

KITSAP COUNTY PARKS ADVISORY BOARD MEETING

DATE: Wednesday, July 19, 2023
TIME: 6:00 PM - 8:00 PM
LOCATION: This is a hybrid meeting. It will be held in-person at the Eagle’s Nest Community Center (1195 Fairgrounds Road, Bremerton) and on Zoom.
 Zoom link will be posted on the [home page](#) of Kitsap County Parks website on the day of the meeting. The link is the bottom right-hand side under the heading: **Upcoming Parks Advisory Board Meeting.**

Pre-Meeting: Virtual meeting format, information, and instructions

- I. Welcome & Introductions
 - II. Adoption of the May 17, 2023 meeting minutes
 - III. Public Comment (3-minute limit/person)
 - IV. Special Presentations/Reports
 - a. PROS Plan *Chris Overdorf, SCJ Alliance*
 - b. Department Structure and Staffing *Alex Wisniewski*
 - V. Parks Report
 - a. Director’s Report *Alex Wisniewski*
 - VI. Sub Committee Reports
 - a. None
 - VII. District Representative Reports
 - a. Old Business
 - b. New Business
 - VIII. Adjournment
-

KITSAP COUNTY PARKS ADVISORY BOARD

May 17, 2023

DRAFT MEETING MINUTES

The meeting was called to order at 6:02 PM by the Parks Advisory Board Vice Chair, Lisa Hurt. Guidelines of the hybrid Advisory Board Meeting were read.

WELCOME AND INTRODUCTIONS

APPROVAL OF MINUTES | ACTION: *Larry Walker motioned to adopt April 19, 2023, meeting minutes. Lisa Hurt second motion. Minutes approved.*

PUBLIC COMMENT

- Jim Heytvelt provided an update on Harper Park and Harper estuary restoration process. The Brian Abbott Fish Barrier Removal Board, Kitsap County and Senator Emily Randal have approved funds for this project.
- Carol Price – propose that a portion of PGFHP be dedicated to conservation, restoration, and reforestation.

SPECIAL PRESENTATIONS-

- Capital Improvement Plan – discussed proposed changes to Capital Improvement Plan by adding projects, (including Point No Point Beach Restoration project), postponing projects, budget and funding source adjustments.
Larry Walker motioned to approve as presented. Linda Berry-Maraist second motion. Motion approved by all present Parks Advisory Board members.

DIRECTOR'S REPORT

- No presentation provided.

SUB COMMITTEE REPORTS – No reports provided.

DISTRICT REPRESENTATIVE REPORTS

OLD BUSINESS

- Propose adding boat striping at Olalla Boat Launch Park parking to designate trailer parking.

NEW BUSINESS

- No report.

ADJOURNMENT | ACTION: *Larry Walker moved to adjourn the meeting. Linda Berry-Maraist seconded the motion. The meeting was adjourned at 7:41PM.*

PARKS ADVISORY BOARD ATTENDANCE

PAB MEMBERS	STAFF	PUBLIC
Joanne Clark, Chair	Alex Wisniewski	K.C. Patton
Lisa Hurt, Vice-Chair	Aaron Nix	Joseph Lubischer
Larry Walker	Alex Hardy	Jim Heytvelt
Nancy Whitaker	Victoria Lehto	Carol Price
Grady Martin		Kim Greenwood
Linda Berry-Maraist		Beverly Parsons

Subject: RE: Public comment for parks advisory meeting
Date: Wednesday, June 21, 2023 3:57:00 PM

Marion,

I will include your email to the PAB members for July.

In response to your points...

1. **Fees.** Kitsap County Parks does not currently have a fee for events that take place in any of our parks. Our current fee schedule is primarily only focused on facilities such as buildings, ballfields, picnic shelters, etc. We need to update our park fees so we can capture these additional (and new) types of events that the Parks department wasn't receiving the last time the fee schedule was updated. We recognize the deficiency here and we're working to correct this. Thus, it is not that Parks feels it is "unnecessary to ask for fees or a commission," rather, we don't have a fee to charge until we get one approved.
2. **Keys.** Parks checked out keys to EMBA because they have been constructing the ride park for the past 2 years – this practice is common when a contractor needs daily access to a site to perform work. These keys are logged and tracked and will be returned to the department.

Thanks,

Alex Wisniewski (*he/him*) | Parks Director

Hi Marion,

Tonight's Parks Advisory Board meeting has been cancelled due to a lack of attendance by board members. Would you like your comments to be preserved for the July meeting? I'm also happy to provide you with a response if you'd like.

Please let me know.

Thanks,

Alex Wisniewski (*he/him*) | Parks Director

To the parks board, Kitsap county

To be read as public comment at 6/21 Parks advisory meeting

Regarding the June 10th and 11th Evergreen Mountain Bike event at PGFHP

I was told that the mountain bike group would not have to pay any fees to the park because their event was being held on private property. Obviously, it would not be held there if not for the county ride park. On an afternoon walk in the park on June 10th, I saw vans running on the park roads as shuttle buses. There were signs at the ride park advertising the shuttle buses and I saw them going back and forth. This was definitely in the park. I don't know why the mountain bikers needed shuttles, but there they were.

This brings to my mind 2 other points. One is that the mountain bike organization reported to have over 500 people attending their event, which is quite a large number of bikes riding in our park. Each person was charged \$75 to attend, as well as other fees for lessons, food and alcohol. I am not quite unsure why the county felt it was unnecessary to ask for fees or a commission from this group.

The other point is the keys. I think it is time for the county to change the locks. There must be so many keys to the gate out there. The mountain bike group seems to have free reign of the park. An opportunity not given to any other group as far as I am aware.

Thank you, Marion Allen.....35 years a resident in kitsap county and taxpayer

Administration Program

Department Structure and Staffing

In 2021, in advance of refilling vacant and frozen positions (over one third of Parks’ FTE’s in total and nearly the entire management team), staff evaluated the department’s operational structure with an eye on stability, efficiency, and positioning itself for future progress. While the department’s vacancy rate was challenging, it provided an opportunity to identify and implement changes prior to refilling positions. Parks proposed, and the Board of County Commissioners approved, a variety of changes to the structure of the department, Parks’ organizational chart, and some FTE positions. It took Parks until the end of 2022 to refill all vacant positions, but this has – unfortunately – been short-lived. The department now has some critical roles to refill including the Planner, Capital Projects Specialist, and Natural Resources Supervisor/Forester. Parks staff has learned a great deal since 2021 and is pursuing and proposing two new changes to the current staff structure:

Position	Proposed Change & Justification	Status
Parks Planner	Re-classify position to supervise the Capital Projects Specialist position and Capital Projects program. <i>These program areas were originally set up to function independently, but there is often overlap in larger projects and there are cross-program benefits from linking long-range department planning with Parks’ 6-year Capital Improvement Plan. Uniting the planning and capital projects programs within Parks will provide improved cohesion, communication, and productivity.</i>	Commissioners approved studying a reclassification of this position on June 21, 2023; study is in-process.
Natural Resources Supervisor/Forester	Separate Natural Resources program management duties from Forest management projects by creating a new FTE, funded out of the Forestry budget (1721). The Forestry budget has been evaluated by the County’s	Staff is seeking Commissioner approval to work with Human Resources to this

	<p>budget office and determined it has the ability to absorb funding 2 FTE's.</p> <p><i>The Natural Resources program within Parks was created in 2021 by combining the Forester and Volunteer Coordinator positions into a singular team with a focus on managing the department's vast open space and natural area acreage – the Forester position assumed supervision while still managing all restorative thinning projects. Separating these duties into two distinct positions will allow the Forester to focus on oversight of forest thinning projects and, thus, will create capacity for the Natural Resources Supervisor to provide a higher level of supervision over staff and volunteers, create new policy and procedures focused on natural resource management, develop and maintain partnerships, and to envision and develop a high functioning program unique to Kitsap County.</i></p>	<p>second position position mid-year.</p>
--	---	---

Capital Projects Program

Point No Point Park Beach Rehabilitation

The pathway for this project has been made clearer since meeting with the associated regulatory agencies, the Tribes and the County's DCD permitting team. Parks had hoped the repair work needed to bring new stability to the beach and shorelines could be fast-tracked and accomplished in 2023. However, Parks has been notified that exemptions for SEPA and shoreline work will not be granted, and thus, Parks will need to go through the formal permitting process for each agency. Unfortunately, this will take time and will not be accomplishable for the new work to be completed in 2023. Nonetheless, Park is pursuing maintenance work to the beaches that would allow for it to be rebuilt back to pre-storm elevation levels. Since this would not provide the additional beach dune height and improved stability Parks is seeking, the department is exploring retaining the super-sack sandbag wall through the 2023/24 winter season. Parks is seeking permits for both the maintenance work to be done in 2023 and full permitting for the improved features, targeted to be done in 2024.

Eagle's Nest Perimeter Deck Replacement

The construction permit has been approved by DCD. The bid period for the work has closed and staff are currently evaluating them for completeness; awarding the low bidder and getting under contract will follow.

Island Lake Pier Rehabilitation

Tikar Construction provided the only bid for the repair work to the fishing pier that was damaged by arson activity. The project will not only include reconstructing the arson activity that burned most of the pier but will also replace the wood decking with new light-penetrating grid panels that are meet today's regulations from WDFW. The contract for the work is on the July 24, 2023 Commissioner meeting for approval. The fish window for this project is August 1-September 30, 2023.

Alex Wisniewski, Director

Building Demolitions

Past park acquisitions have included structures in various state of repair/disrepair. Currently, there are five structures that have been identified for demolition throughout the Kitsap County Parks system. Three of the five structures contained asbestos, which the removal of this regulated material was contracted recently and is now complete. A request for proposals for demolition of the structures is in-process but has not yet been publicized. In advance of this, staff is seeking community interest to remove the cabin building from the fairgrounds (at no cost to the County) and, additionally, is exploring the viability of repurposing the building at Nick's Lagoon. While the department is entertaining these options, both may prove challenging as the fairgrounds cabin is structurally unsound and the Nick's Lagoon parcels contain heavy development restrictions in their deed of right documentation. Nonetheless, Parks is doing its due diligence prior to moving forward with demolition.

Port Gamble Forest Heritage Park – Ride Park and Parking Lots

Stottlemeyer Parking Lot and Trailhead (south end of park)

- The SDAP permit for the Stottlemeyer parking lot and trailhead was approved by DCD. Parks is currently working to prepare the bid documents for the formal bid process to construct the parking lot. Public Works has graciously offered construction management assistance for this project, it is projected to be completed in 2023.

Ride Park Parking Lot and Trailhead (north end of park)

- Parks and Public Works are working together to ensure the designs for the parking lot, entrance road, and Sound To Olympics trail are all in alignment with each other. Parks and Public Works staff recently met to resurrect finalizing this engineering and design work; it had been delayed to unforeseen staff departures in both departments.

Marketing and Events Program

RecDesk

Parks Staff are actively processing event reservations for community buildings, picnic shelters, athletic fields, park events, and fairground events. Data on the number of reservations at each of the Parks Facilities is attached, *please see Attachment A*.

- Outward-facing events calendar: [Kitsap County Parks Event Calendar \(kitsapgov.com\)](http://kitsapgov.com/parks/event-calendar)

BoCC-Sponsored Events

Resolution 065-2021, regarding the sponsorship of Martin Luther King Jr Day, Veterans Day, United Way Day of Caring, FARM Days, Toys for Tots, and Greater Kitsap Chamber of Commerce Military Appreciation Day at the Kitsap County Fairgrounds and Events Center is set to expire at the end of 2023. Parks Staff are evaluating ways this current practice may be updated; Staff anticipates bringing these to the BoCC in the Fall of 2023 for consideration.

Event	Status
<i>Martin Luther King Jr. Day</i>	Completed. The event was held on January 16, 2023
<i>Military Appreciation Day</i>	Completed. Event was held on March 11, 2023
<i>FARM Days</i>	Completed. Event was held on May 22-23, 2023
<i>United Way Day of Caring</i>	This event has indicated they will not use the Fairgrounds facilities in 2023 as they have in past years.
<i>Veterans Day Ceremony</i>	Confirmed for November 11, 2023
<i>Toys for Tots</i>	Confirmed for December 4-19, 2023

Maintenance & Operations Program

Fairgrounds and Events Center

Staff have been working to complete tasks lists to prepare the grounds and facilities for the upcoming 100-year anniversary of the Kitsap County Fair. Work has included striping parking lots, removal of hazard trees, reseeding of lawns, formalizing a gravel driveway to a storage building, fencing repairs, hedge trimming shrubs and pruning trees, plumbing repairs to barns, and general cleanup. Additionally, Kitsap Fair and Stampede Association acquired donated work to freshen up the barns with new paint. There is more to come during the next month, but great progress is underway.

Indianola Tennis Court

Vegetation between the tennis court and neighboring properties has been removed and wind screening has been installed for privacy of adjacent properties. Soliciting bids for resurfacing the court for both tennis and pickleball is in-process.

Coulter Creek

On the evening of July 4th, a three-alarm fire occurred near the Bonneville powerlines off of Sunnyslope Road. Approximately 5-6 acres were burned with fire crews returning to the scene the following morning to extinguish remaining hot spots.

Other County Properties

Earlier this month Parks M&O mowed and line trimmed the former site of the Silverdale Community Center as well as the new Mile Hill facility near Port Orchard in preparation for the Day of Caring event.

Natural Resources Program

Forest Stewardship Program

Port Gamble Forest Heritage Park

- Restorative thinning on the second, 190-acre and is projected to be completed in early August. Trails are closed as required and generally open where and when possible over the weekends to accommodate scheduled events and increased use. This unit is part of the 756 acres of timber rights the County acquired in 2022. A third Forest Practices permit for a 25-acre unit was submitted and is under review. Two additional forest applications have been submitted for different areas within the park; once approved, the permits are good for up to 3 years.

Planning Program

Parks, Recreation, and Open Space (PROS) Plan

On July 7, 2023, the first survey for the PROS plan went public; its purpose is focused on gathering data from community members focused primarily on gathering demographic data of park users, finding out which parks they visit, and what types of activities they enjoy doing. This survey will remain open through early August with weekly notices pushed out to the public. Additionally, focus group interviews are getting scheduled with stakeholders and other partner organizations. And a second survey is scheduled to go out later this summer that will be more future-focused and will target data collection pertaining to what the community would like to see from Kitsap County Parks. A schedule of key dates for work products and opportunities to provide Public comment is forthcoming and will be posted on the County's website by clicking on the link here: [Kitsap County Parks - 2018 PROS Plan \(kitsapgov.com\)](https://www.kitsapgov.com/PROS-Plan).
