sent to the ALTSA SUA Coordinator via secure email at: hcsaaarequest@dshs.wa.gov.

AAA Removing Users

The AAA Authorizer must also notify the DSHS ALTSA SUA Coordinator using the SAR form within five (5) business days whenever an employee (AAA User) with access rights leaves employment or has a change of duties such that the employee no longer requires access. If the removal of access is emergent, please include that information with the request.

AAA Subcontractors Adding Users

If access is being requested by an AAA subcontractor, the subcontractor must send the SAR form to the AAA via secure email, who will then send it to the ALTSA SUA Coordinator via secure email at hcsaaarequest@dshs.wa.gov. The ALTSA SUA Coordinator will accept the completed SAR form only from the AAA, not the subcontractor.

AAA Subcontractors Removing Users

The AAA subcontractor must also use the SAR form to provide notice to the AAA within five (5) business days whenever a subcontractor employee (AAA User) with access rights leaves employment or has a change of duties such that the employee no longer requires access. If the removal of access is emergent, please include that information with the request.

DSHS and HCA will grant / remove the appropriate access permissions to the AAA User.

AAA Systems Access Request Instructions

Please submit requests individually.

The AAA DSHS / HCA Systems Access Request form is for use by AAA entities from outside and within the DSHS domain (DSHS firewall). AAA entities have different procedures to request the majority of their needed system access but will use the form for those systems requiring a set up or approval by HCS, DDA, or MSD. AAA entities will also use this form when staff transfer between agencies or to terminate access when employees leave employment.

Request Type

- Check one of the options (New, Update, Remove, or Name change). **Removal must be submitted within five (5) days of exit.**
 - New user – The user has been approved for access to one of the programs listed and has no previous requests submitted.
 - Update user – User has access to one or more of the systems listed but an additional access is needed. Only mark the box next to the additional item.
 - Remove user – Mark each of the boxes for which access is to be removed.
 - Change user name – Use to update the user name due to a change. For ProviderOne this will result in the termination of the prior account and a new account created.

Requesting Organization and Mailing Address

- Enter the user's office name and address (subcontractors enter their organization name and address).

System Access Requested Sections

- Check the box next to each system requested and attach any additional documentation required for the program. If you need a copy of the VPN form, please contact ALTSA.
- ALTSA Data Mart. Access is specific to each data source. If both data sources are needed, both boxes must be selected.
- Applications in the AAA section (Barcode, DDA / HCS Reporting, CARE, QA Monitor) are created at the AAA office. A signed copy of the 17-226 form must be submitted to hcsaaarequest@dshs.wa.gov via secured email before the account(s) can be created.
 - Note: The PRISM and Client Registry boxes should be checked if the new staff member will be eligible for access. An extra step of user and ethics training will be required for all PRISM and Client Registry users and must be completed prior to system access.
 - Barcode field can be one of the following options: All Case Managers, CM Supervisor, Clerical, Clerical Supervisor, Intern, Admin Hearing Coordinator, Barcode Specialist, CM JRP or AAA IT.
 - ACD – Contracts Database can be one of the following options: 4 – Sign Contracts; 5 – Create Contracts; or 9 – Approve Contracts.
 - ProviderOne – Fill out the HCA Non-Employee Access Request form and submit it separately to the ALTSA SUA Coordinator. HCS Non-Employee forms submitted by Colville, King, Kitsap, Pierce, Snohomish, and Yakama should be submitted using secure email or MFT (managed file transfer).

AAA User Information

- Enter the user information as indicated.
- The AAA Authorizer will assign an ID number from the list provided by the ALTSA SUA Coordinator.
 - Form will be rejected if this field is left blank.
- Under AAA Office enter the AAA Authorizer's regional office.

Access Justification

- Enter reason access is needed such as Case Management and Coordination, Nursing Coordination, Oversight and Supervision, Determination of Eligibility.

Authorizing Signature

- AAA Authorizer – the authorizer will be verified by the ALTSA SUA Coordinator.
Note: AAA Authorizer signature guarantees that the staff member who is asking for access is eligible for the systems access requested.

Non-Disclosure of Confidential Information

- Ensure that the AAA staff member has read the AAA User Agreement on System Usage and Non-disclosure of Confidential Information on the second page of the AAA Systems Access Request form.
- Enter the requesting user's name and have them sign and date the agreement.

Once completed, scan both sides of the form and email to hcsaaarequest@dshs.wa.gov using secure email. Do not email forms directly to ALTSA Helpdesk or ALTSA Helpdesk staff.

- a. your premises; or
- b. "your work" for such additional insured; or
- c. acts or omissions of such additional insured in connection with the general supervision of "your work"

and only to the extent set forth as follows:

- a. The Limits of Insurance applicable to the additional insured are the lesser of those specified in the written contract or agreement or in the Declarations for this Policy and subject to all the terms, conditions and exclusions for this Policy. The Limits of Insurance applicable to the additional insured are inclusive of and not in addition to the Limits of Insurance shown in the Declarations.
- b. The insurance afforded to the additional insured only applies to the extent permitted by law.
- c. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.
- d. In no event shall the coverages or Limits of Insurance in this Coverage Form be increased by such contract.

W. ADDITIONAL INSUREDS - BY CONTRACT

1. **Section II - Who Is An Insured** is amended to include as an insured any person or organization whom you have agreed to add as an additional insured in a written contract, written agreement or permit. Such person or organization is an additional insured but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" arising out of:

- a. Your acts or omissions, or the acts or omissions of those acting on your behalf, in the performance of your ongoing operations for the additional insured that are subject of the written contract or written agreement provided that the "bodily injury" or "property damage" occurs, or the offense resulting in "personal and advertising injury" is committed, subsequent to the signing of such written contract or written agreement; or
- b. The maintenance, operation or use by you of equipment rented or leased to you by such person or organization; or
- c. The additional insureds financial control of you; or
- d. Operations performed by you or on your behalf for which the state or political subdivision has issued a permit

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and

2. If coverage provided to the additional insured is required by contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide such additional insured.

With respect to paragraph 1.a. above, a person's or organization's status as an additional insured under this endorsement ends when:

- (1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed for or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

The insurance provided by this endorsement applies only if the written contract or written agreement is signed prior to the "bodily injury" or "property damage" occurs, or prior to when any offense resulting in "personal and advertising injury" is committed.
