B. Client Assessment Details, Service Summary and Contractor's plan of care

The Medicaid funded client's CARE Assessment serves as the basis for functional eligibility and level of benefit determination. The CARE Assessment Details and Service Summary may be used as the Contractor's Home Care Plan of Care if it covers all the Department of Health Plan of Care requirements. If all the requirements are not met, an addendum or cover sheet with remaining requirements is acceptable.

The contractor must sign the CARE Service Summary that is in "Current" status when the provider is added to the plan of care. Then again if there is a change in the contractors task assignment. The Contractor will determine who the appropriate staff member(s) is to sign client service summaries. The Contractor must return signed Service Summaries signature pages to the AAA Case Manager, HCS Social Service Specialist or DDA Case Resource Managers within a reasonable time frame, using a method that protects the client's protected health information (e.g. secure email, fax, mail etc.)

The Contractor may develop its own "Home Care Agency Plan of Care" provided it meets Department of Health requirements (WAC 246-335-440) and includes at least the detail included in the CARE assessment Details (caregiver instructions), and service summary.

The client may choose and direct the caregiver to perform specific tasks within their DSHS plan of care. The client may also request assistance from the worker with an ADL/IADL task (listed in WAC 388-106-0010) not explicitly assigned to the paid caregiver. The worker can perform these tasks upon request per agency policy.

Tailored Caregiver Assessment and Referral TCARE®

Most Long-Term Care Respite clients are assessed using the Tailored Caregiver Assessment and Referral TCARE® process. The contractor will receive, TCARE® Information for Respite Care Service Providers for these clients. Contractor may use the TCARE® Respite Care form with their addendum (including, specific tasks to be performed by the home care agency worker, as well as pertinent health, medical, other significant client care information and caregiver instructions) to ensure Department of Health Home Care Plan of Care requirements are met or develop its own "Home Care Plan of Care". The Contractor is only required to address the Respite Care portion of the full TCARE® Plan. A TCARE® assessment is not required to provide Roads to Community Living (RCL) Respite services; CARE will be used for these clients.

C. Staff and Service Implementation

The Contractor shall employ a staff sufficient in size to ensure that authorized clients receive services in a timely manner. All staff shall have agency identification while working with clients.

As outlined in their CARE Assessment Details, clients may also qualify for services to be delivered:

1. For periods as short as one (1) hour;
2. In the evening;
3. During the weekend; or
4. On holidays.

The Contractor is expected to develop the knowledge and capacity necessary to address the personal care needs of such individuals and to match the needs of clients to the skills of assigned home care agency worker. The Contractor shall consider the client's input when assigning a home care agency worker. Services are to be provided appropriately to the cultural context of the client and in a manner consistent with protecting and promoting the client's dignity, health and welfare. The Contractor shall work to minimize changes in the home care agency workers assigned to a specific client to maximize continuity of care.

Worker

Before beginning work for every client, the Contractor will review the client's plan of care with every assigned home care agency worker. The Contractor will attempt to provide in-person review of the plan of care with each home care agency worker and document the reason when an in-person review was not possible. Each home care agency worker will acknowledge with a signature and date that they have reviewed the client's plan of care, except an agency supervisor can sign and date for a substitute worker. Annual updates and all other changes to the plan of care will also be reviewed with the home care agency workers as soon as possible by telephone or in-person but at least within one (1) week of the beginning of any change in services impacting health and safety of client. The home care agency worker must sign an acknowledgement of orientation to plan of care within one calendar month of Contractor receiving the plan. The plan of care may be reviewed with both the client and the assigned home care agency workers at the initial home visit and subsequent supervisory home visits.

When specified in the client's plan of care, the Contractor home care agency worker will accompany a client to medical appointments using public transportation, or insured private vehicle, provided the home care agency worker has a valid driver's license. Mileage reimbursement is built into the home care agency vendor rate. This service shall not replace nor be a substitute to the Medicaid Transportation Broker available to the client through the use of the client's Medical Identification Card. This service is in addition to the Medicaid Transportation Broker and the Medicaid Transportation Broker should be accessed first. The Contractor home care agency worker will accompany a client for essential shopping or to support the client in their immediate community when personal care is needed to access the community integration when specifically listed in the clients care plan using 1) public transportation or 2) insured private vehicle, as outlined in the client's plan of care, provided the home care agency worker has a valid driver's license. Home care agencies may choose to create policy around transportation related to community integration.

The Contractor will have policies and procedures ensuring proper handling of client funds when shopping is provided by the home care worker.

Substitute home care agency workers

The Contractor shall provide a substitute home care agency worker in the event that the regularly scheduled home care agency worker fails to arrive at the client's home. The substitute shall arrive at the client's home within twenty-four (24) hours after the original home care agency worker was scheduled, unless otherwise agreed to by the client.

If lack of immediate care would pose a serious threat to the health and welfare of the client, the substitute home care agency worker shall be available for service within four (4) hours. Client case records must reflect service attempts, client contacts regarding absence of regularly scheduled home care agency worker, and notations when substitute home care agency workers serve the client.

If the required shift start time makes it impractical to conduct an in-person review of the plan of care with the substitute home care agency worker a telephone review between the substitute worker and an agency's supervisor may be completed. The telephone review of the care plan must be documented in the client case record.

If the Contractor is not able to provide a substitute home care agency worker for a client in need of essential services, the agency will immediately notify the Case Manager/Social Worker.

Non-emergency Referrals

For non-emergency situations, services shall begin, unless the client situation prohibits, within seven days of receipt of the Provider One authorization. If services do not begin within seven days of receipt of the authorization the agency must document the reason why and ensure coordination with the authorizing case manager so the client may be given the option of selecting another provider agency, or with the approval of the Case Manager/Social Worker, establish an alternative start date. Prior to beginning services in non-emergency situations, the Contractor shall conduct an initial home visit with the client to determine in-home care service implementation based on the CARE Assessment unless otherwise arranged with client and the client's Case Manager/Social Worker.

Urgent Referrals

For situations when the care needs are critical to the client's health and/or safety, the Contractor is required to begin services within twenty-four (24) hours of acceptance of referral. Upon receipt of the CARE Assessment, the Contractor may provide services to address urgent needs prior to the home care agency's initial home visit. Within three (3) business days of receipt of authorization, unless otherwise arranged with client and Case Manager/Social Worker, the Contractor shall conduct an initial home visit with the client and client's family and/or representatives to determine in-home care service implementation based on the CARE Assessment.

D. Minor Changes in the Service Plan

The Contractor may not implement any change in the CARE Assessment Details and Service Summary unless authorized by DSHS or the AAA. However, the worker can provide an ADL or IADL listed in WAC 388-106-0010 upon the client's request. Minor changes in the service schedule can be made as agreed to between the Contractor and the client as long as the change meets the needs described in the service plan.

The Case Manager/Social Worker shall be advised when there are changes in scheduling that impact the Contractor's ability to meet a client's needs. The Contractor shall contact the client's Case Manager/Social Worker if information becomes available which indicates a need for a change in the type or amount of service authorized and when there is a change in the client's condition, needs or living situation.

E. Inability to deliver service

The Contractor shall develop a method of assuring that its home care agency workers report to the Contractor whenever the scheduled service episode is not accomplished due to the client not participating. This includes but is not limited to hospitalizations, vacations, not answering the door, turning the home care agency worker away, etc. The Contractor will inform the Case Manager/Social Worker when the client's absence may result in a change in client condition, or adversely impacts the ability of the home care agency to deliver services as outlined in the CARE Assessment_Details.

The Contractor must notify the Case Manager/Social Worker when a client consistently declines assistance with assigned tasks and/or consistently declines the number of units authorized to meet the client's needs.

F. Semi-annual supervisor in-home visits

The supervisor from the Contractor providing services to DSHS/AAA clients is required to meet with the client in their place of residence at least once every six (6) months following the initial home visit. The purpose of the visits is to assure the plan of care is reviewed, accurate and meeting the client's needs. The Contractor must contact the Case Manager/Social Worker if any changes are needed to the plan of care or if assigned task(s) and/or units are no longer being provided or needed.

G. Client case record documentation

The Contractor shall comply with WAC 246-335, the Health Insurance Portability Accountability Act (HIPAA) and the Health Information Technology for Economic and Clinical Health (HITECH) Act and other regulations regarding privacy and safeguarding of client health information. 8. Progress notes related to delivery of services to the client. Progress notes, all client records and related records authored by the Contractor are to be kept in a legally acceptable manner. For paper progress notes this includes correction to the record with a single line through the error, noting the error, the date of correction and the signature or initials of the person correcting the record. Using white out to obscure original comments and use of pencil are not considered legally acceptable documentation. If electronic progress notes are kept, there must be a tamper-resistant means of recording when the note was entered (such as automatic date-stamping) and identifying the person making the note (such as individual user ID's and hardened passwords); notes may not be deleted or edited; corrections must note date and person making the correction: and
9. Evidence of initial and six (6) month home visits.

* These items may be individual or combined documents.

H. Verification of Time Using Electronic Visit Verification (EVV)

EVV is defined as “a system under which visits conducted as part of personal care services are electronically verified with respect to the:

- Type of service performed;
- Individual receiving the service;
- Date of the service;
- Location when service begins and the location when service ends;
- Individual providing the service; and
- Time service begin and the time services end.

Home Care Agencies providing personal care authorized through ProviderOne are required to meet all EVV requirements and policies set by DSHS, including those communicated through MB. For this statement of work EVV requirements and policies are detailed in a management bulletin.

The home care agency must maintain all records related to EVV, alternative verification, or manual entry and provide these records to the appropriate department or designee staff for review when requested.

I. Task Sheets

A form (electronic or paper task sheet) verifying task performance shall be kept for every client under the Medicaid funded programs (except MTD) served by the Contractor and must clearly indicate what tasks were completed/performed during each home visit. The task performance verification form may cover a period not to exceed one month. The Contractor shall obtain client confirmation (usually initials, if paper) on the task performance verification form at the end of each home visit for the tasks completed. The client shall sign or authenticate the task performance verification form at the end of the period covered. For purposes of this section authenticate means a unique identifier verifying accuracy of information.

J. Service area & referrals

The Contractor shall serve clients throughout the service area as defined in the contract as well as to provide service to clients requiring evening, weekend and/or holiday service. The Contractor shall establish and implement written policies regarding response to referrals and access to services. The evidence of effort will include written documentation of recruitment activities throughout the defined service area.

The Contractor shall have a staffed office in the local Area Agency on Aging service area. Each local office in the service area will be staffed with supervisory/administrative staff who has demonstrated experience in the care of people with medical complexity and/or functional disability. The Contractor agrees to accept all referrals within the defined service area. If current staffing does not allow for commencement of service within the timeframes outlined in section C. Alternate or temporary service arrangements shall be made in consultation with the Case Manager/Social Worker.

K. Incidents/accidents during service delivery

1. Details of actions taken;
2. Identification of potential training needs;

The plan needs to pay particular attention to those clients who are at most risk and include:

1. Criteria used to identify those clients who are at most risk;
2. Procedures to contact high risk clients and referral to first responders as needed;

Through the duration of the disaster the Contractor shall continue to contact clients at least weekly who have declined services to offer services and identify significant changes in condition.

M. Identification cards to enter a client's home

The Contractor shall provide to its home care agency workers identification that indicates they are employees of the Contractor. The identification must include the agency name and at least the home care agency worker's first name. The home care agency worker must also have some form of picture identification to show the client. The Contractor must have a system for collecting identification materials.

The Contractor shall cooperate in any transition of a client to or from the Contractor to assure continuity of care.

P. In-home nurse delegation

The Contractor shall have a written policy regarding in-home provision of delegated nursing tasks which is an optional service that may be provided. If the Contractor chooses to provide delegated nursing tasks it will ensure that home care agency workers receive state mandated nurse delegation training before nurse delegation can be implemented. II. PERSONNEL

A. Criminal background checks

The Contractor shall require a fingerprint-based background check through the DSHS Background Check Central Unit (BCCU) for each new home care agency worker hired on or after January 8, 2012 who will have unsupervised contact with persons with developmental disabilities or vulnerable adults as defined in RCW 43.43.832(1). This background check includes a Washington State Name and Date of Birth check and an FBI fingerprint-based check.

For information on the BCCU background check system and process visit www.dshs.wa.gov/bcs

The Contractor shall use a Developmental Disabilities Administration (DDA) and or Aging and Long-Term Support Administration (ALTSA) BCCU account number. If providing services to both DDA and ALTSA clients a BCCU account number from each administration is required. MB H14-050 provides directions on when to use each account.

Contractors are only permitted to use their Developmental Disabilities Administration or Aging and Long-Term Support Administration BCCU account numbers for employees that may be performing work under this contract.

Washington State Name and Date of Birth checks are required every two years minus one day from the date listed on the BCCU Results letter check. If they lived out of state since the last background check was completed and or anytime the department or contractor requests a FBI fingerprint-based background check must be completed as required in WAC 388-71-0511

Background checks may be completed using the printed DSHS Background Authorization form (09-653). The signed and dated authorization form will be placed in the worker's file. Contractor will provide to the applicant the Fingerprint-based Background Check Notice Form 27-089. The applicant must also sign and date this form. A copy is given to the applicant and a copy is retained in the workers file.

Effective July 25th, 2014, a new WAC chapter 388-113 established a uniform standard of background check rules for ALTSA and DDA. Amendments have also been made to WAC 388-71-0500, 0510, 0513, 0540, 0546, and 0551. See MB H14-050 Consolidation of Background Check Rules across ALTSA and DDA for further details.

Background Check Review Process is listed below:

- The signed and dated fingerprints check form will be placed in the workers file with a copy given to the worker.

- If the home care agency worker is not disqualified based on the name and date of birth portion of the background check, the Contractor completes the FBI fingerprint-based check by using the OCA number and the Fingerprint Appointment form to schedule a

fingerprinting appointment with the currently contracted DSHS fingerprint vendor, the electronic fingerprinting company that is contracted with DSHS to complete electronic fingerprinting.

- DSHS will be billed for all fingerprinting completed through the currently contracted DSHS fingerprint vendor. If the Contractor decides to use a different DSHS approved fingerprinting vendor, such as law enforcement, the Contractor will be responsible for the cost.
- BCCU will receive the fingerprints, submit them to the Washington State Patrol-WSP and FBI, and send the Notification of Background Check Results to the Contractor.

3. **Consideration.** Total consideration payable to the AAA for satisfactory performance of the work under this Agreement is a maximum of \$4,086,051, including any and all expenses and shall be based on the attached Exhibit B, Budget.

4. **Billing and Payment.**

Special Terms and Conditions

- a. **Billing.** The AAA shall submit invoices using State Form A-19 Invoice Voucher, or such other form as designated by DSHS. Consideration for services rendered shall be payable upon receipt and acceptance of properly completed invoices which shall be submitted to DSHS by the AAA not more often than monthly.

Except for costs associated with Case Management and Nursing Services for MPC, COPEs, MNIW, and Chore clients, DSHS will pay to the AAA all allowable and allocable costs incurred as evidenced by proper invoice in accordance with the ADSA approved AAA Cost Allocation Plan, Budget (Exhibit B), and Section 3, Consideration, of this Agreement. The invoice shall describe and document to DSHS' satisfaction, the work performed, activities accomplished, progress of the project, and fees.

- b. **Payment.** Payment for **Medicaid Case Management and Nursing Services**, including Medicaid State plan, Waiver, Roads to Community Living (RCL), and state-funded Chore clients will be based on a monthly rate of **\$235.38** from DSHS Allocated Title XIX/Chore funding per month for each in-home agency personal care or in-home individual provider authorized case authorized by the AAA each month. In addition, a percentage of in-home cases authorized with a service, but no personal care, will be paid at the full unit rate. (The percentage will be noted on the SFY23 TXIX Case Management billing form and SFY23 TXIX Matched Case Management billing form and may be adjusted at ALTSA's discretion).

Payment for **Core Services Contract Management** for Medicaid State Plan, Waiver, Roads to Community Living (RCL)/WA Roads, and state-funded Chore clients will be based on a monthly rate of **\$16.21** from DSHS Allocated Title XIX/Chore funding per month for each in-home agency personal care or in-home individual provider case authorized to the AAA each month. In addition, a percentage of in-home cases authorized with a service, but no personal care, will be paid at the full unit rate.

The average monthly projection of such cases over the course of this Agreement is **1,001**. The AAA will be paid for the number of actual cases authorized each month according to the payment schedule above. The legislature has funded AAAs to have a caseload ratio of **75:1**. AAAs will provide a written plan by July 15, 2022 to reach that target by January 1, 2023. The AAA may present good cause reasons and supporting data why they were not able to reach their target, such as staffing turnover or other unforeseen circumstances.

DSHS and the AAA recognize that we are balancing multiple changing factors that impact both caseload and workforce coming out of the extended pandemic. If the AAA has difficulty reaching the ratio by January 1, 2023, the AAA and DSHS will mutually work to update the written staffing plan and resolve any conditions that will cause case ratios to rise about 75:1.

If the AAA is referred and serves a WA Roads case that is not otherwise counted in the caseload above, payment will be based on the same monthly rates as above from WA Roads funding. These cases will be considered in the clinical caseload ratio. This funding will not be reflected in the contract budget or maximum consideration.

If ADS or Pierce meet their quarterly targeted net growth of New Freedom cases as described in section 1.g of Exhibit A Statement of Work, they will receive a Unit Rate enhancement of 5% for all New Freedom client cases billed during that quarter. This funding will not be reflected in the contract budget or maximum consideration.

Payment shall be considered timely if made by DSHS within thirty (30) days after receipt and acceptance by DSHS of the properly completed invoices. Payment shall be sent to the address designated by the AAA on page one (1) of this Agreement. DSHS may, at its sole discretion,

Special Terms and Conditions

The AAA shall not bill DSHS for services performed under this Agreement, and DSHS shall not pay the AAA, if the AAA has charged or will charge the State of Washington or any other party under any other contract or agreement for the same services.

- c. **Local Matching Funds:** The AAA may spend qualifying local funds on TXIX in-home case management and use it to collect additional federal matching funds. The amount of Senior Citizens Services Act funding budgeted for TXIX in-home case management in the previous state fiscal year may be carried forward into this contract and inflated by the consumer price index (CPI) used in the caseload ratio adjustment factor as matching funds to draw down additional federal match. The CPI is 7.6% in SFY23. Any additional requests for SCSA or other local fund sources to be matched must be approved by ALTSA and may require additional FTE to be purchased with these funds. A new clinical ratio or case handling ratio will be negotiated with ALTSA to draw down additional matching funds per the local matching funds schedule. If additional SCSA is proposed as a local match source, the AAA will report any impacts of reallocating SCSA funding when making the request to ALTSA.
- d. **Local Matching Funds schedule:** The AAA may increase the TXIX Requested Match as an add-on for the unit rate for each authorized in-home agency personal care case, in-home individual provider, no personal care, and New Freedom case accepted by the AAA each month per the schedule below.

If Clinical Ratio is 1:	Then State/Local	Fed Match

- e. The AAA shall complete and submit the attached Local Match Certification Form (Exhibit C) with their final billing. Final payment will not be made without the completed form.
- f. State General Fund dollars were awarded to AAAs and must be applied to match requirements of the ARP Act funding as follows:

Match Requirements

- (1) 25% match is required to be applied for administration expenditures.

Special Terms and Conditions

(2) **Service Match** of 15% is required for Support Services, Congregate Meals, and Home Delivered Meals. ARP Program Income may also be used for match.

(3) **Service Match** of 25% is required for Family Caregiver Support Program/Kinship Caregiver Support Program Services.

Note: At least 33% (1/3) of the 15% match for services for TIII-B, TIII C-1, and TIII C-2 must come from state sources.

g. Payment of \$331 per client per year for annual assessment services, including significant change and interim assessment/s as needed, for in-home client participants of the Program of All-Inclusive Care for the Elderly (PACE). Participating AAAs (Pierce County ALTC, ALTCEW and Snohomish County LTCA AAA only) can only receive reimbursement once in a twelve-month period.

5. **Confidentiality.** In addition to General Terms and Conditions Confidentiality language, the AAA or its Subcontractors may disclose information to each other, to DSHS, or to appropriate authorities, for purposes directly connected with the services provided to the client. This includes, but is not limited to, determining eligibility, providing services, and participation in disputes, fair hearings or audits. The AAA and its Subcontractors shall disclose information for research, statistical, monitoring and evaluation purposes conducted by appropriate federal agencies and DSHS.

6. **Amendment Clause Exception.** The only exception to the General Term and Condition Amendment clause (clause 1.) is when an amendment must be processed to distribute federal funds to the Contractor and the funds must be obligated in a Short Timeframe. Short Timeframe means the Contractor is unable to follow their standard contract execution procedures in order to timely obligate the federal funds. By execution of this Contract, the Contractor prospectively agrees to the terms of the federal fund distribution amendment, which shall be limited to only adding funds to the Contractor's Budget. The Contractor's designated point-of-contact shall also email DSHS its acceptance of the amendment no later than the amendment start date.

7. **Duty to Disclose Business Transactions.**

a. Pursuant to 42 CFR 455.105(b), within 35 days of the date on a request by the Secretary of the U.S. Department of Health and Human Services or DSHS, Contractor must submit full and complete information related to Contractor's business transactions that include:

(1) The ownership of any subcontractor with whom the Contractor has had business transactions totaling more than \$25,000 during the 12-month period ending on the date of the request, and

(2) Any significant business transactions between the Contractor and any wholly owned supplier, or between the Contractor and any subcontractor, during the 5-year period ending on the date of the request.

b. Failure to comply with requests made under this term may result in denial of payments until the requested information is disclosed. See 42 CFR 455.105(c).

8. **State or Federal Audit Requests.** The contractor is required to respond to State or Federal audit requests for records or documentation, within the timeframe provided by the requestor. The Contractor must provide all records requested to either State or Federal agency staff or their designees.

9. **Grant Award Documents.** Exhibit D, Grant Award Documents are attached hereto or will be sent separately once received from the Administration of Community Living and incorporated herein with no contract amendment needed.

Exhibit A, Statement of Work

The AAA shall provide the following services, as specified in the AAA's current area plan, either directly or through administrative oversight or subcontractors. The AAA shall comply with all applicable state and federal statute and rules, including but not limited to the United States Code, the Code of Federal Regulations, the Revised Code of Washington, the Washington Administrative Code, Federal Program Waivers for COVID-19, and any and all DSHS/ALISA standards, guidelines, policy manuals, and management bulletins, including management bulletins that grant or remove temporary COVID-19 flexibilities.

If a proposed change or combination of changes in any DSHS/ALISA standard, guideline, policy manual and/or management bulletin after the commencement of this agreement creates a new and material impact, to the extent possible and as quickly as possible DSHS will consult with the AAA or its professional association to identify potential impacts and when possible, identify how to mitigate impacts within available funding.

Due to COVID-19 pandemic impacts, disaster relief, and recovery efforts, many of the programs and requirements in this statement of work have been granted flexibilities as a result of Federal program waivers approved by Centers for Medicare and Medicaid, in management bulletins and rapid emergency response communications between AAAs and ALISA in early 2020. ALISA and the AAAs have been operating in close partnership and frequent communication under extraordinary circumstances that require frequent adaptation to meet the needs of Washingtonians. Some requirements for the services in this contract may continue to be relaxed, suspended, or achieved by alternate methods during the COVID-19 emergency and recovery period. Communications issued via email may be used to document flexibilities and do not require a contract amendment.

As this funding was intended to supplement existing FCSP allotments to MCWS, the target numbers to be served and the budget is built with the assumption that each month MCWS-specific funding will pay half and FCSP will pay half of the cost of MCWS each month.
- d. **MCWS Proposed Targets and Funding:** Each AAA will submit to DSHS/ALTSA proposed target numbers for the remainder of FY 2023 (caregiver/care receiver dyads) for MCWS by January 31, 2023, along with the semi-annual report detailed in the final paragraph of this MCWS section. This proposal will reflect the total number of dyads to be served with the combined MCWS-specific and FCSP funding, and take into account what has been learned over the last year about average days of utilization per month/year per caregiver, and anticipated program income/participation.

For SFY23, DSHS/ALTSA will allocate the same amount of MCWS funding that King was allocated for SFY23: \$82,447.
- e. **MCWS Tracking Expenditures and Reporting:** The SFCSP BARS includes a line for billing to the MCWS line; this line is used by King only.

To ensure optimal use of this funding, progress towards target numbers and expenditures will be assessed once the 1st quarter report with a due date of October 31, 2023 is received. In addition, the semi-annual reports covering the periods (July - December XXXX due January 31, 2023 (with data as of December 31, 2022) and January – June 2023 due July 30, 2023) are required and should include the same information detailed above for the 1st quarter report.

5. Kinship Caregivers Support Program (KCSP)

The AAA shall operate a Kinship Caregivers Support Program (KCSP), as authorized by the 2004 State Legislature, to provide financial support to grandparents and relatives who are the primary caregivers to children ages 18 and under who do not have an open case through the Department of Children, Youth and Families. The KCSP funds are available one-time per year (the intervention cannot last more than three months, exception to policy for a fourth month is permitted). Funding is provided for items and

Special Terms and Conditions

services (see MB H19-023—Revised Policies for the Kinship Caregivers Support Program) to benefit of the children living with eligible relatives. The AAA is responsible for handling and approving the KCSP Exception to Policy (ETP) situations.

AAAs are responsible to ensure that when purchasing goods/services or one-time set-up fees/deposits on behalf of an eligible kinship caregiver, documentation within the client file must include: client's name, confirmation that the purchase is consistent with needs identified by caregiver, item/service is consistent with program requirements, a description of the goods and services including purchase price, and proof that the goods were purchased, goods or services received and the costs verified. Caregivers must sign an agreement acknowledging that funding may only be used for authorized items/services and their related responsibilities. Those kinship caregivers experiencing the most urgent/emergency needs have the highest priority. Program administration is limited to ten percent (10%) of the KCSP allocation. Another fifteen percent (15%) of the AAA's KCSP allocation may be spent on service delivery costs associated with activities such as outreach, screening, authorizing services, etc. The AAA is responsible for having staff utilize the CLC Get Care data reporting system to input clients, their demographics and service utilization. Annually, each October, the AAA is responsible for submitting a minimum of two case examples along with a list of unmet needs to the DSHS/ALISA Kinship Program Manager.

6. Kinship Navigator Program (KNP) (ADS/Seattle King County, Southeast, Pierce, LMT, Eastern, Northwest Regional Council, Southwest, Central, and Colville AAAs only)

Kinship Navigator services were initially authorized by the 2005 State Legislature. Kinship Navigators provide information and assistance functions, along with supportive listening to grandparents and other relatives of all ages who are raising relatives' children or planning to do so. They educate and connect grandparents and relatives (kinship caregivers over the age of 18) to community resources, such as health, financial, legal assistance, support groups, training, and urgently needed goods and services and explain how to apply for federal and state benefits. The Navigators provide follow-up with kinship caregivers as needed and develop collaborative working relationships with agencies and groups that work with kinship caregivers. Navigators help educate the community, including services providers and organizations about the needs of kinship care families and available resources and services to them. Hard to reach kinship care families (geographically isolated and ethnic communities) should receive special outreach attention. Kinship navigators pro-actively mediate with state agency staff and/or service providers to make sure individual caregivers receive services for which they are eligible. Support will be given to kinship caregivers to establish or maintain greater resiliency and long-term stability needed to keep children out of the foster care system and to better care for themselves. (Support may also be provided to kinship families involved with the formal child welfare system in help sustain child placement with relative caregivers.) Ten percent of the AAA KNP allocation is limited to general administration. Modest food costs are permitted only in conjunction with the provision of information and resource meetings, trainings or conferences. The AAA is responsible for having staff utilize the CLC/Get Care reporting system to input their client data, and service utilization.

7. Senior Drug Education Program

In accordance with RCW 74.09.660, the AAAs shall provide services to inform and train persons sixty five (65) years of age and older in the safe and appropriate use of prescription and non-prescription medications.

The AAA will be responsible for compiling and submitting data on a monthly or quarterly basis. Options for submitting program data include:

- E-mailing the ALISA Senior Drug Education Program Template to the Community Living

Special Terms and Conditions

Connections Program Manager; or

- Direct entry of data (service recording) into the CLC Get-Care reporting systems. (Senior Drug Education events can be entered into the Event Manager Tool in CLC GetCare at the discretion of the AAA.)

Funds appropriated for the Senior Drug Education Program must adhere to the amounts set forth in the Budget, Exhibit B, and in the AAA's approved Senior Drug Education Program.

8. Senior Farmers Market Nutrition Program (SFMNP)

The AAA shall operate a Senior Farmers Market Nutrition Program as authorized by the Legislature and USDA in accordance with 7 CFR 249, chapter 246-780 WAC Farmers Market Nutrition Program and DSHS/ALTSA program instructions.

9. Agency Worker Health Insurance (AWHI) for Non-Medicaid Services

For services provided by contracted home care agencies (HCAs) for FCSP Respite and Non-core personal care/chore programs, AAAs will pay HCAs for each service hour provided under these programs for AWHI at the calculated parity equivalent amount determined by final funding of the collective bargaining agreement for individual providers. AAAs will bill DSHS/ALTSA for the same per instructions received through Management Bulletin(s). This pass-through funding will not be reflected in the contract budget or impact the maximum consideration.

10. Caregiver Training Tuition for Non-Medicaid Services

For services provided by contracted home care agencies (HCAs) for FCSP Respite and non-Core personal care/chore programs, AAAs will pay HCAs for each hour provided under these programs for training tuition at the calculated parity equivalent amount determined by final funding of the collective bargaining agreement for individual providers. AAAs will bill DSHS/ALTSA for the training tuition per instructions received through Management Bulletin(s). This pass-through funding will not be reflected in the contract budget or impact the maximum consideration.

11. Volunteer Services (Northwest Regional Council AAA only)

Services shall be provided in accordance with all applicable regulations in WAC 388-106-0660 through 0675. Not more than eight percent (8%) of the Volunteer Services allocation may be spent on administration.

12. Home Delivered Meal Expansion

The AAA will continue to serve expanded HDM services to new or underserved populations or areas within their Planning Service Area for SB5736. One-time SFY23 proviso funding (Section 204(56)) has been provided through state general fund for the sole purpose of expanding the availability of home delivered meals for eligible long-term care clients including an adult meeting eligibility criteria under Section IIB (Eligibility, Target Population & Service Frequency for Home-Delivered Nutrition Services) of the DSHS/ALTSA Senior Nutrition Program Standards. AAAs will not be required to meet Maintenance of Effort (MOE) in SFY22 and SFY23. AAAs are reminded that the MOE was instituted to ensure that the Legislative intent of expanding home delivered meal programs and not supplanting other funding was met. AAAs will be expected to meet MOE in SFY 24. The AAA will enter all HDM service data in CLC GetCare for reporting purposes. This funding should be considered pass through to providers.

Special Terms and Conditions

13. Program of All-Inclusive Care for the Elderly (PACE) (Pierce County ALTC, ALTCEW and Snohomish County LTCA AAAs only)

The AAA will provide assessment services for PACE to determine either initial eligibility or ongoing eligibility for participants choosing PACE in accordance with Chapter 22 of the Long-Term Care Manual.

PACE staff will not be part of the TXIX clinical ratio and will track time completing assessment services for PACE separately from other work duties. The PACE is an innovative program providing frail individuals age 55 and older comprehensive medical and social services coordinated and provided by an interdisciplinary team of professionals in a community-based center and in their homes, helping program participants delay or avoid long-term nursing home care. Case management services for PACE are provided by the PACE provider.

14. Care Transitions

The AAA shall provide staffing to support transitions of care from acute care hospitals and community-based settings, and report data on transitions of care.

15. American Rescue Plan (ARP) Act Match Funding

The AAA will meet the match requirements of the ARP Act funding beginning with July 1, 2022 expenditures. State General Fund (State-GF) dollars have been allocated to each AAA for use as match for ARP funded expenditures incurred during SFY23 (July 1, 2022 through June 30, 2023). This State-GF is only available during SFY23. Once the allocation of State-GF is fully utilized each AAA will then be required to meet any additional match requirements using other appropriate sources.
